try, and with other parties interested, the superintendent is able to announce that there will be a modification of the money qualification with respect to new arrivals.

Any immigrant who comes to Canada, secures employment and demonstrates to the satisfaction of the officials of the department that he and his family are not likely to become public charges, will be allowed to bring out the members of his family without producing transportation. This change has been decided upon because it has been decided upon because it has been decided upon because it has been represented that the monetary qualification, as put into force some months ago, was likely to prove a whardship in many cases. This modification applies only to assisted immigration, as the immigration authorites have never insisted on an immigrant who has come to Canada on his strate which to Necropolis.
