 to ALL employees

... Commencing with March 1, 1976, Treasury Board introduced a requirement for Departments to submit an annual report on Equal Opportunities for Women. The format and contents of these reports have now become reasonably standardized and we hope you will find the attached copy of the latest report interesting and informative.

2. The departmental objectives for 1978-79 (see Pages 80 through 89 of the Report for more details) were published in Administrative Notice No. 18 of May 1, as were the names of the EOW Committee members.

3. Please ensure that every member of your staff has an opportunity to read the report. Ideas or observations on the Report would be welcome and should be addressed to the Departmental EOW Co-ordinator in APOH.

John Hedwin
 for Under-Secretary of State
 for External Affairs
