Not so much a question of who he is-as it is.

Does he sell sterling goods?

Can a man depend on it he's picking his choice from makers of brands known the world over as the acme of all that's good and reliable?

For the hatter who ignores "London" and "New York" Brands and tries to trade entirely on his local reputation is in a fair way to put himself "out of business."

We know this—and that's why we're proud to parade the names of such noted makers as

Tress-Woodrow-Cooksey and other noted English fashioners.

And Youmans - Hawes -Roelof and other reputable American fashioners.

And the beauty of it is we sell the best that's made for as little money as many an inferior "hood" is sold by some hatters hereabout—this is not boast-it's fact.

"Youmans." We are sole selling agents for this noted New York maker-no

And just now we're stocked well up with the newest blocks in all of them.

We bank our business existence on selling good quality hats-and to-day you'll find we've away and beyond the grandest range of the season's styles in blacks and all the popular shades and weights you'll find this side of New York or London. We appreciate your appreciation of our constant aim to have the most quality for the least money and stand ready to serve you to the best.

Everyone Can Save Money Gathering Trading Stamps

There is no fiction in this story. Every day in thousands of homes in Toronto and other cities and towns throughout the Dominion, this pleasant fact finds practical and appreciative demonstration.

You Ask, What are Trading Stamps?

To the merchant they are discounts for your cash. The wholesaler gives the retailer a discount for his cash, and you are entitled to a discount also, and get it in stores where trading stamps are given.

To the Dominion Trading Stamp Co. they are receipts, proving the amount of your cash purchases-doing a grand work for home economy in encouraging the payment of cash.

To yourself they are savings for your home, and the prosperous homes—the kind of homes that build up a nation-are those where prudent economy prevails.

-SAVINGS-That you formerly lost by neglect.

-SAVINGS-That come to you daily on everything you buy, whether your purchases are large or small.

-SAVINGS-That enterprising merchants can afford to give you, as your cash enables them to get their discounts, prevents errors in charging, lessens the expense of bookkeeping and collecting, and avoids losses on bad accounts-which ordinarily the cash-paying customer has to pay for.

-SAVINGS-That no matter from what store, in what city, or what

part of the Dominion obtained, are transferable, exchangeable and redeemable at all agencies. The system is plain and simple and commonsense. All showrooms are open to the public, where the goods that are given in exchange for

the stamps are to be seen and examined. No goods are sold in the stores. They are there for the one purpose only-to redeem the stamps

collected by the merchants' customers. Stamp books are free on application.

I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains.
