60,000 seeds.

—Black tea and green tea are the
product of the same plant.

—More suicides occur on Tuesdays
and Thursdays than on any other days

Hair are the flowers and the children,
but their subtle suggestion is fairer;
Rare is the roseburst of dawn, but the
secret that clasps it is rarer;
Sweet the exultance of song, but the
strain that precedes it is sweeter;
And never was poem yet writ, but the
meaning out-mastered the meter.

Never a daisy that grows, but a mystery guideth the growing;
Never a river that flows, but a majesty sceptres the flowing;
Never a Shakespeare that soared, but a stronger than he did en fold him;
Never a prophet foretells, but a mightier seer hath foretold him.

I coiled a glass pipe six inches in its coiled a glass pipe six inches in of stored-up electricity in a cat. The

seer hath foretold him.

Back of the canvas that throbs, the painter is hinted and hidden; Into the statue that breathes, the soul of the sculptor is bidden; Inter the joy that is felt, lie the infinite issues of feeling; Crowning the glory revealed, is the glory that crowns the revealing.

The top and aides of this pipe are of postere and success of postere and sides of the soul of the sculptor is bidden; It gave me something like a mile of common fowl, will each of them teep an pipe. The top and sides of this pipe are of postere and so the summer, at least, crowd-ing not only lowers the vitality of disease.

—Guinea hens, it is said, in addition to laying more and better eggs than common fowl, will each of them the summer, at least, crowd-ing not only lowers the vitality of disease.

—Guinea hens, it is said, in addition to laying more and better eggs than common fowl, will each of them the summer, at least, crowd-ing not only lowers the vitality of disease.

They cannot tell from whence it comes But nameless things most cruel are, And friendships time could never break They blight or mar.

O friends; once lo ving, trusted long, There is one Judge, one Judge alor To whom all hearts are open, all Desires are known.

Ye know what He to teach will say-Forgive, forget, begin anew. And learn of Me to love as I Have loved you.—Congregation

Great Men's Superstitions

Capital and Labor. If one will take the trouble to go Methodist Review, New York, says: through the names of most of the bravest "To determine the precise equities speed of twelve knots. She will have people in history, he will find that they between capital and, labor is a problem ce much preferable. Keep the horses her saloons amidships, electric lights nearly all suffered from some superstition or other. Napoleon Bonaparte tion is perhaps not yet ripe. But while made of half wheat bran mixed with ardling apples and dairy produce.

Was simply eaten by superstitions, and we may not be able to formulate the water; let the horse go out in the deavy man have always been not provided in the case with exactness grass, if possible, if not, and the shores are man have always been not provided in the case with exactness grass. The pig-tailed laundryman, says an exchange, knows a little ironing trick worth trying. Instead of heating his Johnson, who would go back half a trusts, syndicates, and corporations of feet made of felt, dip in water and ing hot then he plunges it into cold water for an instant, which cools the surface sufficiently to allow him to make several effective passes, the heat means the found that he had omitted to touch any one of the lamp posts on his daily walk, to Dean Swift who would never change a garment if he found that he had only well with a grows out, making the hoof, when kept talist and manage r were one and the moist and soft, grow in a healthy constinuous constitution of the most perplexing factors of the problem. It used to be that the capis grows out, making the hoof, when kept talist and manage r were one and the time gradually returning to the surface. he found that he had put it on inside same, but in all these great comp If necessary he repeats this two or three out, and Lord Byron, who would get up the manager is employed by the stocks times till the iron is of the right temperature to ply its vocation uninterrupted by. This saves the frequent changing of the name of the salt. Statesmen have the management, therefore, is a fixed sum which leaves the balance to be divided other. Lord Beaconsfield would always take especial care to enter the House with his right foot foremost when he was going to make a big speech. Mr. Parnell had a strong prejudice against all these amounts the balance should be turned to pasture through the summer months. It promotes health and thrift to give them the free air to breath in, the clean earth to live on and burrow in, and fresh grasses to pasture through the summer months. It promotes health and thrift to give them the free air to breath in, the clean earth to live on and burrow in, and fresh grasses to pasture through the summer months. It promotes health and thrift to give them the free air to breath in, the clean earth to live on and burrow in, and fresh grasses to pasture through the summer months. sitting in a room with three candles. divided amoung the laborers. It is on. Don't be afraid of the rooting. It William Pitt would retire home at once however important his business, if he met a cross-eyed man in the street, while Sir. Robert Pael would always. while Sir Robert Peel would always value of each man's labor in producing are all at pasture we lose the large pile make a sign against the evil eye the output." with his fingers and thumb under similar circumstances.

The Sound of a Sunbeam.

given by different parts of the spetrum, and there will be silence in other parts.

For instance, if the vessel contains red worsted, and the green light flashes upon it, loud sounds will be given. Only feeble sounds will be heard if the red and blue parts of the rainbow fall upon the vessel, and the other colors make no sound at all. Green silk gives sound beat in a red light. Every kind of maberial gives more or less sound in different colors, and utters no sound in others.—Witchman.

No other remedy for Pulmonary Troiles combines soomany good qualities, nor provess of generally efficacious the vessel, and provides combines soomany good qualities, nor provess of generally efficacious the vessel, and the other colors make no sound in different parts of the special contains red worst on the vessel, and the other colors make no sound at all. Green silk gives sound beat in a red light. Every kind of maberial gives more or less sound in different parts of the rainbow fall upon the healthy glow, bright of the remedy for make no sound in the vessel, and the other colors make no sound in different parts of the rainbow fall upon the healthy glow, bright of the remaining that the healthy glow, bright of the red and blue parts of the rainbow fall upon the healthy glow, bright of the red and blue parts of the rainbow fall upon the healthy glow, bright of the red and blue parts of the rainbow fall upon the healthy glow, bright of the red and blue parts of the rainbow fall upon the healthy glow, bright of the red and the restore and the red and the case is yet to be heard from in which Putnam's Painless Corn Extractor has failed to be heard from in which Putnam's Painless Corn Extractor has failed to be heard from in which Putnam's Painless Corn Extractor has failed to be heard from in which Putnam's Painless corn to be heard from in which Putnam's Painless corn Extractor has failed to be heard from in which Putnam's Painless Corn Extractor has failed to be heard from in which Putnam's Painless Corn Extractor has failed to
