

The Most Extensive Pure Bred Live Stock Establishment in the World.

New Importations Constantly Arriving

Entirely Individual Excellence and Choice Breeding

Clydesdale Horses, Percheron - Norman Horses, English Draft Horses, Trotting-Bred Roadsters, Imported French Coachers, Cleveland Bays and Shetland Ponies, Holstein and Devon Cattle.

No further evidence is needed of the usual CARE with which our stock has been selected than the fact that the HUNDREDS of animals imported and sold by us during a career of ten years, every one, we believe, including all kinds and all breeds, is now alive and doing well, with the exception of only five. We feel safe in saying that no other establishment in America can approach such a showing for the length of time and the large number of animals.

No careful and judicious person will fail to well consider this important fact, in making his purchases. We invite critical inspection of our stock and careful comparison with that of any other establishment.

THE ONLY ENGINE WATERLOUS ENGINE WORKS CO., BRANTFORD, CANADA.

Which stands the Test of time, and still continues more popular than ever. Threshing belts—6, 8 and 10 inch Gandy and four ply rubber kept on stock.

In consequence of the increasing demand for my ENGINES, I have added to my shops and machinery, and shall largely increase the production of Engines for 1895.

The engine may be seen at Van Tassell's feed bridge warehouse, Belleville. As a proof of the popularity of my Threshing Engines, I may state that three or four other firms have commenced to imitate them, but sensible farmers will see that they get a genuine WHITE ENGINE.
I am now making a larger number than ever before for the coming season.

It is licensed by all Insurance Co.'s and has proved itself to be the most durable.

The engine for the Northwest is made to burn either coal, wood or straw.
