TYPEWRITER! BLICKENSBERGER NO. 5

A MOST elegant, convenient and inexpensive composing machine, suitable for clergymen and contributors to the press.

It is portable, and can be provided with type for English, French and German.

It is easily learnt, and tends to prompt the user to marshal his thoughts in logical order, to set them down with accuracy and precision, and thus to enshrine them in a form worthy of preservation in pages of neatness and beauty. To lecturers who find it troublesome to read from manuscript, it will be of great service. It can be used on a railway train, and so frequently save much valuable time.

ONLY \$35.00
