H. GEORGE & SON,
Crampton, Ont.

Northey Gasoline Engine

There is no use on the farm to which it can be put that will be too hard for it—churning, cutting roots or straw, winnowing grain, or any of the hundred and one jobs about the farm, that usually take all of a hired man's time, it will do quickly, surely and satisfactorily. Needs little or no attention—your boy can run it. Costs about 15c. per h.p. per day—10 hours solid work. Is absolutely safe and guaranteed in every particular.

Our booklet tells all about it. Write for it.
