MARINE ROOM IN LOCAL MUSEUM

"Made in Saint John" Collection Recalls Old Ship-building Days

A "Marine Room" has been added to the many attractions of the Natural History Society Museum and will be opened to the public next week. Many weeks and months of careful preparation have been spent in gathering together and arranging the various objects and in planning information about the ship-building days in Saint John so that the exhibits may have greater interest to the casual visitor. It is almost entirely a "Made in Saint John" collection that will be housed in the marine room.

WORKING MODELS
Dr. William MacIntosh, curator of the museum, has made use of the long hall on the third story of the museum building for this purpose. The room is 60 feet by 10 feet and in it are displayed the very fine large ship models of 1850, 1859 and 1860 periods showing the type of vessel which was familiar in Saint John harbor in those days. There are also shown 12 working models from which were built ships that made Saint John famous.

The majority of the models are made of horizontal pieces but one model is of the old type with vertical pieces widely spaced and having small pieces running lengthwise. This old working model came from the shipyards of John E. Parker, at Tyne-mouth Creek, Saint John county, who was building vessels in 1853.

WOOD CARVING SPECIMENS
Specimens of the work of John Rogers, the well known wood carver of Saint John, a piece of carving from the Marco Polo and paintings, and pictures of ships are hung on the walls. In show cases there are many carvings of nautical nature such as old time quadrants for-runners of the sextant and pieces of old time shipping equipment. Dr. MacIntosh has been much indebted to F. E. Holman for assistance in getting the collections together. The collection is hoped will be added to by donations or loans and Dr. MacIntosh said yesterday that anything related to shipping would be most welcome for exhibition in the marine room.

DOMINION L. O. L. ELECTS OFFICERS

There were 112 members present at the annual meeting of Dominion L. O. L., No. 141, held this week in Grand hall, Simonds street.

Officers were elected as follows: P. M., George McQueen; W. M., H. C. Marley; D. M., S. Tabor; chaplain, Hayward Sparks; recording secretary, Harry Sellen; financial secretary, Chas. Hamilton; treasurer, S. Clark; marshal, J. Christie; lecturer, A. Speight. The remaining officers will be elected at the next meeting. Past County Master Richard Magee was chairman and conducted the election, being assisted by Lorne MacFarlane, county master, and William M. Campbell, district master.

Plans were made for holding a banquet in the Admiral Beatty Hotel on Dec. 8. The reports showed the lodge to be in a very flourishing condition. At the close of the evening refreshments were served.

Suggestion Made That Men Lend Their Support to Work Of Women's Hospital Aid

Matter Will Be Further Discussed at Later Meeting — Christmas Treats Planned For Patients in G. P. H. and County Hospital

THE SUGGESTION that men might be urged to become contributors towards the Women's Hospital Aid and supporters of its activities was favorably received at the monthly meeting of the Aid yesterday in the Board of Trade rooms and will be further discussed at a later meeting. Mrs. J. Doyle Travers, president, was in the chair.

The members planned for the Christmas treats to be given in the General Public and Saint John County Hospitals and decided to give a four compartment baby bed to the children's ward in the General Hospital.

Very gratifying reports of the regular visiting of jolly day and of treats provided at Hallowe'en were submitted.

BALANCE ON HAND.
Mrs. Lester W. Mowry, treasurer, reported a balance of \$1,083.96 after expenses of \$280.12 were deducted. The emergency fund total was \$793.84. When plans were made for the Christmas treats in the two hospitals it was decided there would be no decorations provided, except a wreath for each hospital and for the General Public Hospital nurses' home. Gifts for the General Public Hospital treat are to be received at the hospital in Miss Belle Howe's care. Mrs. C. H. Belyea, assisted by Miss Ella McGaffigan, is to look after the children's tree, Mrs. T. H. Carter to have the stockings made and have charge of the greeting cards. Mrs. M. Corkery is to see about the candy.

At the County Hospital, Mrs. George Ewing and Mrs. J. J. Stothart are to be convener of the Christmas treat. Mrs. Hall was in charge of the Hallowe'en treat at the County Hospital and during the last two months the Baptists had supplied all visitors while delicacies were taken to the patients each week.

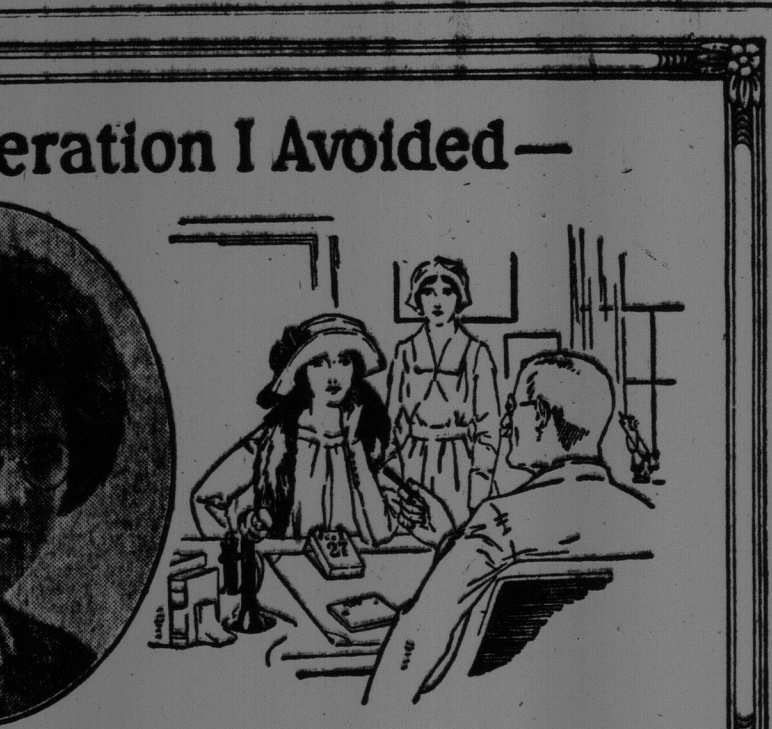

Mrs. R. Watson was appointed visiting convener for the ensuing month. A report was given of the conference with the commissioners of the General Public Hospital with reference to taking over the social service department. R. H. Gale, superintendent of the hospital, wrote to thank the Aid for gifts and services and added that the commissioners were considering the request.

AT THE G. P. H.
Mrs. George Ewing reported on the visiting at the public hospital and the difficulty in obtaining enough visitors. The Hallowe'en treat had been a great delight to the children and magazines

as by its timely use you may save yourself many years of suffering from some serious bronchial or lung trouble. "Dr. Wood's" has been on the market for the past 37 years; so you are not experimenting with some new and untried remedy; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Enormously the most popular, the most efficient, the most economical the world over.

Get a Gillette Safety Razor

The Operation I Avoided—

MRS. IDA M. COFFMAN
SIDELL, ILL.

If there is one thing more than another a woman dreads, it is a surgical operation, and to be told that one is necessary is very disheartening.

Hospitals are grand institutions, and undoubtedly many operations are necessary. However, we have received hundreds of letters from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after an operation had been deemed advisable.

Every woman who suffers as Mrs. Coffman did naturally wishes to avoid an operation if possible, and the remarkable statements which she makes in her letter will be read with interest by women everywhere.

Mrs. Coffman's Letter Follows:
Sidell, Illinois.—"I was a nervous wreck. I was suffering from a pain in my left side which was noticeable at all times, but sometimes it was almost unbearable and would not let me rest on my side at night. I had been sick for seven years, but not so badly until the last eighteen months, and had become so run-down that I cared for nobody and would rather have died than live. I couldn't do my work without help and the doctor told me that an operation was all there was left for me. I would not consent to that so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken four bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and had a large garden this year. I never will be without the Vegetable Compound in the house and when my two little girls reach womanhood I shall advise them to take it."—Mrs. Ida M. Coffman, R. R. No. 2, Sidell, Illinois.

Alberta Woman Avoids an Operation
Provost, Alberta.—"I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I should have an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a healthy baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. Adams, Box 54, Provost, Alberta.

Before Submitting to an operation Women should try

Mrs. R. S. Sime reported \$18 received from Cook Book sales.

COOK BOOK SALES.

In jolly day reports it was said that about 800 jars would be sent to the General Public Hospital and 38 to the East Saint John Hospital. When denominational vice-presidents gave their reports, Mrs. J. H. Dooey for the Catholics, reported nine follow-up cases cared for; Mrs. J. D. Williams reported fees received from 20 members in Exmouth street and 11 in Centenary congregations. Mrs. N. S. Scott, for the Baptists, reported 28 memberships from Central, Ludlow street, Tabernacle and Main street congregations. Mrs. J. Goldman for the Hebrew members reported fees from 22 persons and 23 jars of jam sent for jolly day.

Miss Belle Howe's report as social service worker, showed 78 visits were made, clothes given three families, four cases reported to the Aid and cabs supplied for three cases. She spoke of steps taken to have incurable patients removed and told of the great success of the Hallowe'en treat.

UNDERGOES OPERATION.

Mrs. K. W. Epstein, 191 Union street, underwent a serious operation recently in the General Public Hospital and was reported last night to be resting as comfortably as could be expected.

REFUSES \$100,000 BEQUEST IN WILL

Allgood's Unexpected Action Blasts Plans of Mrs. Crouse's Nieces

SYRACUSE, N. Y., Nov. 20.—Andrew Perry De Forrest Allgood, New York clubman, has renounced all claims to \$100,000 bequeathed him in the will of Mrs. Alta Pease Crouse, Syracuse society leader, who was killed in a fall from a New York hotel window a few months ago.

The unexpected action blasted plans of two nieces of Mrs. Crouse, Mrs. Lillian Osgood and Mrs. Ella Veale, both of Boston, who had hoped to use the Allgood bequest as an opening wedge to break the will. Both were cut off with \$100 each.

Allgood said he wants Mrs. Crouse's money to go to the people and for the purposes specified in her will and not to those who are contesting it. He signed papers renouncing the legacy

and right to act. The Syracuse Memorial Hospital is expected to benefit. Named as residuary legatee, entitled to all the estate left after the written bequests are cared for, the hospital's bequest will be increased \$90,000 by Mr. Allgood's action.

Allgood asks that he be paid \$10,000 in cash within 30 days to reimburse him for legal aid and other expenses. May term of court.

He also renounced his right to serve as an executor. Surrogate John W. Sadler consented to allow the case to go over until the May term of court.
