Oklahoma City, Ok., May 5. - A dispatch from Bridgeport says a tornado passed three miles west of that place this afternoon proceeding northward. It is also reported that Cordell was visited by a tornado and that much property was destroyed, but wires are down west of Bridgeport, and rumors.

No loss of take the suggested amendment in sideration.

Mr. Morin offered an amendment in regard to the locale of the road. For some distance east of Quebec he desires it to run through the Counties of Dorchester, Kamouraski and Montmagny. In reply Mr. Fitzpatrick said that no location had yet been settled upon, but patch from Bridgeport says a tornado take the suggested amendment into con-

life has been reported. Kansas City, May 5. — A thousand people have been driven from their nomes in Rosedale and Kansas City by the overflow of Turkey Creek, due to a severe rainstorm today. John Downey, a laborer, was killed by lightning at the oil refinery in the east bottoms. The city hall, the Savoy Hotel and other buildings were struck by lightning, but none were seriously

IN THE ITALIAN HOUSE

Deputies Wax Hot Over Preident Loubet's Recent Visit.

Rome, May 6. - There was a lively cene in the Chamber of Deputies yesterday when Deputy Mirabelli, Republican, proposed that greetings should be sent to President Leubet in the be sent to President Loubet in the name of the Italian democracy. The president of the chamber, interrupting, said: "A greeting should be sent to France in the name of the Italian Parliament." Deputy Santini cried "Remember Mentana," alluding to where the French defeated Garibaldi, weak to work, tortured with the pair of temporal power of the Pope, Signor ulcers, boils and pimples all over my body, Marabelli retorted: "I listened to your panegyric after the German Emperor's visit: now be

Signor Mirabelli continued: name of the Republicans." The chamdisapproved of an attempt to have a national demonstration benefit a party which, he said, represented the smaliest portion of the Italian people. Sig-por Mirabelli exclaimed: "You deny nor Mirabelli exclaimed: history. You knelt before the French Empire and now kneel before the republic." Amid violent prote president closed the incident. Amid violent protests the

TO BEGIN DIGGING

Work On the Panama Canal Will Be Pushed With Great Energy.

Washington, C. C., May 6. - The United States will begin digging the clothes. Panama Canal within two weeks. Gen. George W. Davis, governor of the canal zone, accompanied by a corps of American engineers, will leave New York next Tuesday, and on their arrival in Colon the immense property under the supervision and control of the United States Government, displacing the private enterprise hitherto

Practically the entire payroll of the French company will be assumed, and the army of workmen will be continued uninterruptedly at their labor, though the American plans will be substituted for the French. Excavation of the Culebra cut, which is considered one of the most difficult en-gineering problems of the entire canal, will be pushed as rapidly as possible with the force of workmen now on the isthmus. As soon as new machinery is secured this force will be increased. While this work is in progress the corps of engineers will prepare the necessary detailed plans and specifications for construction purposes of the other sections than Culebra, and these will be submitted to the various intending contractors for estimates and bids. The successful bidders will unon the award of the contracts, secure such machinery as will be necessary to

enterprise will be pushed as rapidly as possible to its completion.

Purification of all water and unrelenting war against mosquitoes are the two great things in the plan of sanitation of the Panama Canal route. Col. W. C. Gorgas, U. S. A., will submit to the canal commission a report upon this vital matter. It contains also the ideas of Major Le Garde, Capt. H. E. Gillette and Surgeon J. W. Ross,

carry out the work, and the gigantic

Establishment of a gigantic system of waterworks to supply all camps along the canal route is recommended by Col. Gorgas. It is contemplated to construct a huge reservoir fed by the Chagres River.

each of which will be stationed two or will be to see that all laws of sanitation are rigidly enforced. The extermination of mosquitoes will be urged upon all natives of the Isthmus of

he would offer, instead of Mr. Morin's, an amendment providing that the work of construction be commenced simultaneously at Moncton, Quebec and Winnipeg, and proceeded with to completion or nearly simultaneously as possible.

Mr. Ingram wants an amendment to prevent the road charging up cost of rolling stock in expenditure.

Another amendment proposed by Mr. Borden requires that freight originating on the G. T. P., not specially routed, shall, when destined for pionts in Canada, be carried entirely on Canadian territory or between Canadian inland ports, and that the rate thereon shall not be greater than that charged by any route which includes any part of the G. T. system.

The committee then rose and reported progress, and the house rose at 10.45 p.m.

WOMAN'S F. M. SOCIETY

Peterboro Next Year.

Convention at Toronto Concluded-

Toronto, May 6. - The Women's Foreign Missionary Society of Presbyterian Church concluded its twenty-eighth annual meeting yesterday afternoon. Officers for the next year were chosen, and a number of important proposals dealt with. The motion to reduce the number of delegates from the branches to the annual meeting was rejected, the feeling being that the gathering together of such a W. large body of workers was an incentive to much good work. It was de cided to appoint a field secretary whose labors will be confined chiefly to the Canadian West, and the appointment was left in the hands of the executive of the board of management and the foreign mission committee Peterboro was selected for the next annual meeting. The following were appointed delegates to the Pan-Presbyterian Alliance at Liverpool, Eng., next month: Miss J. F. Caven, To-ronto; Mrs. Grant, Orillia; and Miss Hay, Ottawa. The election of officers resulted as follows: President, Mrs. Shortreed; vice-presidents, Mrs. Mac-Chagres River.

Col. Gorgas is in favor of establishing at once in Panama and Colon two general boards of health similar to Similar those in Havana, during the American occupation. The canal strip will be divided into 17 sanitary camps, in secretary, Miss Martin; home secretary, Miss J. F. Caven; international conference secretary, Miss Thornton; secretary of Indian and Chinese mismore sanitary experts whose duty it sions in the Northwest and British Columbia, Miss Craig; foreign secretary Mrs. J. J. Bell; secretary and treasurer, Miss George; editor of Tidings, Mrs

ADJUSTING THE LOSSES.

Toronto, May 6. - One of the largest insurance losses in the great fire be adjusted yet is that of the Merchants' Dyeing and Finishing Company, on which the sub-committee made its report to the general com-mittee of adjustment. The adjusters found a total loss, so that the whole amount of the insurance, which amounts to \$270,000 on the Front street warehouse, will be paid. There were in addition to this two smaller insurance payments - one of \$5,000 on the factory and another of \$8,500 of the storehouse. Other losses adjusted were the Continental Costume Company, Hendrie & Co., and C. H. Smith.

DEBS IS PRESIDENT. Chicago, May 6. - The National Socialist convention vesterday nominated Eugene V. Debs for president, and Benjamin Hanford, of New York, for vice-president. There was no opposition. After condemning the policies of the Democratic and Republican

parties, the platform appeals for support as the only organization that is democratic, and that has for its purpose the conversion of all society to the principles of true democracy. The question of inserting a plank in the platform favoring labor unions, which caused several heated discussions during the convention, was adopted by a vote of 107 to 53.

ST. JOHN'S FOREIGN TRADE. St. John, N. B., May 6. - The winter shipping business from St. John Great Britain, Antwerp and South Africa, was very successful. There were 96 sailings, and the steamers look away Canadian goods to the value of \$10,155,-813, and foreign goods to the value of \$5,722,376, or a total of \$15.878,189. This is an increase of \$2.793,711 over the value of the goods shipped last season. Four steamers sailed for Jouth Africa

The Baltic is equiped with an electrical device for preventing collisions with other vessels. The moment another ships enters the "magnetic field" of the Baltic the needle of the indicat-ing instrument points in the direction of the vessel approaching or being overtaken, and the steersman knows at once what course to take.
