HOME DISTRICT AGRICULTURAL SOCIETY.

The Fall Show, of this Society, will be held on Wednesday, the 17th October, at Richmond Hill, and a much larger amount than usual of stock and articles for competition, as well as of visitors, is expected.

MARKETS.

The latest accounts from England contain very favourable reports of the harvest in the British Islands, which appears to have been almost universally abundant, and the grain is said to be of very superior quality. Prices, consequently, continued to fall, but it is thought the lowest point had been reached.

In the Toronto market, wheat has recently suffered a considerable decline in consequence, chiefly, of the absence of American purchasers.
