DOCTOR NEEDED FOR TODMORDEN

All Those Available Live Too Far Away to Respond Quickly.

ANNEXATION DISCUSSED

Some Favor It Without Conditions—Others Want Fixed Assessment.

The Todmorden district is once again without a doctor, Dr. Leary of Torrens avenue having left to go to his home at Cooksville.

Building Stopped. Building of the hospital absolutely at a standstill as the result of King Frost's reign.

The choir of the Anglican Church are holding a concert on Thursday, the 19th, the proceeds to go towards new music for the choir and the re-arranging of the choir.

Next Sunday night the pulpit at St. Barnabas will be filled by Rev. A. A. Bryant, while Rev. F. E. Powell will be the preacher at St. Andrew's.

The annexation of the Glebe estate and the serious consideration given to the annexation of the territory north of Danforth, to St. Clair avenue, by the city council on Tuesday, has set the people in Todmorden and Cedarvale talking again.

While there are a number who still regard the scheme with disfavor, there is a marked increase in the ranks of the annexationists.

In conversation with The World last night, George W. Crosby, president of the Ratepayers' Association, said that annexation was the only thing to do.

"If we could have the district annexed under a fixed assessment for three years, or all such time as the city would be able to give, the improvements badly needed, I don't think there would be one dissenting voice among the property-owners," he said.

Mr. Crosby also thought that something would have to be done, or the unsanitary state of affairs which exists will cause an epidemic of some kind to go into the city, then some kind of a sewage disposal plant will have to be installed.

No Fire Protection. "We have no police or fire protection, this being the most serious thing to do, a fire break out in the neighborhood," he said.

NEW TORONTO. When the milder weather comes building will be brisk in New Toronto. Plans completed, and owners are ready to have expressed the intention of building a number of houses this spring.

By the first of April Lewis, a ranch will have electric light and power, and the wires will be strung along Brown's line.

To the Citizens of Toronto:

We have been instructed by the owners of one of our properties—for which we are exclusive agents—to dispose of a limited number of lots at a price, barring all gain.

The property is splendidly situated, is reasonably close to a car line, and is within such a radius as to insure rapid and permanent increase in value.

Whether you are contemplating an investment or not, you cannot afford to overlook this splendid proposition. The prices and terms cannot be equalled, and on comparison with the valuation of surrounding property, this land is an exceptional bargain at the figures at which it is being offered.

Quick action is necessary in order to secure one of these lots, as only a limited number are to be sold, and the prices are subject to an increase at any time.
