THE  
COD LIVER  
PREPARATION  
WITHOUT  
OIL

## A famous reconstructive tonic improved by modern science

Especially Valuable for Old People and delicate children, weak, run-down persons, after sickness, and for all pulmonary troubles

Vinol is a delicious modern Cod Liver preparation without oil, made by a scientific extractive and concentrating process from fresh Cod's Livers, combining the two most world famed tonics, peptonate of iron and all the medicinal, healing, body-building elements of Cod Liver Oil but no oil. Vinol is much superior to old-fashioned cod liver oil and emulsions because while it contains all the medicinal value they do, unlike them Vinol is deliciously palatable and agreeable to the weakest stomach.
