Scott's Emulsion of Cod Liver Oil and  
Hypophosphites

Is sold all over the world. It is far superior to plain Cod Liver Oil, palatable and easily digested. Dr. Martin Miles Stanton, Bury Bucks, London England, says: "I have prescribed Scott's Emulsion, and taken it myself. It is palatable, efficient, and can be tolerated by almost anyone, especially where cod liver oil itself cannot be borne. Sold by all druggists, 50c. and \$1."

NILE.

From our own correspondent.

After a serious illness, Wm. Baile is able to drive out.

Wm Morrison is also recovering, and is able to work a little.

John Pentland has been very low with blood poisoning. He is still confined to bed, is very weak, but seems to be mending. The blood poisoning started from the scratch of a nail.

John H. Gay is rebuilding a fine looking house on Mr Duncan McNeel's farm. J. H. (G.), is a popular contractor around the Nile. He is both quick and thorough.

In my reference to Mrs G. A. Cassidy last week, the printer's "devil" gave me credit for saying "wee Maggie Hotherington." As Miss Maggie was a tall handsome woman, the remark looked like sarcasm. Nee was the word I meant, instead of wee. I always thought the "devil" was a linguist, and was certain he knew the French language.
