

Dairy Butter

During the next few weeks Lumber Camps will be putting in their Winter supplies and we shall want large quantities of Butter to supply our customers.

The fact of our being so largely in the Ham and Bacon trade brings us in contact with the large buyers. We strongly advise you to send along your butter promptly while there is a demand, as once this trade is supplied you can only depend on the export demand, which will mean very low prices.

Chicago Hide Market.

This has been a broken week. Business was entirely suspended Thursday on account of the president's funeral, consequently transactions are rather limited. Bufts, the leading hides in the country market, have sold on a regular selection at 9 1-4 and 8 1-4 cents, with a few sales at 1-4 cent higher for all No. 1 or all No. 2. The bulk of the sales were reported at 9 1-4 cents.

It is claimed bufts have sold at outside points in car lots at 9 1-2 cents, less Chicago freight. Eastern markets are about steady; 9 1-2 cents has been paid at Ohio points for a few cars, but 9 1-4 cents is the tannery's idea of value, and they refuse to pay the advance for any large quantities. The quality of the receipts is about the best of the year. Dealers being aware of this fact are not anxious to sell at present quotations.

No. 1 heavy native steers, 60 lbs. and over, free of brands and grubs, are selling in less than car lots at 10 3-4 to 11 cents per pound. The supply is rather limited. Dealers report the country kill of heavy cattle lighter than usual. Prices same week in 1900, 9 1-4 and 8 1-4 cents.

No. 1 heavy native cows, 60 lbs. and up, free of grubs and brands, continue in good demand. Prices remain firm for a regular selection, at 9 3-4 to 9 7-8 cents; spreads, if sold separately, command 1-4 cent higher; one or two cars changed hands this week. Sale prices same week last year, 8 5-8 cents; No. 2, 7-8 cents.

Branded cows and steers, sole-leather weights, running well for steers, packer take-off, are held at 9 1-4 to 9 3-4 flat; 40 lbs. and up, country receipts, 8 1-2 cents flat; under 40 lbs., 5 cents. A few cars were taken, averaging from 52 to 55 lbs., at 8 1-2 to 8 3-4 cents flat. Last year's prices, same week, 7 1-2 to 7 3-4 cents.

No. 1 bufts, free of grubs and brands, 40 to 60 lbs., are in excellent demand. Tanners are quite anxious to lay in a supply of choice hides which are now arriving. Several thousand have been shipped out at 9 1-4 cents; seconds at 8 1-4 cents; occasionally a car of all No. 1 sells at 1-4 cent higher, one car all No. 2, sold to-day at 8 1-2 cents. Prices a year ago, 8 1-2 and 7 1-2 cents.

No. 1 extra mes, 25 to 40 lbs., free of grubs and brands, meet with ready sale at 9 1-4 to 9 3-8 cents; seconds, 1 cent less. Reported sale of 2000 at 9 1-4 cents. Market firm.

Bulls rule about the same price as last year. Sales have been made at 8 3-4 cents flat, which is considered reasonable, as compared with prices at 10 1-2 cents; branded quoted at 7 1-2 to 7 3-4 cents. Quotations same week a year ago, 7 to 7 1-4 cents.

No. 1 calf skins, 8 to 15 lbs.; city skins, are very firm at 12 cents. No. 2, 10 1-2 cents. Outside cities selling at 11 3-4 cents. Several cars have been shipped out this week. Foreign skins are higher. Several large lots have been taken by American tanners, which has reduced the stocks on the other side. Chicago cities sold same week last year at 10 1-4 cents.

No. 1 country calf skins, 8 to 15 lbs., are in demand at 11 1-4 to 11 1-2 cents; No. 2, 1 1-2 cents per lb. less. A fair movement is reported, considering the small supply of skins at this season, of the year. A year ago No. 1, 9 3-4 cents.

No. 1 kips, 15 to 25 lbs., are unchanged in price from last week. The quotations then were for skins running well for veals, 9 3-4 to 10 cents, at a lower price; No. 2, 1 1-2 cents per lb. off. A few cars taken at both prices during the week. Skins price same week last year, 9 to 9 1-4 cents.

Deakins are quite popular at 60 to 62 1-2 cents for shagreened, 7 lbs. 7 to 8 lbs., 80 to 82 1-2 cents. Closely picked up.

Stunks in small supply; arrivals limited. Countries quoted at 30 cents flat; small and hairless skins, half price; packer skins, sale 1.000, at a western point, at 50 cents.—Hide and Leather.

Latest estimates place the apple crop of the United States at 40 per cent. of the average.

It is rumored that Chicago parties contemplate building a large modern department house in Winnipeg. The firm of Lilly & Carter, general merchants, Dauphin, Man., will open a branch of their business there under the name of E. Bailey, formerly of Bracebridge, Ont., is opening a general store at Kamloops, B. C.
