## Seventeen So Far Murdered By Sinn Feiners in Ireland

### Allies Are Soon To Demand the Hun Emperor

William is Not Enjoying Good Health and Sees Visions of What Might Have Been

THE HAGUE, Jan. 5.—There is now a feeling in the atmosphere in the diplomatic world here that the long awaited demand for the extradition of William, Hohenzollern, by the allied and associated Governments is not only pending, but is very imminent and will probably be made as soon as peace is ratified. Speculation runs rife here, not about the Dutch Government's attitude, as that is quite definite, but as to the result of this demand, as to whether America's attitude will be, and whether the allies would not be glad to have an excuse to refuse a refusal based on Holland's traditions and according to her laws and treaties.

What will be the attitude of the Kaiser, who changes his mind so frequently, and who can, after all, only be considered as a biological case? What he decides to do today is not necessarily what he will do at the crucial moment.

I learn that the possibility of the Kaiser voluntarily giving himself up has been considered, and, in fact, is still being considered. In this way the ex-Kaiser would become a hero and martyr in the eyes of the German people, and those allies who are opposed and do not want the trial will be put in the awkward position of having a large white elephant on their hands.

From one who has talked with the Kaiser since the last few days, I learn that William Hohenzollern has greatly changed in the last few weeks. He has been so shaky that his wine is only poured out in half glasses, and he sees visions much more frequently. In the middle of a conversation he will suddenly stop talking and see visions of himself with his arms at the front or himself again as Emperor in Berlin or Potsdam.

**Reported That Sanford Co'y Opens Factory**

The Journal understands that the Sanford Manufacturing Co. of Hamilton will shortly establish a branch of their clothing factory in this city at the property of Mr. Jas. Prior, near the corner of Queenston and Geneva streets. The site has been secured through Mr. C. E. Kendall, manager of Oak Hall Clothing here.

**TO THE GRAVE**

All that was mortal of the late Ellen McConochie was laid tenderly to rest in Lakeview cemetery, Thorold, on Saturday afternoon, the funeral taking place from the family residence, town line Merrittton. Rev. Arthur Cooper, pastor of the Methodist church was the officiating clergyman and spoke in a very comforting manner to those who are left. Bearers were William Boyle, Henry Phillips, Robert Dundas, Jeremiah Upper, William Wilson, Robert Wilson. The floral tributes were many and beautiful.

**FRIENDLY ENEMIES.**

The most important theatrical event of the season will be the forthcoming production of "Friendly Enemies," the famous comedy which A. H. Woods will present at the Grand Opera for an engagement of one night from its phenomenal success in New York where it played for an entire year. This celebrated play of today which has been seen by millions of people and which has been aptly called "the nation's play" is too familiar to need more than a passing mention. It will be presented by a notable company.

**MAY HE BE RIGHT!**

One of our local weather forecasters predicts a change to mildness in the weather after today as the moon becomes full this afternoon.

### Young Woman Acquitted of Stealing Pay

Pay Envelope Disappeared on Local Line Car While Girls Were Returning Home.

Mrs. May Schram, a young girl who is employed in a Thorold mill, was acquitted by Magistrate Campbell in Police Court today on a charge of stealing a pay envelope belonging to another girl employed with her named Ethel Dale.

The case first appeared in Police Court last week and the Magistrate granted an adjournment to allow the defendant to bring another witness. This was a young man named White, a friend of Mrs. Schram, who stated this morning that he had offered to pay Mrs. Dale, mother of Ethel, the \$10 her envelope contained, rather than have the notoriety of the case going to court, but that Mrs. Schram had objected on the ground that it would be an admission of her guilt.

A conductor on the local line car on which the Dale and Schram girls came home the night the money was missed, and another man who was a passenger, said they had heard the Schram girl say something like "they have left their pay," but they were not sure of the actual words.

The conductor admitted being busy counting up his fares and the other man was some distance away but he was sure the word "pay" was used. The Magistrate said he was bothered by the evidence of this last man but on the other evidence produced he would have no hesitation in dismissing the case against the Schram girl. However, her conduct all through had been consistent with her own story, that she was innocent, on the witness stand, particularly when she had stopped her friend, Mr. White, from paying the \$10.

"I would not care to register a conviction," said His Worship, "but if Mrs. Dale still thinks Mrs. Schram has her daughter's \$10 she has recourse to the Division Court." The Dale girl had her pay envelope loosely in her coat pocket and when she got home the envelope was missing. Another woman had been sitting with her part of the trip from Thorold and after she left May Schram had sat with her. This led to the accusation together with the conductor's statement that he believed the Schram girl had told him to let her off as the Dale girl had left her pay.

**FROZEN TO DEATH**

CHICAGO, Jan. 3.—With the thermometer registering five below zero at six o'clock yesterday morning, an unknown man was found frozen to death in the snow. He apparently was walking to work, as a full dinner pail was found at his side.

**Hubby Not Wanted When Money Came**

**The Wife Got a Million and Then Told Him to Leave.**

WHITE PLAINS, N.Y., Jan. 5.—Supreme Court Justice William P. Platt granted a judgment of separation yesterday to Henry Lewis Slade from his wife, Olivia H. Slade of Farnsworth on the Sound, who recently inherited \$1,000,000 from her father. The plaintiff said after his wife had received the inheritance she told him to leave.

The pair were married on September 29, 1891, and have two children. Mr. Slade charged his wife with abandonment.

"In order to put an end to uncertainty with regard to unsuitable dancing prohibited by his recent warning, Cardinal Amette, Archbishop of Paris, declares he intends to prohibit absolutely such dances as the tango and fox trot, although certain persons believe they are able to dance them decorously. His eminence congratulates women and girls who have hastened to conform with his instructions."

### Mexican Quake Takes Big Toll of Human Life

Violent Seismic Disturbance is Cause of Death of Scores of People

MEXICO CITY, Jan. 5.—Scores of persons have been killed in a violent earthquake which occurred in many parts of Mexico last night. The centre of the disturbance is believed to have been the volcano of Orizaba.

Incomplete press reports indicate that the State of Vera Cruz suffered more than any other section, although seismic disturbances were felt throughout the entire Republic. Advances from Cordoba say that 30 dead have already been accounted for in the village of San Juan Coscomatepec, where many houses were destroyed. There are unconfirmed reports of a similar catastrophe in the village of Hautusco.

At Jalapa, farther north, 50 victims of the earthquake have been counted, including numerous dead. Lack of communication with the other small towns and villages in the theatre of the disturbance makes even approximate estimates of the casualties impossible.

The earthquake caused great alarm in the large cities. Minor disturbances have occurred off Vera Cruz, and there were some casualties there, although the number is not known, with considerable destruction of property.

**TURKEY COMMITTED SUICIDE**

WELLAND, Jan. 5.—Rather than be butchered to make a New Year's dinner a turkey belonging to W. H. Roszell of this city committed suicide.

A local paper tells the story of Mr. Roszell's two turkeys. One was consumed at Christmas, while the other was put away to await a similar fate at New Year's. He prospered for a few days, and Mr. Roszell and family lived in keen anticipation.

New Year's Eve Mr. Roszell went forth to take the bird to the slaughter. On entering the henhouse, however, he found the turkey very dead with all the evidence that it had committed suicide by tossing its head against the wall.

**ARCHBISHOP OF PARIS PROHIBITS THE TANGO**

PARIS, Jan. 5.—The official organ of the Catholic Church publishes the following:

"In order to put an end to uncertainty with regard to unsuitable dancing prohibited by his recent warning, Cardinal Amette, Archbishop of Paris, declares he intends to prohibit absolutely such dances as the tango and fox trot, although certain persons believe they are able to dance them decorously. His eminence congratulates women and girls who have hastened to conform with his instructions."

### Most Kiddies Returned With Their Arms Sore

Orders to Vaccinate Pretty Well Complied With—Schools Reopened Today

The schools all re-opened this morning, with most of the pupils bringing vaccination certificates. Next Monday they must have certificates of successful vaccination in order to remain in school. What will be done in the cases of children who are immune from vaccination—in other words on whom vaccination has no effect—remains to be seen. There are plenty of persons of that description.

One public school was too cold this morning so the children had to be dismissed until the building could be properly heated. The janitor had not made a fire in time.

Some children had to be sent home because they hadn't their books.

As a general thing the order for vaccination has been pretty well complied with, and there were not many absentees this morning because children had not been vaccinated.

David J. Cowan, a prominent London hardware merchant, is dead at the age of sixty three.

Notary A. A. Legault of Ste. Rose, Que., died suddenly Saturday of heart disease as he was entering the Registry Office.

### France Opening Fields of War To Sightseers

Power Sought in French Parliament for Erection of Hotels and Camps

PARIS, Jan. 5.—There is a double opening in the French front in the devastated regions and the battle area generally to the thousands of tourists expected to flock to France in 1920 from all parts of the world.

M. Clavelle, Minister of Public Works, tabled the bill in the Chamber yesterday to empower the National Touring Office to borrow for a period of ten years 30,000,000 francs for the erection of camps, hotels and restaurants, and the creation of a motor car service throughout the battle zone.

Many an intending visitor from America does not yet appear to realize the utter desolation worked by the Germans. The inhabitants who have returned to their homes exist in dugouts and temporary huts, and even sheds propped on a rickety wall which survived the bombardment.

The National Touring Office will farm out to companies or private individuals its camps, hotels, etc. It will be authorized to pay out of the receipts its working expenses and annuities on the loan. Of the balance 25 per cent will be allotted to devastated communes.

The second scheme is by an American syndicate said to be composed of Chicago and Indianapolis money with \$10,000,000 at their back—for a chain of hotels in the American and British battle zones, each hotel to have at least two thirds of its available rooms set aside for American and British tourists.

More than 100 Germans who were not allowed to pass the frontier are camping in a train at Bentheim awaiting a laissez passer from the Dutch Minister of Justice.

BELFAST, Jan. 5.—Constable Keogh, wounded in the affray with the Sinn Fein at Killarney on Christmas night, has succumbed to his injuries, thus making the seventeenth policeman the Sinn Fein have murdered. Halley, of the Dublin police, who had several fingers shot off in the attack on Lord French, has been decorated with the King's Police Medal, Felix Connolly, of Fourcoyle, Cork, has been court-martialed on a charge of having in his possession documents inciting their readers to murder policemen and the British soldiers and to resist them. A sentence of six months with hard labor was passed on him.

Violent scenes occurred in Dublin yesterday as a protest against motor restrictions. Attacks were made on motor drivers who have taken out permits. Several were seriously beaten. ### "BEATEN AND BROKEN"

LONDON, Jan 5.—On the eve of his return to Copenhagen to resume the prisoner exchange negotiations with Maxim Litvinoff, the Bolshevik representative, James O'Grady told the Mirror correspondent that he believed the repatriation of the British prisoners and British civilian residents in Soviet Russia would be effected by the end of January. He expressed it as his opinion that Russia would save herself if left alone.

Mr. O'Grady strongly opposed armed intervention in Russia, saying it would be a delusion to build hopes on Admiral Kolchak and General Deniskine, both of whose armies, he added, were beaten and broken.

On intervention by Japan he said: "Even a well equipped army of five million men would itself be destroyed by the vastness of Russia if not by its various peoples. The only hope for Russia lies in education."

The Manitoba Government, according to Hon. T. H. Johnson, Attorney General, will prohibit exportation of liquor from Manitoba.
