A Cave-in at Brantford.

Brantford, Ont., November 20.—A sewer caved in this morning, burying Neil McNeil and J. Prouse up to their shoulders. Their comrades working on the sewer set to work immediately and dug the unfortunate men out. McNeil was pretty badly hurt, but Prouse was able to walk home. The stay boards at the bottom of the sewer gave way and let the earth in on them before they could escape.

THE VOTERS' LIST.

The objections made by the Liberal party to the names of Conservatives on the list will come up for hearing at the City Hall on Friday, the 27th inst.

Every man whose name is objected to should make arrangements to appear personally on that date and defend his right to vote.

Full particulars can be had at the Conservative Rooms, where the committees will meet every evening until the revision is closed to arrange for the attendance at the proper hour of Conservative voters at the court.

It is absolutely necessary that all who are objected to should appear personally at the City Hall when their names are called, and every Conservative should lend his assistance to effect their attendance.

LOCAL AND DISTRICT.

J. Keller, of Watford, has shipped about 9,000 barrels of apples from that section this fall.

The return match between the Bankers and London Foot Ball Clubs will take place this afternoon at 3 o'clock sharp, weather permitting.

Mr. Henry Yager, a former resident of Caradoc, died at the residence of his daughter, Mr. Wm. Buttler, the other day, in the 57th year of his age.

Mrs. Paul Wenio, Mrs. John Leckie, Miss Brennan, Joseph Duncan and Herbert Mills, of Sarria, left for Ormond, Florida, to spend the winter in the sunny south.

The Bishop of Huron leaves to-day by noon train for Niagara, en route to Montreal, for the benefit of his health. His Lordship expects to return in about two weeks.

Special evangelistic services have been held in St. Matthew's Church during the past week by Rev. F. R. Ghent. They have been very successful, and will close to-morrow night.

Dr. Patrick, son of Mr. W. Patrick of London township, was defeated by Mr. Reaman in the North-west Legislative contest for the electoral division of Wallace by 42 votes.

The Sarria Observer seems to be in doubt about the "bill of particulars" in the London contested election, and refers to them as "said to have been entered." If it will take the trouble to enquire in the Chancery Division at Osgoode Hall, it can disabuse its mind of the word "said."

No. 3 Committee of the City Council held a special meeting yesterday afternoon to consider an account of \$217 from Mr. Wm. Heaman, of East London, alleged to be due for repairs to city water cisterns. The committee, after an hour's discussion, agreed to pay \$125 on the account, and decide upon the remainder later.

St. James' Church, South London, was opened Nov. 18th, 1877. The anniversary of that event will be observed to-morrow, when the Rev. J. W. Ashman, of England, a gentleman of noted ability, will preach at both services. On Monday evening a sacred concert will be given, when some of the best talent in the city has promised to assist.

William Hensberry, a brakeman on the Canadian Pacific Railway, met with a serious accident in the Woodstock yard while shunting yesterday. He fell from a car across the track, injuring his right leg above the ankle. Dr. McVay, local surgeon for the company, was summoned, and after dressing the leg sent Hensberry to his home in St. Thomas.

Clinton New Era.—During October D. Castleton, of Clinton, shipped from Watford 8,284 barrels of apples; Liderton, 1,968; Komoka, 541; Kippen, 435; Hen-sall, 509; Goderich, 3,147; Bruce field, 2,213; Clinton, 3,129; Blyth, 1,162;—a total of 16,282 barrels. The apples were sent to the following places:—Liverpool, 9,562 barrels; Glasgow, 2,248; Manitoba, 4,572.

Albert Flynn, an employee of the G. T. R. shops, Stratford, was a few weeks ago mysteriously attacked by a severe pain in one of his legs. The pain was so great as to incapacitate him for work, and the other day his physicians decided that amputation of the limb was necessary to save his life. It was found that an affection of the marrow of the bone was the cause of the trouble. The young man's condition is still serious.

The House of Refuge Committee with County Clerk Mackenzie, have awarded tenders for supplies to the Middlesex House of Refuge for the year 1891, as follows:—Meat, Avery Bros.; wood, A. McInroy and John Barry; groceries, J. Barry; green tea, mustard, herring and vinegar, Mibell & Hill; oatmeal, rice, barley, black tea, tobacco, soap, codfish, sugar, pepper, brooms, oil and ball blue; bread, W. M. Smith; drugs, W. H. Stepler.

Quite recently somebody in Ireland posted a letter for Shelton, Ont., and to make it doubly secure some sealing wax was placed on the back of the envelope in the usual way. The letter came all right, but when it reached Shelton the postmaster found a second letter stuck snugly to its back. The second letter was addressed to Newry, Ireland, and although it passed many hands, nobody seemed to notice that it was being carried so many thousand miles out of its way. The postmaster promptly returned it to the dead letter office at Ottawa, and quite likely it will soon return to old Ireland, from whence it came.

Mr. Daniel McLean, formerly proprietor of the Imperial Hotel, Windsor, and lately appointed a landing waiter at M. Customs, died there the other day of Bright's disease. He was formerly an agent for John Elliott & Sons, of this city.

At the recent social held at the residence of Rev. C. C. McLaurin, Sarria, G. N. Collins, Superintendent of the Baptist Central Sunday School, was taken by surprise by the teachers, choir and members of the Y. P. S. C. E., who presented him with a very kind address and two very beautiful pieces of silverware.

Mitchell Advocate:—"What has gone wrong with the London Advertiser? The fuss it is making over the revision of the voters' lists leads to the belief that B. O. Cameron has lost his head, or that he sees in the distance the unseating of Mr. Hyman, and the city going back to its first love." Both, probably.

The watch that was stolen from the residence of Mrs. Smith, Tilsonburg, recently was left on the doorstep of the house between the hours of twelve and five o'clock the other morning. The thief had evidently come to the conclusion that leaving the watch in his possession, or trying to force it, would eventually get him into trouble, and that the time was of more service to the owner than to anyone else.

There was an uneasiness in Grit circles in London last night. Something seemed to have gone wrong with the "pushers," and, in several instances, the uneasiness gave vent to itself in loud and unmistakable manifestations of discontent amongst those who were not "inside the circle," as they termed it, who eventually got him into consequently worthless. One old gentleman, who has been a supporter of the Grit party since the Carling-McBride election, was heard to say that he "knew better" than to be "knocked out" on the revision notices, and that he would "beat the Grits" if he were in the old gentleman's statement worthy of consideration, but surely the two individuals alluded to would not be guilty of such meanness as he intimated.

East Bruce Election Case. Walkerton, November 20.—The East Bruce election trial opened here to-day before Judges Oiler and McLennan. Mr. Aylesworth, Q. C., and Mr. Klein, Q. C., appeared for the petitioner, and Mr. Coulter, Mr. O'Connor, Q. C., and Mr. Dixon for defendant, Mr. Frazer. There have been eight and ninety charges on the list and some 230 witnesses are summoned. The whole day, from 11 a. m. to 7 p. m. was occupied with the trial of one charge. Judgment was reserved on this, and the court adjourned to nine to-morrow morning.

Jacob Loockman, Buffalo, N. Y., says he has been using Dr. Thomas' Electric Oil for rheumatism, and a large back he could not do anything, but one bottle has, to his own expression, "cured him up." He thinks it the best thing in the market.

THE FIRE RECORD.

St. John, N. B., November 20.—About 11:30 to-night fire broke out in one of the wooden buildings of the Nut & Bolt Co. In which much of the heavy machinery of the company is kept. In this building there was oil and other inflammable matter, and the instant the building was in a mass of flames. When the firemen arrived the flames had reached the main building, which is of brick. A second alarm was sent in, and additional engines and men responded, and in about an hour the fire was under control. The building was completely gutted and the machinery destroyed. There was an insurance of \$30,000 on the building, etc., with a mortgage of \$15,000. The works were started in 1881. The loss is a heavy one, and will throw many mechanics out of employment.

Woodstock, Ont., Nov. 20.—About ten o'clock this evening fire broke out in the Central Hotel stables, in the rear of the hotel. Before the firemen reached the scene the stables were all in a blaze, and before the flames were extinguished the stables were completely destroyed. A cow and a valuable horse were also consumed in the flames. The origin of the fire is unknown. Mr. Davis, proprietor of the hotel, estimates the loss at about \$1,500; partly covered by insurance.

Syracuse, N. Y., Nov. 20.—Fire broke out in a drug museum in the Eastable block, on East Genesee street, at half-past eleven. An number of business houses were gutted. The loss is \$100,000.
