A FATAL FALL

On Thursday last William Fox of
Maitland met his death in a peculiar
manner at the House of Industry. He
was 92 years of age and in company
with his wife, aged 88 years, had been
admitted to the institution the day
before. The window was partly open
and through this the old man crawled
and fell to the ground, a distance of 17
feet. He died a few minutes later.
Dr. Harte, coroner, was called but
deemed an inquest unnecessary.
Fox was one of the survivors of the
Battle of the Windmill, 1837. The
remains were taken to Maitland for
burial.

CHURCH UNION MOVE

Kingston, Nov. 8.—A movement
that may result in the Church of
England taking up the question of
Church union is under way in Canada.
Thirty prominent members of the
Anglican Communion have attached
their signature to an "appeal on behalf
of Christian unity" and have for-
warded it to every Anglican clergy-
man in Canada, with the request that
if they approve the principles and the
practical propositions set forth they
sign and return it to Rev. A. P.
Shafford of Montreal, Acting Secre-
tary of the movement.

Among those who have signed the
appeal are Rev. T. W. Savary, vicar of
St. James' and Rev. O. G. Dobbs,
rector of St. Paul's Brockville.

A SERIOUS OFFENCE

The Smith's Fall News of Nov. 15
says:
Yesterday Chief Phillips arrested a
young man named Harold Baxter up-
on a warrant issued by Police Magis-
trate Sparham, charging him with an
offence under the criminal code. It
appears that one Sunday night a little
over three weeks ago, he was out
walking with a young girl aged fifteen
whose parents came here from Phil-
lipsville. Baxter was charged with
committing a criminal assault upon
the girl. Since the alleged offence
the girl has been under the care of a
local physician, and when the prisoner
was arraigned in the police court a
remand was granted until this after-
noon on the doctor's statement that
the girl was unable to appear.

DISTRIBUTION OF SEED

By instructions of the Hon. Minister
of Agriculture a distribution of super-
ior sorts of grain and potatoes will be
made during the coming winter and
spring to Canadian farmers. The
samples for general distribution will
consist of spring wheat (5 lbs), white
oats (4 lbs), barley (5 lbs), and field
peas (5 lbs). These will be sent from
Ottawa. A distribution of potatoes
(in 3 lb. samples) will be carried on
from several of the experimental farms
the Central Farm at Ottawa supplying
only the provinces of Ontario and
Quebec. All samples will be mailed
free by mail.

Applicants must give particulars in
regard to the soil on their farms, and
some account of their experience with
crops of grain (or potatoes) as
they have grown, so that a promising
sort for their conditions may be select-
ed.

Each application must be separate
and must be signed by the applicant.
Only one sample of grain and one of
potatoes can be sent to each farm.
Applications on any kind of printed
form cannot be accepted. If two or
more samples are asked for in the same
letter only one will be sent.

As the supply of seed is limited, farm-
ers are advised to apply early; but
the applications will not necessarily be
filled out in the exact order in which
they are received. Preference will al-
ways be given to the most thoughtful
requests. Applications received after
the end of January will probably be too
late.

All applications should be addressed
to the Dominion Cerealist, Central
Experimental Farm, Ottawa. Such
applications require no postage.

Pooling Milk

G. G. Publow, Chief Dairy Instruc-
tor, E. Ontario:—Just so long as fac-
tory men have not the backbone to
stand up and give the people their
rights we will have the pooling sys-
tem of paying for milk at cheese fac-
tories. As long as the patrons who
are sending good milk have not the
backbone to demand their rights we
will have the pooling system. I ven-
ture to say that if the people knew 15
or 20 years ago what they know now
regarding paying for milk at cheese
factories, there would be very few
factories remaining that pay by the
pooling system. Other countries that
are competing with us are not pooling
their milk. Why do we?

Ireland and the Irish

The lecture on "Ireland and the
Irish" by Rev. W. F. Fitzgerald in the
in the town hall on Tuesday evening
was well attended and, judging by the
frequent applause, was thoroughly en-
joyed. The lecturer first described
Ireland and the characteristics of the
people of the different provinces, and
then introduced his hearers to Irish-
men who have achieved distinction as
authors, statesmen, scholars and mil-
itary leaders. He spoke of the train-
ing in the home and at school given to
Irish boys and his remarks along this
line and upon what constitutes a gen-
tleman (irrespective of birth) were well
received.

The humorous stories told and sit-
uations described, sometimes to illus-
trate, sometimes intending simply to
amuse, were presented as only on Irish-
man could give them, and were follow-
ed by bursts of laughter.

His patriotic peroration, dealing
with the debt we owe to the pioneer
settlers and Canada's relation to the
Empire, was one of the finest flights of
oratory ever heard in Athens and it
was most warmly applauded.

In a brief speech, Mr Wm. John-
ston, M.A., praised the lecture and
moved a vote of thanks, which was
seconded by J. H. Sexton, M. A.

The chairman, Rev. W. G. Swayne,
presented the vote of thanks to the
lecturer, who made a suitable reply.

RURAL TELEPHONES

The rural telephone systems of the
United Counties is to receive a further
extension in the near future by the
connecting of Westport with New-
boro. This will connect Westport
with the federated lines extending
throughout Grenville, Leeds and
Frontenac.

In this matter of telephone con-
nection, are not the business men of our
county town just a little lost or blind
to their own best interests? The
country people generally would like
the privilege of Brockville connection
on the same basis as the most favored
company, at this is denied. The
franchise enjoyed by the company
operating in our county town is val-
uable, is terminable on short notice, and
the town council could, if it wished to
do so, easily extend the town's
sphere of influence and promote its
business interests by securing con-
nection with the companies of Brockville
district. The Board of Trade might
profitably devote a little time to con-
sidering the matter.
