Canadian Club Banquet.

The annual Canadian Club banquet, o be held at the Tecumseh House on Thursday evening, promises to be one of the most successful ever held by the society. Nearly all the tickets have been disposed of. The array of speakers, Hon. Sam Hughes, Hon. Mr. Do herty and Dr. J. A. Macdonald, should prove very attractive.

Given a Pipe.

Mr. J. E. Walker, captain of No. 1
Company of the Hose Company the G. T. R. car shops, was pleasantly surprised on Saturday evening by the members of the company, when they gathered at the shops and presented him with a very handsome meerschaum pipe. The presentation was made by Mr. George Hare, and an address was read by Mr. B. W. Marchant. Mr. Walker replied suitably.

The two young lads who were arrested some weeks ago on a charge of entering the house of Mr. and Mrs. McKay, of Ealing, and doing malicious damage to the property, were allowed to go on suspended sentence by Judge Elliott this morning, as the parents of the two lads have made good the damage done. The judge, in suspending sentence stated that if the lads were ever arrested again he would send them to the Industrial School for an indefinite term.

# SEAL UP STREETS

Centinued From Page One. the other sewers should be constructed without delay. For a Head Engineer

Once the storm sewers are under way, London can enter into a specific program for good roads. In the first place a head engineer is required to secure control over all municipal bedies and corporations, so that large amounts may not be wasted in the unwise present system of tearing up streets just after money has been spent on them.
"In my opinion." says Ald. Richter.

'it is necessary because of the formation of our soil in London to virtually seal up every street so that it shall be waterproof. The best street we have and covering the whole with concrete. Brigadier-General Drury was on a The large stones get a purchase on the Thousands Are Wasted.

"Now, in South London, everything we ut on the roads is swallowed up because outh London is a quagmire as far as soil goes. Each year thousands dollars are wasted in gravel, and the same applies to other sections of the city, which is of sandy formation. have to put something down that won't sink into the sand or mud, and it can he done economically and with an idea of permanency. "The council should take steps as soon

as possible, to appoint a head engineer so that all read work may be in one man's charge. Then the citizens should co-operate to provide the proper drainage, and in five years we will not know our city. South Lendon should have as per cent, on total, 50 per cent, on each good highways as any other section. and an automobile should be able to and a few intimate friends. The

travel everywhere without breaking its home was prettily decorated for the springs. Of course, this cannot be done occasion. After a dainty luncheon the in a day, but we should take some defi-nite steps toward it and we will see the from Brucefield to their home in Loncent.—Gladys Hodgins, Edith South- nite steps toward it and we will see the cott, Gordon Tillson, Marion Noble, benefit before long. In my opinion, good roads would make London advance, and as businessmen working together we
