While the writ was being served on immigration authorities at Ellis Island, Immigration Commissioner Curran issued a statement in which he announced that he would go before congress as soon as possible to have a bill introduced which would give him absolute authority to decide on all cases of appeal by immigrants and visitors detained at Ellis Island.

Arthur Garfield Hayes, attorney for the Countess, obtained the writ from Federal Judge Goddard today on her

It is greater as a picture than it was as a play.

A Strong Drama of Domestic Relationships

NOT IN A LONG, LONG WHILE has this theatre offered a picture of such emotional quality. Itis one of the old-time heart-searching husband-and-wife dramas. The whole plot circles round a neighbor who has succumbed to the blandishments of a wealthy bachelor and has accepted his gift of a sable coat. She strives to keep the secret of the gift from her first induces a loving spouse next door to become possessed of a sable coat as well. The drama is not indelicate or risque but a powerful expose of the lure of fine rainment, something likely to happen to many homes where such temptations are hard to withstand.
