Derby Race, Buffalo, August 30. The great American Derby race will be run at Buffalo on Saturday, Aug. 30. Considerable interest is being taken in this event. The Canadian Pacific Railway announce a rate of \$3.15 Toronto to Buffalo and return, good until Sept. 2. Trains leave Union Depot at 7:50 a.m., 9:45 a.m., arriving at Buffalo 10:55 a.m. and 12:40 p.m., respectively. On return trip trains leave Buffalo at 7:45 a.m., 9:40 p.m. and 6:00 p.m., arriving Toronto at 10:50 a.m., 4:00 p.m. and 9:05 p.m., respectively. All trains run thru without change. A first-class dining car is attached to train leaving Buffalo at 7:45 a.m. Monday, Sept. 1, being a public holiday in Toronto, passengers will have an opportunity of attending the races on Saturday and spending Sunday and Monday with friends in Buffalo, returning on the 4:00 p.m. train from Buffalo, arriving in Toronto in good time.

Soldiers at Niagara Falls. Niagara Falls, Ont., Aug. 28.—The Dufferin Rifles of Brantford will arrive here tomorrow, and will remain until Monday afternoon. On Sunday there will be a church parade of the regiment to All Saints Church, and in the afternoon the band will give a sacred concert in Queen Victoria Park.

Another Opportunity. Muskoka is now at its best. The Grand Trunk Labor Day arrangements grant single fare round trip to any point on the Muskoka Lakes going Saturday, Aug. 30, and good for returning until Tuesday, Sept. 2. For the benefit of those desiring to return in time for business Tuesday, a special steamer will leave Rossau at 7 p.m. Monday, calling at the Royal points, connecting with train arriving Toronto 7 a.m. Tuesday. City office northwest corner King and Yonge-streets.

NEW EXECUTIVE MEETS.

Canadian Manufacturers Presided Over By Cyrus A. Bolge. The new Executive Council of the Canadian Manufacturers' Association held its first meeting on Thursday afternoon, with the newly-elected president, Cyrus A. Bolge of Hamilton, in the chair. The meeting was held at the Hotel Hamilton, and was presided over by the president, who expressed pleasure at presiding over a meeting at which were represented Canada's industrial chiefs. He believed the association was entering on a year that would prove a most successful one, and urged the members to do their best to further the work.

Secretary Young of the Canadian Manufacturers' Association was advised on Wednesday that the new South African steamship service to South Africa will be inaugurated by the Allan, Elder and Company, of Furness, Lines, under contract with the British and Canadian governments, on Oct. 18. On that date the first boat will leave Montreal, and the second boat on Nov. 18. On Dec. 18, the steamer will clear from Halifax. The ports of call will be Cape Town and Durban, and in turn Port Elizabeth and New London, and probably Delagoa Bay.

Complaints come to this office sometimes about imprudence in observing a change of address in delivering the World to a subscriber. In every instance the fault lies with the subscriber. He has perhaps neglected to give his former address when giving the notice of his change. Amongst 25,250 daily subscribers it often takes days to find the correct name and address of the subscriber who may have written. In all requests for changes the former address should always be carefully cited.

THE DAY AT THE CITY HALL

Court of Revision Cannot Think Out Any Way to Properly Tax Hotelkeepers.

SOME APPEALS ARE SUCCESSFUL

Presentation of Civic Medals to Soldiers at Exhibition—Excessable Digest on Parliament-St. Before the Court of Revision adjourned yesterday afternoon it talked to itself for a few moments about the taxation of hotelkeepers, which is really a serious joke. The state of the law, it was decided, puts the court in such a position that these citizens, who get cash down for all they sell, can't be taxed on a personality, because they owe so much money to their brewer or creditor. However, the bon faces have escaped well for this year, but the ordinary citizen must pay his income tax, no matter where he spends the income.

Some Appeals. The appeals against assessments in Ward 3 were continued. One important decision reached was that stock held by trustees living here, the income of which does not come to the city, is assessable here. Decisions of the county judge last year were respected by the court on the appeal of Mrs. Marian Jones, who was assessed for stock held in the dividends of which did not come to Toronto, but were deposited in a bank at Brockville, but as Mr. Jones lives here, he must be assessed here. Thus the assessment was confirmed.

Appeal Disallowed. The City and County made an attempt to avoid the tax on the ground that they had assigned, and were going on the ground that the appeal was disallowed. Michael Finkelstein got a reduction assessed on his horse and carriage on his butcher shop on York-street.

W. D. McIntosh appealed against an assessment of \$150 on his land at Yonge and Albert-streets, occupied by the Bachrach Co., but the assessment was confirmed on a recent decision of the county judge. St. Michael's Hospital secured exemption on 123 to 129 Victoria-street, which is now used for hospital purposes. Philomena Laylor had an assessment of \$150 on her property at West King-street reduced to \$100. The personality of the Royal Insurance Company was reduced from \$24 to \$800.

Not Ready to Go on. There seems to be a little nervousness in regard to the charges of the Retail Merchants' Association against the Assessment Commission. Mr. E. M. Trovren has been appointed to investigate the charges. Mr. Burns of the investigating committee has not been ready to proceed further until the Board of Assessors has been notified that the enquiry will be continued to-day as arranged.

James S. Carter of the Medical Health Department was fishing with minnows in a tank, a very small animal, when he was caught. The fish was taken to the shore, and was hauled to the shore. Reason, Too for Dispute. There is a lot of dispute evident and plainly expressed among residents of the north end of Parliament-street, and they are wondering what kind of real soft stuff the City Engineer is made of when he allows the street to be a cesspool. It is a disgrace that they are now becoming accustomed to, while waiting for the extension of the street to the north end.

Medals for the Soldiers. Some prominent citizens and the soldiers who served in South Africa will receive to-day the following letter and enclosure from the City Clerk's Department. "I beg to enclose, with the compliments of the Industrial Exhibition Association, a case of medals to be presented to the soldiers who served in South Africa. The medals are of the gold and silver metal, and are of the design of the Industrial Exhibition Association. The medals are of the gold and silver metal, and are of the design of the Industrial Exhibition Association. The medals are of the gold and silver metal, and are of the design of the Industrial Exhibition Association.

Premier Barton Accepts. Premier Barton, now in New York, wired Tuesday afternoon. On Saturday he will accept the invitation of the Board of Trade banquet, to be given at the Toronto Club on the evening of Sept. 3, but registers his inability to be present at Lord Dunsford's banquet on Sept. 1. The plan for the Barton banquet will be opened this morning at the office of Paul Jarvis. As this will be the center of the day, it will appear in Canada, great things are expected.

Security of Children. It is a curious fact that although there are nearly two thousand dependent children in the various orphan homes of the province, it is impossible to meet one-half the demand there is on the part of respectable families for the adoption of children. J. J. Kelso, superintendent of the Children's Department, states that all the children who are available for adoption are taken up immediately at the time that usually at Exhibition time there is an extra number of applications.

Dr. J. D. Kellogg's Dysentery Cordial is a specific for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children. It gives immediate relief to those who are suffering from these ailments. It is a safe and reliable remedy, and is available at all drug stores.

Promises of Quiet. Constantinople, Aug. 28.—The Patriarchal Council met to-day and signed a document setting forth the joy of the Armenians and promising tranquility.

Improved Service to New York. If it is possible to improve the service offered by the New York Central, it will be done. The New York Central is now offering a special service to New York, with the addition of the dining car on the evening train at 5:20 o'clock. The service is improved.

Ferred Going Trip. Chicago, Aug. 28.—Mrs. John McCurdy, a bride of three months, committed suicide by gas, because she thought she would become insane.

WILL ERECT A PLANT.

For Development of Actinolite on Farm in Hastings. John Critchley, representative of the American Actinolite and Asbestos Company, New York, is in the city on business, and on Thursday called upon the officials at the Bureau of Mines and apprised them of the rather pleasing information that his company was about to erect a plant upon some property in Elzevir Township, Hastings County, where actinolite had been discovered. Already his company had secured possession of the property in question. He had shipped several carloads of the actinolite found upon the property, and reports of a most excellent quality of the mineral received about its merits. As a consequence an immediate development has been advised. Actinolite is a sort of asbestos, and is used in the manufacture of paint that is impervious to the danger of fire from flying sparks or cinders.

ONLY THREE DAYS AWAY. Canada's Great Fair Will Be Opened on the Fourth Day From Now. Three days more and the sun will have dawned on the twenty-fourth annual exhibition in Toronto. The only question as to its success rests with the weather. If the sun shines, the arrangements and the exhibits warrant the expectation that in every respect it will be a record breaker. The exhibits are more numerous than ever before, while as regards attractions, Toronto Exhibition in 1902 can challenge any one of its predecessors to prove that any one of them had anything to equal them. Everything now depends upon the weather. The exhibits have done their best, it remains only for the people to do theirs. It can only be consummated by united action and active expression of appreciation on the part of the people. The advance season tickets have gone off well, and the time for their sale has been extended until Monday, when they will be withdrawn. There have already been some enquiries for the grand stand specially reserved and numbered seats, which have been cushioned, but the plans will not open at Northmead's, 15 West King-street, until the afternoon. On Saturday afternoon and all day Monday they will be on sale at the treasurer's office on the grounds.

The four Orloffs, acrobats, that have been creating a furore all this season, have been added to the attractions in front of the grand stand. Their horridly grotesque performance is said to be absolutely the premier thing of the kind in the world. The medals to be presented by Earl Dunsford immediately at the close of the opening ceremonies. The advance guard of the James Pain and Son fireworks parade turned up yesterday in the person of Frank Picard. He says that the firm will present many novelties in Toronto. The party accompanying the Earl of Dunsford when he comes to Toronto for the opening will include His Lordship's sister, Lady Elizabeth Cochrane, Mrs. Maude Col. Lord Aslymer, Col. Cotton and Lieut. Newton, A.D.C., with two men servants and a maid.

Dispute Over Corundum Property. It was learned at the Bureau of Mines, Thursday, that there is a matter for settlement by the Commissioner of Crown Lands and the Director of Mines that will entail some little business on their part. It seems that John Donnelly of Kingston has commenced development of a corundum property at Palmer Rapids, in Raglan Township, and the Canada Corundum Company have notified him that they hold a lease of the mining privilege in that district for several years to come. Mr. Donnelly, however, has continued operations, and as a result, a law suit is not unlikely over the matter.

Pan-American Diplomas. C. C. James, Deputy Minister of Agriculture, received a number of very pretty diplomas, Thursday, from the Pan-American Exposition authorities, in recognition of services rendered in connection with the Canadian exhibit at the Exposition. The thoughtful tributes are termed "commemorative diplomas" and were accompanied with a list of those who received them, who are as follows: Hon. Sidney Fisher, Hon. John Dryden, Hon. E. J. Davis, William Hutchinson, C. C. James, T. W. Gordon, W. H. Bunting, F. N. Speller, David Boyle, Robert Thompson, J. J. Collins and the North American Bent Chair Company.
