To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. Mrs. Brown and Mrs. Potts tell their stories for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM: - Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was, and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that and built up my entire system, till I was indeed like a new woman. — Sincerely yours, Mrs. Chas. F. Brown, 21 Cedar Terrace, Hot Springs, Ark., Vice President Mothers' Club.'

Suffering women should not fail to profit by Mrs. Brown's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration. Read the story of Mrs. Potts to all

"DEAR MRS. PINKHAM: - During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I be-

came strong and well. "Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. — Sincerely yours, Mrs. Anna Potts, 510 Park Ave., Hot Springs, Ark."

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the

most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. Lydia E. Pinkham's Vegetable Compound has cured and is curing thousands of cases of female troubles - curing them inexpensively and absolutely. Remember this when you go to your druggist. Insist upon getting Lydia E. Pinkham's Vogetable Ge

JOY TO GIRL STUDENTS

University of Chicago. Chicago, Aug. 19.—A "matrimonial library," from which student's may absorb information that dates back to the beginning of man's knowledge and extends down to the heart sciences of today, was added to the University of day, was added to the University of Chicago library system yesterday. The students, with the girls well in the lead, made a rush for the new volumes, which are 1,700 in number.

Not only does the new library treat of marriage customs of all lands and of all-time, but there are tens of thousands of helpful suggestions for those who desire

to sever marital ties in the divorce courts. There also is almost endless ad-vice on the subject of the family institution.
The 1,700 books were placed in a special section of Cobb Hall, which is to be known as "the matrimonial department." With the innovation came the announcement that Dr. Harper would provide a professor to superintend the collection and to teach a class in "matrimonial in-

The books are the gift of Professor George E. Howard, author and professorial lecturer on history. They were gathered in all parts of the world, and are considered the largest and best collection of monographs ever made on the subject. It is said that the topic which will be treated most fully in the matrimonial course offered this fall will be the effects

of segregation on marriage. The course will probably be offered in connection with Dean Marion Talbot's school of practical housekeeping, which heretofore has dealt more especially with prosy cooking and chemistry.

CLEARING HOUSE SYSTEM

Railroads May Adopt It to Handle Interchangeable Business.

Chicago, Aug. 19. - J. W. Midgely has been employed by the Hill, Harriman and other big railway interests to Diarrhoea, Dy entery, Cramps, University of Cambridge, toward which, demonstrate the advisability of supplying the clearing house system to railroading and to devise a plan for so doing. Mr. Midgely's duty is to show the railway magnates how business principles can be applied to the use of railroad équipment, how economies can be effected in the handling of freight at terminals, and how big savings can be made in the settlement of interstood the test of time.
