

Don't be a life-long invalid. You can rid yourself of this disease if you will. MILBURN'S RHEUMATIC PILLS will not only take away every trace of the Gout from your system—if used in the early stages—but will cure the Dyspepsia which accompanies it, and give you renewed health and vigor.

The famous Sydenham once said that "More wise men than fools were the victims of Gout." Still, wise men, no more than fools, care to suffer. Your wisdom should indicate to you that the reasonable and reliable remedy is MILBURN'S RHEUMATIC PILLS, and that they are worthy of a trial.

---

## **LUMBAGO.**

This is practically a rheumatism of the muscles of the loins. It comes on as the result of cold or exposure, sitting in a draught, or becoming chilled after heavy exertion. In many cases the attack is so severe that the person may be unable to turn in bed or rise from the sitting posture. Any attempt at movement produces the most excruciating pain, and the poor victim is utterly powerless to help himself.

The relief brought by MILBURN'S RHEUMATIC PILLS to such sufferers is most welcome. They make the pain subside and take out the stiffness and soreness. They unlimber the bent back so that walking erect causes no ache, and no twinge passes through the small of the back when arising or sitting down. They put you in such condition that your usual occupation may soon again be pursued without inconvenience or discomfort. The blood-building, blood-purifying, strength-giving ingredients of MILBURN'S RHEUMATIC PILLS, build up your health and make you fit for any duty; while the specific ingredients take away every trace of the painful disease.
