

# STYLE Moderately Priced

In our Ladies' Millinery Department we have put our best effort forward to be able to offer real, novel and exclusive ladies' hats at a moderate price.

We believe that there is no other store in Toronto that has succeeded in doing what we have accomplished in this regard. All the models used as examples were imported by our agents in Paris, and every hat has been made under the supervision of one of the best ladies' milliners in Canada.

This week we intend disposing of the beautiful stock now in the show cases at greatly reduced prices.

## BELIEVER IN CANADA'S DESTINY SENDS \$10,000

Anonymous Correspondent Sends Cheque to Governor-General as Donation to Battlefields Fund.

A cheque for \$10,000 has been received by Earl Grey from an anonymous contributor from the Hotel St. Regis, in New York, and has been handed over to the Quebec battlefields commission.

The letter, which explains itself as follows: "To His Excellency Earl Grey, Governor-General, Canada:

"As a British subject, I admire the pluck and patriotism of the Canadians in the work of consecrating the historic battlefields of their country in a way to emphasize the genuineness of the entente cordiale so happily established between the two powerful races resident in the Dominion.

"It is now universally admitted that harmony and goodwill amongst its different races, especially in new country, constitute one of the greatest of national assets.

"If the spirit of unity, typified as it will be, in the course of celebration at Quebec, is perpetuated, Canadians must become a great and powerful people—a lusty nation.

"About this I seem to me, there can scarcely be two opinions, and of this observant outsider are perhaps better able to judge than Canadians themselves.

"Your patriotic efforts, sir, in connection with Canada's tercentenary celebration will deserve to be crowned with the success that is attending them, for every such effort exerts a powerful influence in the building of the national foundation.

"I believe it is a mistake to suppose that intelligent Americans are envious of Canada's prosperity and prospects. Americans look on at the preparations for your coming celebration with deep interest and good will and they will be with you in thousands in July.

"It is not an exaggeration to say that the eyes of a great part of the world are turned towards Canada at this time.

"If it will serve any good purpose to publish this letter, you are at liberty, Earl Grey, to do so.

"With profound respect and the best of goodwill and wishes I enclose my card and a cheque for ten thousand dollars, as a subscription to aid you in your battlefields plans, from 'A Believer in Canada's Destiny.'

## FREE TO MEN UNTIL CURED.

All men, with very few exceptions, were made strong, and should be so through life. Many have abused this grand privilege and through disipation have become weaklings, puny, lack confidence, can't face the slightest difficulty, have drains, losses, impotency, vertigo, rheumatism, lame back, etc., and are mere playthings in the hands of their associates. How deplorable! But all these men can be made full of strength, vigor and life if they will only turn to the right source. Electricity cures these cases. I have been curing thousands every year for nearly forty years. So positive am I of what my world-famed Dr. Sanden Electric Belt will do that if you will call or send for one you can use it.

**FREE UNTIL CURED.** Not a penny on deposit or in advance. I will take your word for results, and only charge price of belt—many cases as low as \$5. My wonderful success has brought forth many limitations of my belt, but my valuable experience to day is that my belt can be had free until a cure is effected, but only at advice and guide my patients cannot be free until a cure is effected, but only at call and get one to-day, or write. I also send two best books ever written upon health and strength of men. Free, sealed, by mail.

## GEN. BULLER IS DEAD SERVED IN MANY WARS

Veteran Soldier Was No Stranger to Canada—Drove the Boer Army From Natal.

LONDON, June 2.—Gen. Redvers Henry Buller, who has been ill for some weeks, is dead. He was born in 1839.

Gen. Buller entered the army in 1858, and in 1881 he had risen to the rank of lieutenant-general. He saw active service in many parts of the world. He served in China in 1860, in the Ashanti war in 1874, in the Kaffir war, in the Zulu war in 1879; he was in South Africa in 1881, and in Egypt in 1882, and was present at the battle of Tel-El-Kebir; he also fought in the Sudan war in 1884, and was secretary for Ireland in 1887.

He became well known during the Boer war as the man who relieved Ladysmith. He was sent out to South Africa in 1899, first as general commanding the forces in South Africa, and afterwards as general officer commanding Natal. He conducted the operations for the relief of Ladysmith, which was successfully accomplished after an investment of 119 days, and subsequently he conducted the operations that resulted in the expulsion of the Boer army from Natal.

The late Gen. Buller, during his long military career, saw a great deal of service in Canada. He came out here with the 1st Battalion of his regiment, the 60th Royal Rifles, which came to Canada during the Fenian raid troubles of 1866, and later accompanied the four companies of that famous corps, which formed part of the Red River expedition of 1870, under Lord Field Marshal Lord Wolseley. It was that expedition which first established the reputation of Lord Wolseley as a soldier, and it was also in the course of that campaign, with its wonderful record of the march of the Canadian and imperial troops thru the wilderness that then existed between Port Arthur and Fort Garry, that Buller first attracted the attention of Lord Wolseley.

Three years later, when Wolseley was selecting his officers for the Assiniboine expedition, he remembered Buller and chose him as one of his staff on that campaign in West Africa.

In April Gen. Buller contracted a chill in London. This indisposition was followed by a severe attack of jaundice and other complications, recovery was hastened by his physician, and the turn for the worse was unexpected.

Gen. Buller married Lady Audrey Jane Charlotte, daughter of the fourth Marquis Townshend.

## THE SORT OF STUFF THAT BULLER WAS MADE OF.

A. W. Wright was a sergeant with No. 2 Co. of the Ontario Rifles during the Red River expedition of 1870, and tells the following anecdote concerning Buller, who was with the 60th Rifles.

At Thunder Bay a fatigue party were working building a magazine. The officer in charge was composedly smoking a pipe, watching the men do the work.

Captain Buller came up, and, without saying anything, took off his tunic, picked up a shovel and started in to help the men dig the trench. Afterwards the lieutenant started in to help, when Captain Buller stopped and said:

"I trust you will carry this out through the campaign. For it is necessary to carry the principle out if we are to have any chance of success."

Buller was for three years stationed at London, Ont., for the intelligence department, and made a thorough study of Western Ontario.

## IN JOINT SESSION. International Waterways Commission Meets at Buffalo.

BUFFALO, June 2.—The international waterways commission began an important joint session here to-day. "The meeting was called," said George Clinton, one of the three members of the United States, "to consider the laying out of the boundaries which run thru the great lakes and the connecting rivers and channels from the point of the intersection of the international boundary line with the St. Lawrence River to Pigeon River. This work comes under the terms of the new treaty, which calls for a revision of the boundary line between the United States and Canada."

## MANY FIXTURES OMITTED.

The city has filed further particulars in its statement of defence in the suit of Architect Lennox for balance due on the erection of the city hall.

Fixture work and electric wiring of Nov. 18, 1898, for which the city paid Bennett & Wright full contract price, now completely out of specification, it is claimed, and of 31 proper fixtures omitted, 18 were replaced by inferior substitutes.

## T. & N. O. Advances.

Only 35 miles remains to be laid on the T. & N. O. Railway to reach the Grand Trunk Pacific route. A 400-foot bridge is being built at Driftwood, at a cost of \$42,500. Passenger traffic is lighter, but ore traffic is constantly on the increase.
