

WHAT THE PRESS SAY:

DAILY MAIL.—"The 'Dominion' manufacture of pianos is, perhaps, now the most prominent before the public, as containing all of the very latest and most valuable improvements, several of which have been patented by them, and hence, can be used by no other maker."
DAILY GLOBE.—"They are to the front in all that pertains to the successful and permanent manufacture of reliable pianos and organs."
EVENING TELEGRAM.—"That this firm ('Dominion') have had over fifty first prizes awarded them on pianos, and over sixty on organs, during the past two years speaks volumes in their favour and is far more trustworthy commendation than letters, however flattering, which too often are the fruit of interested arrangement, procured for consideration on purely for advertising purposes."
TORONTO DAILY WORLD.—"Their instruments are perfect masterpieces of scientific and musical accuracy."
TORONTO DAILY NEWS.—"Front seats are the order of the day for the 'Dominion'"

WHAT THE PEOPLE SAY:

Extract from the opening address of Sir Charles Tupper, High Commissioner to England, at the London Fair, Sept. 10th, 1885.
 "I cannot mention all the (Canadian) exhibits (at the Antwerp International Exhibition, Belgium.) but I was surprised to learn that the Dominion Piano and Organ Company had obtained the very highest position, and that the best and ablest judges of music had declared that, for tone, the instruments sent from Canada surpassed those from either Belgium or France."
From ANGER HAMERICK, one of America's Leading Musicians.
 PRABODY INSTITUTE, CONSERVATORY OF MUSIC, BALTIMORE, Oct. 20th, 1884, Maryland, U.S.
 DEAR SIR,—The Dominion Piano which I used in my studies last summer, during my stay in Nova Scotia, gave me great pleasure. It was a very agreeable instrument, with a clear, fine tone and an honest touch; in every way up to the requirements of the present day. Yours very truly, ASGER HAMERICK, Principal Peabody Institute. To D. O. and P. Co.
From St. Joseph's Convent, Oshawa.

DOMINION ORGAN AND PIANO COMPANY, JOSEPH RUSE, MANAGER. OSHAWA, Sept. 1st, 1885.
 DEAR SIR,—In reply to yours, I am instructed to say, on behalf of the Sisters of St. Joseph's Convent (there), that it affords them sincere pleasure to bear testimony to the excellency of the grand square (rich) Dominion Piano (manufactured by the Dominion Organ and Piano Company, Bowmanville,) purchased about six months ago by them for their use. It has given the highest satisfaction, and stood the severe test incident to constant musical instruction and practice. Wishing, not only on behalf of the Sisters, but also on my own behalf, your Company every possible success, I beg to remain, my dear Sir Ruse, yours most sincerely, J. J. McENTEE, P. F. To D. O. and P. Co.
From Rev. Dr. MYRLE, M.A., Pastor St. Joseph Street Presbyterian Church, Montreal, late Principal of Demill Ladies' College, Oshawa.
 MONTREAL, Sept. 5, 1885.

JOSEPH RUSE, Esq.—Dear Sir.—Replying to your enquiry of the 2nd inst., I answer we are not only satisfied but highly delighted with our Dominion Piano which I bought from you some months ago. I can recommend your Piano in the strongest terms to any desiring such a commodity. I have had a good deal of experience about Pianos; the Dominion I pronounce the best in my observation. In regard to the Dominion Piano which we purchased from you when I was Principal of the Demill Ladies' College, Oshawa, let me say that among all the instruments of various firms, both Canadian and American, among which were several of the highest order, entirely new, your Dominion took the palm both for beauty and sweetness of tone. We used it at the public concerts and at devotional singing, as well as for giving instructions. Through practical tests by experienced musicians placed the Dominion Pianos first among those at the College. It stood the heavy practice of from eight to ten hours per day, without even the ordinary attention of tuning. It has been frequently remarked to me by agents of American Companies that Canada cannot produce a first class piano. I confess that in many cases they speak the truth, but I am glad that the Dominion Piano Co. is the one (and exception, and has in every instance, with which I am familiar, given the highest satisfaction.

Yours very sincerely, W. J. SMITH, M.A., Ph. D.

LIQUIDATION SALE.

Owing to the failing health of the senior member of our firm, we have been obliged to abandon the contemplated continuance of the business.
 The manufacturing premises, machinery, etc., have already been sold.
 The entire stock of Furniture, Upholstering Material, etc., amounting to over \$80,000.00 must be disposed of as speedily as possible.
 The Furniture is all our own manufacture, and the reputation earned by the firm during the last fifty years is a sufficient guarantee of its quality.
 The Liquidation being peremptory, dealers and the general public are now afforded such an opportunity as has never occurred heretofore in Canada.

EXHIBITION COMPETITIONS.

At the Provincial, Dominion and Toronto Industrial Exhibitions of 1882, 1883 and 1884, the CALIGRAPH and Remington Type-Writer were in competition, and each year the former received the awards over its rival, manifesting being a leading feature of the test.
 This year (1885) the CALIGRAPH has been exhibited at Toronto, London and Hamilton, receiving First Prize and Diploma at each Exhibition. At London the Type-Writer was entered but withdrawn on the agent learning that the CALIGRAPH would be present. At Hamilton the Type-Writer was present but not entered, which prevented any test as in former years.
 Readers will please note that any unfavorable criticisms apply only to the old style Caligraphs, not to the modern ones.
 The Central Prison Commission work required seven copies of evidence on linen paper, the most of which was done on Caligraphs, and was much superior to the balance done on the Type-Writers, and the same with the evidence at the Kiel trial.
 A GREAT ADVANTAGE. The wide carriage Caligraph takes in the widest conveyancing paper (12 1/2 inches wide), and as narrow as is desired. Price of this machine is \$105.00 cash, price of ordinary Caligraph, which takes paper 11 inches wide, or an inch wider than the Type-Writer, is \$120.00 cash. Table with metallic drawers, \$7.
 The Caligraph Copy-holder, price \$2.50, is the neatest and most convenient for all purposes.

LEADING MANUFACTURERS PREFER IT.

OFFICE OF THE MASSEY MANUFACTURING CO., TORONTO, JAN. 24, 1885.
 A. J. HENDERSON, Esq., Agent for the Caligraph, Toronto, Ont.:
 DEAR SIR,—We have much pleasure in testifying to the superior quality of workmanship of the Caligraph. Having seen and used several type-writing machines, we have found none that please so well as the Caligraph, and we cheerfully recommend it to any intending purchasers of writing machines as the best in the market.
 Yours truly,
 (Signed) H. A. MASSEY, President.

THEY ALL PREFERRED THE CALIGRAPH

A leading law firm, now using four Caligraphs, writes:
 A. J. HENDERSON, Esq., 15 Adelaide St. East. TORONTO, 3rd February, 1885.
 DEAR SIR,—We are very glad to testify our satisfaction at the use of the Caligraphs purchased from you. They are constantly at work and seem to need very little repair. When we determined to get a third instrument into the office, we allowed our clerks who work the Caligraphs to have either a third Caligraph or a Type-Writer, as they might see fit, and after making due inquiry they all decided in favour of the Caligraph.
 Yours truly,
 (Signed) BLAKE, KERR, LASH & CASSELS.
