So far no one has proposed making Fred Paige, of International League fame, Honorary President of the Tri-cit; League. Tom Flanagan will likely have Tom Longboat made patron.

On his showing here last Saturday night Ackerman will likely be favorite when he and Conkle clash again-next Monday night. Billy Carroll has suggested that the pair choose another referee for the next bout.

The day of successful high ball pitch-ing is a thing of the past. There was a time when it was the accepted theory that one of the requisites of the success-ful twirler was to keep the ball high and around the batter's neck. For a long time it proved successful, but when the batters became accustomed to this style of pitching and learned to keep away from it the slabber found himself up against it every time he resorted to high fast ones. With the advent of the "spit ball" it became apparent that the low ball was harder to hit, and naturally the present-day twirlers adapted themselres to this delivery.
