BASE BALL

The round in the West End League was settled on Saturday evening, the Jubilee being given to continue playing. It is to be hoped that trouble of the same nature will not happen again in the league. This evening the Vims and Martellos will come together. Roston and Lanyon will be the battery for the Vims; Seley and Beat for the Martellos. As both teams are playing fast ball a battle royal is expected.

THE BIG LEAGUE RACE.

The runaway race which the New York Giants are expected to make in the National League and the hot pace the Philadelphia Athletics in the American League have checked. The long race for baseball supremacy finds the western teams factors for the pennant, and the fans are excited to a battle royal.

Neither the east nor the west has any superiority so far as the major league diamonds. In the American League, New York and Athletics, of the other cities which have two teams in the major league (Boston) are apparently entirely out of the championship struggle this season, and Chicago and St. Louis each has one representative making good.

No season since the American League invaded the east in 1901 has been so interesting as the present one. There have been surprises, unnumbered, more young players than ever before have come to the front, there have been winning and losing by different teams, and the clubs have shifted about in a gloriously unsteady manner. One bright point about it all is that there appears to be fewer work teams than last season, and no club in either league can now look for a series when it will have easy picking.

This, indeed, promises to be a memorable season. The one big surprise so far was the awful slump of the once champion Boston team in the American League. Collins' men were not to be denied in the fighting on prospective pennants, most of the defeats occurring on their home grounds. Then they took a sudden sea week, displaying form which leads to the belief that they will still reach the top.

Chicago has a good lead on New York now in the National, with Pittsburgh a long way in third. Philadelphia must also be counted right in running.

Made Eight Successive Bull's Eyes.

In the 2nd Putters' shoot on the range on Saturday the Class A spon. contest resulted in a tie between Lieut. McKay and Color Sergeant Watson, with scores of 52. On the shoot off, however, Lieut. McKay won.

The Class B spon. was won by Corp. Russell and Class C by Lieut. McGilgan. The spon. contest of the day was the making of eight successive bull's-eyes by Lieut. McKay. It is strange to say, after the fog had set in quite thick.

GOLF

St. John Ladies' Pins.

The lady golfers of the St. John Golf Club have mapped out an interesting schedule as follows: June 14, ladies foursomes, June 21, mixed foursomes, June 28, club handicap; July 5, handicap cup; July 12, medal play handicap; July 19, club championship; July 26, July handicap; August 2, Tweedie cup; August 9, August handicap; August 16, ladies' gentlemen; July 23, medal play handicap; July 30, Riley.

From July 3 to July 10 the Maritime Golf Association will meet here. The ladies have also arranged for three beginners' matches, one each in June, July and August.

LADY GOLFERS' FEAT.

NEW YORK, June 8.—It has remained for Mrs. Caleb F. Fox, a woman fifty years of age, to perform one of the greatest feats ever recorded by a feminine golfer in this country. In addition to leading the Philadelphia team to a 9 to 6 victory over the Women's Metropolitan Golf Association at the Nassau Country Club, in the decade match for the Clement A. Cresson trophy, Mrs. Fox made the course in 82, breaking the competitive record by no less than ten strokes.

In accomplishing this performance, Mrs. Fox defeated Miss Georgiana Bishop, a former national champion, by four up and two to play. The winner went out in 42 strokes and home in 40, which is only two strokes more than the men's bogey for the links.

Professionals and amateur alike agree that nothing so great has ever been accomplished in this country. Mrs. Fox makes a full swing that would credit a young girl, and her long game is as hard to do as the short game. Her four at the 500-yard second hole is something rarely equalled by the men. To do this she had to run down a fairly long putt.

BEST CANADIAN RECORD.

Apparently the best score made by a woman player over a Canadian course is a card of 89 turned in last September by Miss Mabel Thomson on the first day of the women's championship over the course at Dixie. It was a rainy day and the course was particularly treacherous under the circumstances.

In accomplishing this performance, Mrs. Fox defeated Miss Georgiana Bishop, a former national champion, by four up and two to play. The winner went out in 42 strokes and home in 40, which is only two strokes more than the men's bogey for the links.

ORIGIN OF SPORT

GOLF.

Our game of golf, or goff, as it was formerly called, was a popular sport in England and Scotland about the beginning of the 17th century. It was played by the nobility, and was the favorite pastime of Prince Henry, son of James I.

Golf sticks were made of leather and stuffed with feathers. The principle of the game was precisely the same then as it is now.

HORSE-RACING.

Horse racing originated in England in the reign of King Henry II. Our forefathers were captivated by this pastime and large wagers were often won and lost on favorite horses.

Later, about the time of James I., the betting fell away from horse-racing and the contests were run for prizes of various sorts.

HAND-BALL.

Hand-ball is among the oldest of our games. According to Homer, it originated about the time of the fall of Troy, and though it has passed through many changes, its principles are much the same as when it was played by the ancients.

SHUFFLE-BOARD.

The game of shuffle-board which seems to be losing its popularity, is an old pastime. It was followed enthusiastically by the nobility of the court of James I.

POLO.

The game of polo was played centuries ago in Persia and India. Even the natives of Bokhara play a similar game of ball on horseback.

Bowling is one of our games that originated in the Middle Ages. The exact date of its introduction is obscure, but it has been clearly traced to the 13th century.

The first bowling greens were made in England. In bad weather these could not be used to advantage, and this led to the construction of covered bowling alleys.

COCK-FIGHTING.

The sport of cockfighting seems to have originated with the Persians. The Persians have led an army against the Romans, he pointed out the bravery of the birds, and having won his battle with the Persians, he ordered that annual cock-fight should be held to celebrate his victory.

In England the records show that the first cockfight took place in 1191.

With the exception of chess, dice-throwing is said to be the oldest game still in existence.

The ancient Romans indulged in games of dice and often very richly. These games were played on a single table, and the dice were made of ivory or bone.

Later it was again revived, but in the reign of James I. it was suppressed as being rough and brutal.

Improve Your Complexion

Give up Cosmetics and Seek the Cause of Your Bad Color.

When it is so easy to bring back the bloom of youth, to remove the blemishes and fill the hollows, isn't it foolish to plaster on cosmetics?

Remove the cause—correct the condition that keeps you from looking as you ought. Use Dr. Hamilton's Pills and very soon you'll have a complexion to be proud of.

Just imagine how much happier you will feel when those pimples and murky look have gone.

Dainty looks came to Miss Vrooman, a well-known resident of Belfast, from using Dr. Hamilton's Pills. Read what she says.

"My friends all admit that I have a very delightful complexion. This I owe positively to Dr. Hamilton's Pills. I used to look so yellow I thought it might be jaundice. There was simply no color in my cheeks at all. Today my skin is clear and never gets that murky, dull appearance it had before. Dr. Hamilton's Pills have also given me a good appetite and improved my general health also."

Not only the complexion, but every organ of the body is strengthened, cleansed and made healthy by Dr. Hamilton's Pills. Bloating
