An Ovation

GIVEN TO MR. KENT, M. H. A.

On Saturday night, when it became known to a number of East End liberals that the leading liberal of the city, and the senior member for St. John's East had arrived home from the S. S. Carthage, they determined to give him a welcome. Several members of the Liberal Committee on the spur of the moment got busy and at 8.30 they met on Rawlin's Cross, with a plentiful supply of fire-works, Greek powder and the like. They proceeded in carriages to his residence on LeMarchant Road, where a grand display of pyrotechnics was given, while volley after volley from muskets and guns resounded and hearty cheers made the welkin ring and ring again.

The firing squad consisted of six old time liberal warriors, who though advanced in years were as young in spirit as ever. They demonstrated clearly that they are at all times ready to fight for the true principles of honest government, and uphold the old standard of liberal traditions in St. John's East.

On the appearance of Mr. Kent, he was greeted with prolonged and lusty cheers, such as only true liberals can give. On behalf of the old and faithful liberal committee of St. John's East, he was tendered "a cordial welcome" to which he made an appreciative response. Mr. Kent was taken by surprise at this action of a deputation of his constituents. He thanked the committee representatives for their genuine display of loyalty to liberal principles, and for showing him that the spirit of their forefathers was as strong in their breasts as in those who had preceded them. Cheers were given for Mr. and Mrs. Kent and for his colleagues in the East End. Messrs. Shea and Dwyer. The deputation then entered Mr. Kent's hospitable abode and partook of refreshments. Before leaving the deputation joined in a hearty singing of the National Anthem.

Belvidere Collection.

The orphan's cause was warmly and eloquently pleaded last night by the Rt. Rev. Mgr. Roche, V.G., who occupied the Cathedral pulpit. Before referring to the Gospel of the Day he called the attention of the congregation to the announcement made in the morning that the annual collection for the Belvidere Orphanage will be taken up on Sunday next. The rev. gentleman but voiced the sentiments of his auditors when he stated that this appeal on behalf of the orphans is one that awakens a sympathetic chord in all hearts, and one which would meet with a ready and generous response from the liberal people of St. John's, whose ears are never deaf to the cry of charity. The noble work that is being done by the good sisters of Belvidere needs no eulogium. At present there are over one hundred and twenty children in the institution, and the number is yearly increasing. No fatherless child is ever turned away from the hospitable doors of Belvidere. To feed and clothe these helpless little ones of Christ, to provide the priceless blessing of a sound religious education, to train these destitute children and fit them to earn their livelihood is a sublime work which demands an amount of self-sacrifice that is little comprehended by the world at large. These devoted sisters are carrying on one of the noblest works of the Catholic Church. They have assumed the responsibility of parents and guardians towards those whom the Father in Heaven has deprived of their natural protectors, and who, were it not for the protection of this benevolent institution, would be left to the charity of a cold and unsympathetic world. The rich who from their abundance contribute generously; the working-class who cheerfully part with their hard earned dollars, and the poor who from their scanty share gladly give their mite, help one and all in the good work that is being done by the sisters, and will assuredly share hereafter in the reward promised by our Lord himself, "I was hungry and you gave Me to eat; naked and you clothed Me," &c. Amen. "I say to you as long as you did it to one of these you did it to Me."—Com.

Killed at the Steel Plant

Man Named Whitford Met Accident Which Cost Him His Life.

A young man named Thomas Whitford, of Plate Cove, Nfld., employed by the Dominion Steel Company, received injuries in an accident at the plant this morning which resulted in his death.

How the accident occurred is not definitely known. In the result both the young man's legs were broken and he received besides several internal injuries.

Whitford was taken to the Brooklands hospital at five o'clock and he died in that institution at nine thirty. The deceased was about twenty-three years of age and had only been in Sydney about two years having been engaged at the steel plant it is said most of the time.

Whitford was working at the Coke Ovens at the time of the accident.—Sydney Record, Aug. 23.

Pilley's Island Hospital.

The Pilley's Island Hospital, which has now been running most successfully for ten months on money principally raised in the United States will close permanently on October 1st unless the people of Newfoundland, and especially those in Green Bay, who are benefited directly by the hospital, will guarantee the sum of \$1,000 for the maintenance of a physician for the ensuing year. The hospital has treated about one hundred patients for surgical operations, and many more for minor troubles. The physicians in charge have made over 1,500 visits to patients in their homes.

Do not you people believe that this is a record which ought to be kept up? Are there not 200 men who are willing to pay five dollars apiece for the sake of having a hospital for the 20,000 people in the Bay? Or are there not 500 men who will pay two dollars each for a year to save the suffering of hundreds who would otherwise be without any medical aid whatever? Will not each settlement hold a meeting and get, as many names as they can before Sept. 15? Send names and subscriptions to Magistrate Wells, Little Bay. Do you want to be without a doctor from Till Cove to Twillingate? Do you want to be without a hospital from St. John's to St. Anthony? It's up to you to decide this question now.

Tried for Embezzlement.

The eighteen year old operator who was arrested charged with misappropriating monies belonging to the R. N. Co., was arraigned before Judge Conroy to-day. Mr. M. W. Furlong conducted the case for the Reid Nfd. Co., but the accused was not represented. His Honor read the charge of embezzlement to the prisoner, informing him that he could be committed to the Supreme Court and tried by a jury or be tried summarily before him. The latter course the prisoner elected. He pleaded guilty and was fined \$130 or three months.

The Miners' Request.

Special Evening Telegram.

SPRINGHILL, To-Day.
A meeting of miners here decided to ask for a Board of Conciliation. This is on behalf of day workers, who ask their pay to be increased. Application does not include piece workers. This is the first move of the labor organization made since the last strike settlement. The miners of the Nova Scotia Steel Company and Sydney mines have asked for a Board of Conciliation and their request is for 30 cents a day advance for non-piece workers and ten per cent on tonnage rate paid pick men.
