

The speeches delivered at this dinner by Mr. BRYDESS, the President of the Club, and Hon. D. A. SMITH, of the Canadian Pacific Railway Co., are also published as containing facts of interest.

The speech of the Governor General is reproduced in the more permanent form of a pamphlet from the newspaper reports, for the reason that many desire to preserve it, and for the confidence that will everywhere be attached to his Excellency's expressed appreciation of the capabilities and resources of the very large extent of territory over which he travelled.

Department of Agriculture,
Ottawa, Nov., 1881.
