STATE-OWNED EXPRESS.

Editor World: Does the proposed state ownership of ways embrace the express business dône on them? Is an express company's tariff subject to government revision, as are rail. way rates at present?

A few days ago I sent a smalld fox terrier dog from South Park-dale to Eastwood, a distance of press company's charge was one dellar and a half. The railway's charge for carrying a man over the distance is less than two and a hali. Don't you think this an entirely indefensible extortion, and one affording an argument in favor of state ownership? Two cents a mile on a little dog, squatting on bare boards! Think of it! It is the very tariff you are trying, I think, to introduce in the case of bipeds travelling by rail on plush cushions; with steam - heating; boys selling things you never want; a man to shout the next station in inarticulate tones, and other luxuries thrown in. I once had occasion to unmask the abominable charges of the American Express Company in Canada. can tell me, perhaps, if this is the same old company? If so, its charges smell no sweeter under another name. I think it must still be an American company, because I wrote to the manager on the subject some days ago, and have received no answer. He has probably referred my complaint to New York, and so the delay is accounted for

Thomas C. Patteson. Mr. Patteson's letter is one of many ownership of the express service. But of this country in order to get the scent at this very moment." To-day the people of Canada own, and they have aways owned, their postoffice. So do the people of Great Briworld. Under such a service, Mr. the way for less than a mark (20 as well looked after as he says passengers are looked after here in Am-They have no private express com-

THE UNION TRUST COMPANY, LIMITED, Have a Successful Year_Sir John A Boyd, K.C.M.G., Succeeds Judge

McDougall, The Second Annual Meeting of the Inion Trust Company was held in the Temple Building on Tuesday, the 24th inst. In the absence of the President, Mr. Matthew Wilson, K. C., was voted to the chair. The Hon. George E. Foster, General Manager, read the Directors' Report, and the Hon. Elliott G. Stevenson, seconded by Lieut, Col. John I. Davidson, moved its adoption, which was enthusiastically car-

ried.

The Company now has a paid-up capital of \$1,000,000, and, in addition, a Reservic and Contingent Fund, amounting to \$226,878.94. amounting to \$226,878.94.

The Company has been incorporated only since 7th August, 1901, and yet has been able to pay all organization expenses and show an additional net earning of a little over nine and three-quarters per centum on the naid in earning of a little over nine and three-quarters per centum on the paid-up capital. The increase an the Company's business during the past year has been very great. After declaring a dividend at the rate of 4 per cent, the Directors added \$25,000 to the Reserve Fund. The Company's investments of its own capital and of moneys for clients now amount to \$1,974,032.26, to which may be added \$10,100 cash on hand. The staff of the Company has been increased by

\$10,100 cash on hand. The staff of the Company has been increased by the appointment as Assistant-Manager of Mr. J. M. McWhinney, barrister, formerly secretary-treasurer of the Synod of Huron.

The General Manager and staff, as well as the Inspection Committee, were highly complimented upon the success and thoroughness of their work. There was a unanimous and deep regret expressed over the loss of His Honor

\$10,100 cash on hand. The staff of the Company has been increased by brains can brain can be produce.

Friday we will sell extra strong Telescope Cases, with three inside straps, 79 marbleized Iron Trunks, extra strongly made, tray and hat box, reg. \$3, 2.25 for Square Top Waterproof Canvas-covered and thoroughness of their work. There was a unanimous and deep regret expressed over the loss of His Honor Judge McDougall, who has, with Mr. Wilson, been a Director and member of the Inspection Committee since the organization of the Company. The Hon, Mr. Chancellor Boyd succeeds Judge McDougall on the directorate. With this exception, the old heard was Judge McDougall on the directorate.
With this exception, the old board was re-elected. The Directors for the ensuing year are as follows: Oronhyatekha, M. D.; Hon. George E. Foster, Hon. Elliott G. Stevenson, Matthew Wilson, K. C.; Lleut.-Col. John A. McGillivray, K. C.; Sir John A. Boyd. K.C.M.G., and Lieut.-Col. John I. Davidson.

vidson.

Messrs. Arthur C. Neff. F.C.A., and Colin R. W. Postlethwaite. C. A., were re-elected Auditors.

At a subsequent meeting of the Directors, Oronhyatekha, M.D., was elected President; Hon. George E. Foster, 1st Vice-President, and Hon. Elliott G. Stevenson, 2nd Vice-President.

ALL BY EXPRESS.

MORE ANTI-VACCINE,

of the same. Why is it that so many people allow their children to be treated in such a way as to let any doctor poison the system of that child, causing suffering for weeks at a time, and sometimes making the child's arm useless. Is it because so many people are Rockaways, sometimes making the child's arm use-less. Is it because so many people are ignorant, or are they like so many cattle? Just because a body of men say that it is the only cure, and the people believe them. Half the people in Toronto, if you were to get their own opinion on vaccination, would tell you they did not believe in it, but because it has become an old custom and be-cause the law says so they have to put up with it. Now the Health Depart-ment is going further and are going to compel the people, under a penalty of a fine, to accept vaccination. I oubt if any doctor in this city ca prove positively that vaccination prevent smallpox, or that this body, made by God himself. needs any such contaminated poi ness can nearly always be traced to ness can nearly always be traced to dirty places. Cleanliness and health go hand in hand. If our Board of Health in this city took copy from the Board of Health in Cleveland, Toronto would be as free from every kind of fever, etc., in a month's time. Good sanitation is what we want, and it is coming to such that we will have to rise up and demand our rights. If people would only think they would see the folly and danger they subject their children to when they allow any doctor to take the poisonous matter from a running sore off an animal and inject it into a heathy child. How did the people in the old days get along before vacci. a heathy child. How did the people in the old days get along before vaccination was discovered? How is it that the Indian and the savage do not need to be vaccinated? How many people die from being vaccinated? If the truth was known, it is a good money maker for the doctors, and well they know it. If 10,000 people were to they know it. If 10,000 people were to go down to Ottawa and tell the government that they did not believe in vaccination and would not have it, what would the government do? There would be quite a different song. Talk about your combines, etc., I think this medical combine beats them all. Let us join beautiful the what sould house thinks. hands and see what good, honest-think-ing people can do to rid us of the abominable vaccination craze.

The World thinks it has now given a fair opportunity to the anti-vaccinators to express their yiews and cannot afford any more space to the subject.

PLEASE SHOW YOUR AUTHORITY East End are asked to vote for a system of sewerage. Plans, specifications and estimates have already been submitted to them by our City Engineer for same. Will Mr. Rust, City Engineer, and Ald. Richardson, as chairman of the public meeting held in Kew Beach fire hall, kindly say who gave SEE THE them authority, or why they usurp the power of the Provincial Board of Health, re clauses 30, 31, 32, 33, 34 and 35, page 8 Provincial Board of Health Act of 1902-3; also as the chairm of the said meeting refused to all the writer to ask questions in order place the matter in a proper light be fore the residents. You will, Mr Editor, kindly inform the ratepayer that Mr. Rust's proposed system cannobe adopted, and that Dr. P. H. Brycalone has the authority to say who flow sewers to pollute the lake or p the people to the additional expense pumping out cellar and storm water out of this separate system. Nor will his system, if he gives us one, cost the ratepayers one-half as much in ten years as the one proposed. His system will also be approved of by our Medical Health Officer, Dr. Sheard, if they see fit to have a system introduced in the
