**Report of  
the Bank of  
Nova Scotia.**

The Bank of Nova Scotia held its annual meeting in Halifax at the end of last month. The President, Mr. John Y. Payzant, presented the annual statement, which showed that the conditions of the Bank were first rate and the prospects most favourable.

Mr. H. A. Richardson, the General Manager, took up the annual statement and pointed out that the business of the Bank had materially increased during the year. The deposit had increased about \$4,000,000. The capital is \$4,000,000 paid up, and the reserve \$7,500,000. Assets immediately available are \$32,000,000, or a liability of some \$65,000,000, an exceptionally strong position.

The Bank takes in western business as well as eastern, and is endeavouring to forward the interests of the Colony generally.

The President said there was no intention of making any change in the Administration. The Bank would continue the "Bank of Nova Scotia" in fact as in name.

The President expressed regret at the retirement of the Right Hon. R. L. Borden from the directorate, which became necessary when he took office under the Crown.

In Newfoundland the Bank of Nova Scotia is doing a thriving business which has been promoted particularly by the personal qualities of Mr. Anderson, the manager.

**McMurdo's Store News.**

THURSDAY, Feb. 8, '12.  
Just opened: A full consignment of "Buck's Tasteless," the well known and valuable extract of Cod Liver Oil. This preparation is undoubtedly one of the finest tonics in existence, and has restored many an anemic and weak-chested person to health. We have both sizes. Price 50c. and \$1 a bottle.

We have also to announce the arrival of a full line of "Foot Easers," or arch supports. These give great relief in cases of flat foot, weakness or breaking down of the foot arch, and often in tired feet and ankles. All sizes. Price \$2 a pair.

**The Bonaventure  
Arrives.**

No Report of the Kampfjerd.  
The S. S. Bonaventure arrived here to-day from Sydney after a run of something over 2 days, coal laden, to A. J. Harvey & Co. The ship had fine weather and met some slob ice on the coast. As far as we can learn, she saw nothing of the Kampfjerd, and grave fears for her safety are entertained. A rumor was about that she was off Cape Race in the ice this morning, but there is not a word of truth in it.

**The Police Court.**

To-day two drunks were fined \$1 or 3 days each.  
A resident of Goodview Street pleaded guilty to assaulting and beating Mr. Kim Lee of the west end laundry on the 27th ult., and was fined \$20 or 30 days.  
The case against a resident of Fouch Cove for being drunk and disorderly there, was withdrawn.

**Government  
Sends Second-  
Hand Cable.**

To-day the Government shipped on board the Portia a cable for Gaultois to be used in that section and to be sent forward by her to-morrow. We understand that it was bought at Halifax, that some thousands of dollars were spent in its purchase, and that it was bought second-hand at Halifax, and those who know something about such matters, on seeing it, were surprised that the like should be put in use. A great deal of the gutta percha insulation has been rubbed off it, and it is deemed to be almost worthless if it is to be used for conveying messages. The gutta percha covering which was noticeable on some parts of it came off easily as it was being put on board the ship. This is another sample of the extravagance of the Picnic Party. If they wished to economize, it would have been far better to have purchased a new cable. But what could be expected from a Government given to the "worst forms of extravagance and reckless expenditure of the fishermen's money."

**Farmers Discuss  
Milk Rules.**

A large number of farmers met in the British Hall and discussed the new rules suggested by the A. P. C. The feeling was that the rules were impracticable, would increase price of milk and drive some farmers out of business.

They have followed the rules of the Board of Health which they find beneficial and practicable. It was, however, determined to refer the whole matter of new rules to a joint meeting of the Executive and a committee of the St. John's Agricultural Society, consisting of President and secretary.

**Injured Girl Here**

The young girl Pearl Flander, of Codroy, who was injured there last week, necessitating her being sent to Hospital, arrived by the express this morning. The girl was sliding over a steep incline near her home last Tuesday when she ran into a pile of wood by the roadside. The top of one of the sticks of wood entered her leg and made a deep wound. She was taken to Hospital from the station by Mr. Eli Whiteaway. She is very weak and unable to put her left foot to the ground.

The S.S. Rosalind left N. Y. Tuesday at noon and will have a delay of 2 days at Halifax. She is due here Tuesday next.

The schr. Gladys S., from Santa Paulo, with salt arrived at Burgeo yesterday after a passage of 36 days.

**Ice Crop Coming.**

The Bennett Brewing Co. are to-day getting in their stock of ice for the season from the pond near Irvine. It is an expensive undertaking to bring ice in over the railway from a pond such a distance from town, but the Company do not allow a question of expense to come in the way when they want ice that is clean beyond question. Mr. Byrne is looking after the shipments as they come in.

The declaration of the Rev. Frank Burr Crispell, pastor of Hedding Methodist Episcopal Church at Poughkeepsie, N.Y., that he will shoot the saloon-keeper who dares to sell his son liquor, has caused much talk in and out of church circles in Poughkeepsie. The clergyman made this declaration before a meeting of the Poughkeepsie branch of the Woman's Christian Temperance Union. "If a saloon-keeper sells one of my boys rum I will shoot him," Dr. Crispell declared. "Yes, I will kill him. This may be rather hot talk, but I mean it. Rather than the rum-seller should die than that he should be allowed to make a drunkard."

**Coaker in  
Port de Grave.**

**FIGHTING FISHERMEN'S BATTLES  
AND FIGHTING GOVERNMENT.**

Special Evening Telegram.  
PORT DE GRAVE, To-Day.  
President Coaker arrived here from Barenec at 6.30 p.m. yesterday. He held a public meeting at Barenec and started a branch there yesterday afternoon, a large number of men joining. Flags were displayed all along the route. Upon arrival here the route was lighted by numerous lanterns and torchlights. Private dwellings were lighted, the horse was taken from the sleigh which conveyed the President, and ropes were attached and the people drew the sleigh through the settlement to the Fisherman's Hall. The Orange band were in attendance and rendered music throughout the march and at the hall. People cheered Coaker all along the route. The boys were delighted and continually cheered with the men for Coaker. No such demonstration was ever accorded any man who visited Port de Grave. The speech was a splendid one, lasting three hours. Wonderful interest was aroused and splendid order prevailed. The hall was blocked. Every inch was occupied. The platform was crowded, hardly room for the speaker. At the close of speech the speaker was cheered. Coaker spoke six hours yesterday; sixty men were enrolled after the public meeting. Everything is Union and all are eager to see and hear the man that is fighting the fishermen's battle and also fighting the Government on behalf of the toilers. We honor him and will stand by him. God speed his work.

**Out of Hospital.**

Thos. Fry, of English Cove, near Brigus, was in town to-day, the first time he has been out since the 22nd of January. On that date he met with an accident at the N. S. Slope, Bell Island, where he was working. He was sent up by the boss to work in another location and was sitting on a car when the cable broke. He was thrown out and his wrist was broken, besides receiving other bodily injuries. This was at 9 in the morning. He lay unconscious from that hour up to 6 p.m. of the same day, when he realized that he was lying in the Hospital and that an accident had happened. His recovery from that time was slow but certain. He has not yet, however, the use of his hand. He came to town to-day to consult a lawyer in reference to suing the company for damages.

**CAUGHT IN ICE.**—The S. S. Galveston which left here this morning for the Mediterranean, has a hard time of it boring her way through the heavy ice which presses in on Cape Spear and fills the harbor. The ship is not an exceptionally powerful boat and she has her work cut out to get off the coast.

**VINARD'S LINIMENT CURES DIS-**

**A Child Terribly  
Burned.**

**MAY DIE OF INJURIES.**

Little Mary Byrne, the year and a half old baby of Mr. and Mrs. Byrne, foot of Pleasant Street, set fire to her clothing with paper lighted at the kitchen stove this morning about 10.30 and received such injuries that she will most likely die from the effects. Mrs. Byrne went out to the house of her mother-in-law, Mrs. Mignonette, a few doors along the street, leaving three children in the kitchen. Little Mary, the youngest, was sitting in front of the stove fully dressed. The older sister, 4 years of age, was supposed to take care of her. The third child there was a 2½ year old boy. They were all playing quietly when the mother went out, accompanied by Mrs. Harvey, who lives in the ground flat of the tenement. The latter went to her back yard while Mrs. Byrne went on to the house of Mrs. Mignonette. Two minutes afterwards Mrs. Harvey heard the children screaming, ran in from the back yard, and thinking that the older sister, who is a little erratic in mind, was beating the baby, ran on to tell Mrs. Byrne at her mother-in-law's house instead of going upstairs. Had she done so it is likely that the little one's life would be saved. Over a minute was lost before she and the mother returned. A horrible sight met their view when they ran upstairs. The body lay on the floor near the landing, her clothing a mass of flames. The elder sister was jumping about the room like one possessed and bawling as loudly as she could. The little boy ran down stairs with fear when his mother saw him, and thinking that the older sister, who is a little erratic in mind, was beating the baby, ran on to tell Mrs. Byrne at her mother-in-law's house instead of going upstairs.
