Aylmer, Aug. 10.—A Frenchman named Joe Menier, who formerly worked in the Laidlaw-Watson shoe factory here, yesterday afternoon shot the wife of Napoleon Guay, another employe of the shoe factory, then turned the revolver on himself and fired, the shot penetrating the left ear and lodging in the head or aeck. The woman was fired at five times, one bullet taking effect in the left hand, another in rear of the right ear. Three shots missed.

Mrs. Guay will recover, Dr. Kingston, her physician, thinks, but Menier, who is attended by Dr. Sinclair, is in had shape, and his recovery is doubtful. Aylmer, Aug. 10 .- A Frenchman

Mrs. Guay returned to Rochester to get her belongings, and came back last Friday night. Menier allowed her to come, but said he would give her only a month to return to him, and if she did not he would come here and shoot her head off. He came on the noon train yesterday; made his way by back streets to the house, found the woman scrubbing the front porch, and asked her to kiss him. She refused and he began shooting.

Argyle Captain Disobeying Marine Rules When Boat Grounded.

Kingston, Aug. 10.—The Government evestigation into the casualty to the steamer Argyle near Whitby on the morning of July 29 took place yester-day morning before Commander Spain, R. N., Wreck Commissioner of Canada, and Capt. Thomas Donnelly, Kingston,

and Capt. Thomas Donnelly, Kingston, Assessor. The evidence of Capt. Manson showed that the Argyle was steered by the wheel-house compass, which differed from the correct one forward.

The vessel was running at full speed all the time notwithstanding the fog. Commander Spain asked the captain if he did not know it was against the rules to run full speed in a fog.

Capt. Manson replied that he did, but the rule was seldom carried out.

John Hazlett, manager of the company, said that the boat ran at full speed in all kinds of weather in order to reach her ports. It was considered better to do this.

M. R. Davis, hull inspector at Kingston, testified as to examining the Argyle which he knew thoroughly, and which he found in first-class condition.

To Change Fiscal Year.

Te Change Fiscal Vear.

Ottawa, Aug. 10.—(Globe Special.)—
It is understood that the Dominion Government has decided to change the fiscal year to end with March instead of June, as at present. This will not only be more satisfactory as regards trade and financial returns, but will permit Parliament to meet at an earlier date. The intention after the next session is to summon Parliament in November and the Department reports will be ready by that time. If the fiscal year ended with June this would not be the case.

Statue Comes in Duty Free. Ottawa, Aug. 10.—The Dominion Government passed an order in Council by which the Mowat statue will be admitted into this Province free of duty. A WARNING TO MOTHERS

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to corpect any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as ranoid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlin's Colic, Oholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists, A WARNING TO MOTHERS.
