FEBRUARY.—Respecting what was said in the foot note for January, it may be added that Horticultural Societies have done much in this country to prevent imposition. The exhibitions of fruits of many different kinds, have assisted in proper classifications and definitions. They have raised the standard of culture and awakened a spirit of research. Fruit not true to its name is removed from the list, or disqualified for prize. At the present time it is much more certain than formerly that in a well established nursery you may rely on purchasing trees true to the description, and to the buyer's taste and wishes. Canada has advanced in this as in many other things. Our horticultural exhibitions are becoming the envy of our older neighbours.

Don't fail to secure a C. W. WILLIAMS' Singer Sewing Machine, it is the best.
