BAD FOR JOHN BURNS. The Frost-Bitten Shantyman Loses Beth Hands, and His Feet May

Randa, and His Feet May

He Cut Off.

Ottawa, Jan. 13.—John Burns, who was
so badly frozen on his way down from
the Black River shanties, had both his
hands amputated at the Catholic Hespital,
Ottawa, on Friday. It is feared his feet
may also have to be removed.

Burns was brought into the city last
week from one of the timber limits in the
Upper Ottawa district with both his arms
and both his legs frozen. The story of his
sufferings is as follows: Burns had a disagreement with his foreman, and left to go
to another camp, seventeen miles distant.
After traveling a few miles through
the woods he lost his way. He tramped
all night without any success. Early
the next morning he attempted to take
a drink from a creek, and in so doing
wetted his feet, and soon after they were
frozen. The second day out he lost the
use of his legs, and was compelled to wander through the snow on his knees and
hands. Knowing that if exhaustion overtook him he would fall in the snow and
freeze to death, he made his way to a tree
and clung to a low-hanging branch. His
hands were frozen to the branch when he
was found.

BISMARCK, Ont., Jan. 13.—A meeting of the West Elgin Farmers' Institute was held here to-day. The attendance, though small, included a number of the leading farmers of Ridgetown. Mr. McNabb, president of the institute, occupied the chair. Hon. Clas. Drury gave a practical address on defective methods in farming and pointed cut the misakes that lead to failures. Mr. J. H. Broderick followed on the expenditure and income of 56 acres of land in the county of Lincoin from its fruit growers' point of view. His remarks were printed, and showea that success can be made of fruit growing. Mr. Mason read a well-prepared paper on hog raising, a branch of farming of which he is a practical exponent. A lively discussion and many new ideas were advanced. At the evening session Mr. Drury took up the subject of cattle feeding, and explained the method of feeding his own stock. D. McColl, M.P.P., advised the farmers to take more interest in the institute meetings.

Clay Hopper's Curicus Case—Eis Beath Inevitable.

TOLEDO, O., Jan. 13.—Clay Hopper spoke yesterday. His mother was sitting in a room next to him, but only a few leet away. She was reading when she her rd a word which sounded like "Mother." She stepped to the bedside of the youth in the tranea and found his breast heaving rapid-ly. Since then the patient has been getting worse, and his death is only a question of a few hours. In spots where the electric fluid was applied to the body. The current was applied over the heart, liver, lungs, and on the back of the neck.

Since the above was put in type Clay and on the back of the neck.

Woodstock, Ont., Jan. 13.—Lord Stanley arrived here from the west at 1 p.m. to-day and was met at the depot by the reception committee, members of the town and county councils, public school and Collegiate Institute boards and a, large number of prominent citizens. The Governor was then driven to the new court house, where a reception was held, and on behalf of the town Mayor Douglas read an address, which was presented to him. After the reception is Excellency inspected most of the leading industries and then proceeded to the college, where an informal reception was held, after which he left for Brantford.

A PROLONGED PAUSE.

What Dun, Wiman & Co.'s Weekly Re-view Hasito Say About Business. view Hasto Say About Business.

New York, Jan. 13.—Dun, Wiman's Weekly Review of Trade will say: The pause in business incident to the holidays seems to last longer this year than usual, but the severe weather has given a powerful stimulus to trade in heavy boots and shoes and woolens, and preparations for the spring business are going on actively and with the utmost confidence. The failures during the past week number for the United States 286, and for Canada 20, or a total of 306, as compared with 340 last week. For the corresponding week last year the figures were 330, representing 287 failures in the United States, and 43 in Canada. in Canada.

NORTH AMERICAN LIFE.

Age traveling a few miles through the woods he lost his way. He tramped the woods he lost his way. He tramped to take the drink from a creck, and in so doing wetted his feet, and soon after they were frozen. The second day out he lost the west of his legs, and was completed to wand. Knowing that if exhaustion overtook him he would fall in the snow and freeze to death, he made his way to a tree and clung to a low-hanging branch. His hands were frozen to the branch when he was found.

FARMERS' INSTITUTES.

Good Keetings at Tibrity and Mitchell.

AT TIBRIN, Jan. 13.—The West Kent Farmer's Institute, met here yesterdays afternoom and evening. In the afternoom Mr. Charles Drury gave an excellent address on underdensing: Mr. Mason on devening in the afternoom of this section. Mr. Broderick read a paper on fruit raising. At the evening reason by the feeting Mr. Mason on batter making and Mr. Richards, a successful local farmer, an interesting address on successful with he is operating. Mr. Mason followed with a witten meeting va not sell the section of the best farmers of this section. We have been deaded as it should be several of any of the best farmers of this section were present, and all seemed pleased with the results.

MITCHILL, Jan. 13.—On account of the erry cold and severe weather the attordance at the opening of the institute here on Wednesday afternoon was not large, It was, however, an interesting and any of the present, and all seemed pleased with the results.

A LADY'S

Tortures and Pains Are Banished! A CURE FOUND

AFTER THE BEST DOCTORS FAILED! PAINE'S CELERY COMPOUND

DOES THE WORK! A LADY SAYS: "I AM PERFECTLY WELL TO-DAY!"

It is well known that physicians often-

It is well known that physicians often-very often-fail in relieving suffering and curing disease. Incurable! This is a ter-rible verdict when it comes from the physician to the diseased one. These incurable cases are always met by that never-failing remedy, Paine's Celery Compound, and the invariable result is new life, health and strength. The following letter of testimony from Mrs. Allen Outhouse, of Tiverton, Digby county, N. S., will cheer every fainting and despondent soul who suffers:

MRS. ALLEN OUTHOUSE.

MRS. ALLEN OUTHOUSE.

TIVERTON, Digby County, N. S.
Docember 3rd, 1892.

Wells & Richardson Co.
Dear Sirs,—I have great pleasure in testifying to the merits of Paine's Celery Compound. I suffered for about four years with indigestion and liver complaint, and applied to two of our best physicians, but derived no benefit. I kept growing worse, and came to the zonclusion that there was no help for me. At times my stomach would swell till I would have to loosen my clothes, at which times there would be severe pains which would run from my stomach and side to my right shoulder, and so distress me that often my family thought I was dying.

I was dying.
Less than a year ago I heard of Paine's
Celery Compound, and have since given it
a fair trial, and have taken five bottles,
and am perfectly well to-day as a result. I
can heartily recommend its use to any one
suffering with like troubles.
With best wishes for the future success
of your excellent remedy.

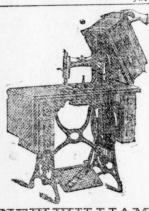

of your excellent remedy,
I remain yours respectfully,
MRS. ALLEN OUTHOUSE. I can testify to the above statements being true in every particular. H. A. DEVOE, Pastor "Church of Christ," Tiverton.

Modest,
"You inherited quite a nice little fortune," said the lawyer.
"Yes," replied the fortunate youth.
"I suppose you will pay a lot of your debts now?"
"I had thought

debts now?"
"I had thought of it, but I concluded to
make no change in my manner of living. I
don't want to be accused of vulgar display."

Physicians
Who have once tried Schiffman's Asthma
Cure in their practice invariably recommend it thereafter. It is the greatest boon
of the age. Relief instantaneous. Ask any
druggist.
