LETTER BOX

Are the temperance leaders lost to
all sense of dignity? I would seem
so from the exhibition of poverty
that they are making in begging a
pittance from church congregations.
Had these zealots who were so an-
xious to have "local option" submit
and spared a little of the anxiety in
providing funds for the payments of
submitting that by-law it would have
displayed more wisdom. Many friends
of temperance deplore this manner
of begging, and had they been pri-
vately approached would have reached
deep down in their pockets to stand
by their obligations.

BEN. BUMPS.

J. Y. Egan, Specialist, Coming

The above gentleman is a type of
a class of men who obtain success by
careful and well directed effort, not
attempting too much nor creating
false ideas as to ability. The only
reliable physician in these days of
complicated affliction and high-pres-
sure living is the "Specialist"—the
man who understands his own branch
of the business. Such, in his line,
is J. Y. Egan, rupture specialist, of
Toronto, who has been visiting our
section of country periodically for
over a quarter of a century, and
will again make his regular visit to
Chatham, Hotel Garner, Saturday and
Sunday, all day and evening, two days
only, December 10th and 11th. The
country is full of ruptured persons
who have been "doctoring" year after
year without successful results.
Reader, if you are one, do not fail to
take advantage of consulting this
noted specialist free when the op-
portunity presents itself. See ad-
vertisement in this issue, and read
one of his circulars.

THE MARKET BY-LAW

"I was heartily in favor of the new
market building," said ex-Ald. Wm.
Potter this morning, "but after read-
ing the Council proceedings and not-
ing the complications and dissatisfac-
tion that has arisen, I see the danger
of supporting the by-law and cannot
do so. Why, under the existing cir-
cumstances that building is liable to
cost us \$40,000."

"Now, what I would suggest is
this. Why not combine a new city
hall with the market building and
avoid all further complications with
the County? When we are paying
\$35,000 or \$40,000 in uncertainty, why
not make it \$60,000 and do the whole
thing for all time to come."

"Matters are now in such a state
that the by-law will not carry and
I think an effort should be made
to inaugurate a proper and per-
manent enterprise at once."

CALIFORNIA.

The Chicago & North Western Ry.
has issued a new publication entitled
"California." It contains a beauti-
ful colored map of the state, a list
of hotels at California tourist resorts
with their capacity and rates; and a
most interesting series of pictures
showing California's resources and at-
tractions. The prospective visitor
and settler should be in possession
of a copy of this profusely illustrat-
ed folder. Sent to any address on
receipt of two cents in stamps. Low
rates from all points. B. H. Bennett,

SATCHEL OF THE SATELLITE

Buy early and avoid the rush.

This weather is fine and dandy.

Keep your ear to the ground. You
will learn something.

Perhaps they'll put that Agricul-
tural College on my farm.

Wanted—To come out in the open,
a few good looking majority can-
didates.

I can see that Agricultural College
rearing its tall towers in the vicinity
of Chatham.

After the elections the Ross ma-
chine will realize that it's only a
busted donkey engine.

Christmas market on Friday. You
can buy your turkey on Friday and
prepare it on Saturday.

Ed. Massey says he is going to buy
an automobile, and Sunday he was
seen taking up the collection at the
Park street Methodist Church. Will
you give us a ride, Ed?

Kent wasn't the only place where
the Hon. G. W. Ross "insisted" on a
candidate. The Prescott Liberals,
however, wouldn't stand for Mr.
Ross's "insistence."

Harrah for the coming Minister of
Agriculture. You're not hearing
much from him just now, but you'll
hear more on election night from his
friends when the ballots are counted.

Now if everybody's going to mon-
key about that majority office like
flies around a molasses barrel till
one gets caught, I'll get cross and
take the office myself.

There are 64 polling sub-divisions
in Kent County. Irish Jack wanted
to bet me \$5 on each division that
Archie McGoug would get a majority
at each division. And that's just the
way Jack talked about Stephens in
the last campaign.

Have you ever heard the story of
who ought to be lifted with the
top of a boot?

With his 32-year war horse limping
along,
And everywhere he passes he sings
this song—

"Any votes
Any votes to be bought or sold to-
day,
The Ross Machine is along this way
He's the same old crutcher that
promised 'F-I-D-G-I-T'—
He'll steel anything that's left out
at night.
He stole West Elgin and he stole
the Soo,
We must watch West Kent, or he'll
steal it too—"

THE MAJOR IS KEEPING UP.
Hugh Clark, who promised to go as
far as Premier Ross in temperance
legislation, is not yet out of breath.
