Mr. Stewart said that be noved that 25% of their holdings be taken from the big lumber men and reserved for small operators.

What right has he to favor small operators.

What right has he to McKeown, Judge Wells and to put out its member from this county and put in his place a Carin Potato Matters and take in a new Minister of Lands and Mines.

Mr. Burchill then read passages from the fyles of The World re Government extravagement of the same old say. ance. This was the same old gov-ernment that whitewashed Flem ming, patched up by two new ministers. The bonded debt in 1911 was \$6,000,000, in 1915 it was \$8,700.

Mr. Swim made a vigorous speech along lines similar to those of J. L. Stewart, and Messrs. Doyle and Gallant. He and Mr. Stewart had not been in favor of the lumber deal in the Legislature. But no Liberal papers were against it. One of the owners of the Telegraph was a big lumberman, and it was silent. So with the Fredericton Mail. Eighteen or 20 of the Old Government gang are running on the Opposition ticket in this election. The school-books did not please Mr. Allain. Leader Foster did not want to go back of 1908. No wonder. Hon. J. P. Burchill

Hon. Mr. Burchill said that to get all the material for a good Opposition speech one had only to read the last two years fyles of the Chatchosen being discussified he was asked to go on in his place. While he had many political opponents he aid not believe he had one personal enemy in the county. Last time he had been elected while absent. This election was not conducted on Liberal versus Conservative lines but right versus wrong. As in British Coumbia and Manitoba recently, the Opposition appeaded to all right-minded people to everthrow graft.

Mr. Stewart-That is not true; and even if it were the government would still compare paverably with the government you supported in Mr. Murray wondered why Mr.

The bunch was pretty well mated.

On motion of Hon. Mr. Burchill. the Chairman was thanked for his impartial services. God Save the King.
