British Columbia Timber

THE eyes of lumbermen every-
where are turned toward
British Columbia as the last great
supply source of timber in America.

More than \$100,000,000 of United
States capital and
vast amounts of
British capital
have been invested
in B.C. timber
limits and mills
within the last six
years.

The development of the Canadian
prairies and the diminution of the
world's timber supply is enhancing
the value very rapidly.

Through its thorough organiza-
tion and its field experts, this
company has accurate information
about a large proportion of the
available timber properties in B.C.
at the present time.

More over, we are
interested and in
touch with some of
the largest lumber
concerns of Wes-
tern Canada and
have additional

information from this source.

If you wish to purchase for
yourself, we shall be glad to talk
the matter up with you.
