**PATRICIA**  
"The Bar Sinister" at the Patricia next Monday, Tuesday and Wednesday.  
"The Bar Sinister" is the feature screen production at the Patricia Theatre next Monday, Tuesday and Wednesday.  
It is a stirring exposition of one of the most vital problems confronting humanity, a picture millions will wish to see, and yet by its careful and intelligent treatment of a delicate subject there is not one line, scene or situation which could offend even the most acute and sensitive.  
From the gifted pen of Anthony P. Kelly, the most successful of all photo-play authors, "The Bar Sinister" stands as a landmark in the evolution of motion pictures as an art because it is the first great original contribution to photodrama, literature. It is not a photoplay, but sets forth in actual pictures the processes of a wonderful dramatic imagination.  
The underlying theme of "The Bar Sinister" is the spiritual equality of mankind regardless of race, creed or color.  
Is a man or woman the better spiritually because he or she is white? Does the color of the skin make any difference in the fibre of the soul?  
In the eyes of God are not all men equal?  
"The Bar Sinister" does not pretend to solve these problems. It is designed to make one think. There is no escape from its utter drama.  
There are, to be sure, many episodes that require masterful direction, for the views of men and women in Texas differ from those of men and women in New York. Therefore Mr. Lewis was compelled to watch carefully every scene and every title, for he was treating the story skilfully through the mine fields of prejudice into the open sea of tolerance.  
The argument unfolded by "The Bar Sinister" is that the barrier of race is a social one and not spiritual and that the finest men in each race will be

be shown at the Majestic Theatre on Wednesday and Thursday next. Alice Brady has a superb vehicle for her dramatic talents in a tale of true love conquering the fatalities of smart Parisian society life. At the arrival of the rich and influential Prince Boisard, who grows infatuated with her charms, she promises to give herself to him if he will further her career. This powerful noblemen she does successfully, and demands his payment. On the evening after the opening of the "Salon" where Val's portrait of Arlette as a paragon nymph wins the grand prize, the prince holds a gorgeous fancy dress ball at which Arlette publicly acknowledges him as her lover. The artist is also present, and naturally misconstrues all she has done for him.

Dr. James Francis Sullivan and other physicians help to increase strength and endurance and build up weak, nervous, run-down folks.  
"What every soldier most needs is tremendous 'stay there' strength, power, and endurance, with nerves of steel and blood of iron. To help produce this result there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron," says Dr. James Francis Sullivan, a physician of Bellevue Hospital (Out-door Dept.), New York, and the Westchester County Hospital, "I have personally found it of great value as a tonic, strength and blood builder. I believe it of Shiloh who entered the U. S. Army as a drummer boy at the age of 12 years. He was followed many years later by Gen. Gordon, who was a hero of the battle of Gettysburg. ## Too Little Exercise

THE necessity of using medicine to regulate the action of the liver, kidneys and bowels is largely due to the changed conditions of life during recent years.

Our fathers lived a life of activity in the open air. If they ate heartily they had sufficient exercise to keep the liver and bowels active and to thereby remove the poisonous waste from the body.

To-day we get too little exercise and too little fresh air. The food we eat is more concentrated and artificial. The result is much discomfort and the development of serious disease from constipation of the bowels and torpid condition of the liver. Kidney disease, rheumatism, lumbago, backache—all have their beginning in the inactivity of the liver and bowels.

The great secret of keeping in health is to look to the regularity of these filtering and eliminating organs, and Dr. Chase's Kidney-Liver Pills is the most satisfactory medicine obtainable for this purpose.

If you read the reports appearing in this paper, from time to time, from persons who have used this treatment with good results, you will find that Dr. Chase's Kidney-Liver Pills are effective where ordinary medicines fail. This success is due to their combined action on the liver, kidneys and bowels. One pill a dose at bedtime as often as is necessary to keep the bowels in healthful action, will also ensure the regularity of the liver and kidneys and thereby keep the blood pure and the system free from the accumulating poisons which cause disease and suffering.

One pill a dose, 25 cents a box, all dealers or Edmondson Bates & Co., Ltd., Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.
