

## REALIZED \$114 TO HELP KIDDIES

Dance and Sale Held at Fair  
Vale was Notable  
Success.

A notable success was the verdict of all those interested in a dance and candy sale held last evening under the auspices of the Fair Vale Outing Club at the club house at Fair Vale when the fine sum of \$114 was realized in aid of Lady Byng Camp for under-nourished children at Fair Vale. The club house was prettily decorated with flags and evergreen.

The programme consisted of twenty-two dances and music was furnished by the Black Cat orchestra composed of Messrs. Lobbs, Webber, Titus and Colwell, who donated their services in aid of the fund. A large candy booth in the club house was in charge of Mrs. A. O. Tracey, assisted by Mrs. L. T. Wetmore. A booth on the veranda was in charge of Miss Nora Banks, assisted by Harvey Bishop. The returns from both these booths exceeded the expectations of the committee.

Three little girls, Nora McElwaine, Hilda Dobbin and Elizabeth Wetmore, sold tickets on a large five pound box of candy and Fred Dolg was the fortunate winner of this prize. The members of the committee in charge of the affair were: O. A. Tracey, E. A. Ellis, L. T. Wetmore, Miss Hilda Dykeman and Miss Frances McElwaine. L. T. Wetmore, president of the club, said today that it was the splendid support of the residents of Fair Vale and made the effort such a financial success.

Also to help swell this fund, a garden party was given yesterday by Miss Joyce Foster, and some little friends at the residence of her parents, Mr. and Mrs. Fred Foster, Leinster street. In addition to the money already promised \$400 is needed to carry on the Lady Byng summer camp for under-nourished children at Fair Vale until the end of August. Yesterday two successful entertainments were held in aid of the camp funds and the proceeds will help out appreciably.

A garden party was given yesterday by Miss Joyce Foster and some little friends at the residence of her parents, Mr. and Mrs. Fred Foster, Leinster street, and a dance at the club room by the Fair Vale Outing Club. While \$400 is needed to carry on the camp until the end of August, Miss McElwaine said that if funds could be obtained a splendid work could be done in continuing the camp for a short while in September to care from eight to 10 children suffering from rickets who are not of school age and could not be cared for at the camp now. The extra expense of the few days in September would be very small, she believed.

Arrangements have been made for a party for the parents of the children at the Health Centre this evening when the mothers will be shown lantern slides, presenting graphically the causes of under-nourishment in children and their remedies. The condition of the children will be discussed and the mothers will be told how best to care for them when they return from camp. The object of the party is to secure the co-operation of the mothers so that the good work of the camp may be furthered during the coming winter months and the children continue to improve in health. Refreshments are to be served and the party will be a time of social enjoyment also.

## MILL OWNER HELD FOR MANSLAUGHTER

Amherst, N. S., July 3.—The Crown Prosecutor of Cumberland today issued a summons against Sanford MacKell, lumber operator at Fenwick, charging manslaughter, following the death of William Reid of Fenwick, who was injured while working in a portable saw mill. Reid was caught by an unprotected pulley, his leg was broken and crushed and after amputation he died.

This is the first known occasion for a charge of this description to be laid against a mill operator.

## WOMAN HIT BY TRUCK

About 8:45 o'clock last evening, while Mr. and Mrs. Philip Moore were proceeding from the baseball game at East End grounds, where near the Marsh Bridge Mrs. Moore tried to cross the street and was struck by a small delivery motor truck and knocked down. She was picked up and driven to her home. It was reported she was not severely injured.

## WOULD HELP TRADE

C. A. Gilliat, of the staff of the Royal Bank of Canada in Trinidad, who was in the city yesterday enroute to Annapolis to spend his holidays, said he could see no good reason why there should not be a growth of trade between Canada and the French West Indian Islands in flour and general in all lines. In order to bring about closer relations between the two he advocated an extension of the tourist travel, which would make the people better acquainted.

## HONORED BY KING

Hon. Wallace Nesbit, K. C., Toronto, an eminent counsel and parliamentarian, has just returned from England, where he and his wife were invited by the King as Knight of Grace and Lady of Grace respectively in the Order of St. John's of Jerusalem.

## NEWFOUNDLAND WORKMEN STRIKE

2,000 Men Demand Increase  
of 10 Cents an  
Hour

Humbermouth, Nfld., July 30.—Two thousand workmen, employees of the Newfoundland Paper and Power Company on construction work at Cornerbrook, Bay of Islands, are on strike for a wage increase. The men demanding ten cents increase per hour over what they are at present receiving. There is a prospect of the strike spreading to include the 2,000 workmen at the site of the power house at Deer Lake. A force of Newfoundland constabulary has been sent from St. John's to Cornerbrook immediately in an effort to settle the trouble.

## U. S. DESTROYERS LEAVE HALIFAX

Halifax, July 30.—The special division of five United States destroyers, under command of Captain Russell Wilson, which arrived here last Friday evening from Newport, R. I., left this evening at 6:30 o'clock for Indian Harbor, Labrador, from whence they will patrol the northern seas to safeguard as far as possible the world encircling United States airmen in their flight between Iceland and Picton, N. S.

## SAVED HAT, LOST LIFE

Kirkland Lake, Ont., July 31.—Jumping into the Blanche river to recover his hat, which had blown off while he was working on a trestle on the new branch of the Nipissing Central railway, Hamon Perre was drowned.

Perre, undressed, swam out into the stream, recovered the hat and turned back to shore. Suddenly he disappeared and did not come up again.

## FINISH SURVEY AT GRAND FALLS SOON

Commission Chairman Expects No Difficulty in Securing Land Needed.

Hon. Dr. E. A. Smith, of Shediac, chairman of the New Brunswick Electric Power Commission, who returned during the latter part of last week from a trip of inspection through the country included under the Grand Falls hydro development scheme, was in the city last night and announced that the work of the surveys would be completed by September. The result of their work would be tabulated and the whole matter in detail placed before the International Joint Waterways Commission who had to pass on the proposition finally.

Dr. Smith anticipates no difficulty with the Quebec Government nor does he anticipate any trouble with the grantees in Maine. There were no Government lands in Maine, he said, all property belonging to grantees. In the Forestry Association's Exhibition Car was one panoramic layout which could not fail to make an impression upon the beholder. It showed the steady running stream, well kept bridges, prosperous farms and other evidence of well-being in a country dry with spots where floods have gulled away its banks, the bridge broken down, the farms gone except for a few crumbling ruins, the hillsides bare save for blackened stumps and ramplines.

That the children of New Brunswick are learning the lesson of forest conservation is apparent in the remarks heard at the various places visited by the car, from the lips of children who saw the exhibit. The same opinions were expressed in the essays which the recent prize contests produced.

## DEAF HAVE MANY ADVANTAGES IN THIS COLLEGE

Washington, July 31.—The Columbia Institution of the Deaf, more commonly known as Gallaudet College, of this city, is described by its officials as the only school of its kind in the world which provides higher education for the deaf and the only institution in which a deaf child, with no formal education whatever, may enter and in the course of years be graduated with a well-rounded education and a collegiate degree.

The school was founded by Amos Kendall, a distinguished statesman of his time, who in 1859 donated a house and three acres of land from his estate in northwest Washington, and employed Edward Miner Gallaudet of Hartford, Conn., as principal. A year later an act of incorporation of the school was obtained from congress through the efforts of Mr. Kendall and his friends, and from the beginning it was provided that the government give financial assistance to the school.

President Lincoln on April 8, 1864, signed an act giving the school the power to grant collegiate degrees. Since then some 1,400 students have been enrolled, and more than 400 have received bachelor's degrees. The college department first was open only to young men, but since 1887 young women also have been admitted. The course is fixed at five years, the first preparatory year required to finish the preparation of students entering from the schools for the deaf throughout the country. Admission to the college is by examination, and as a rule, some 30 states are annually represented in the student body.

The young men maintain baseball, football and basketball teams, using hand signals, and are conspicuous figures in athletics throughout the middle Atlantic section. The college also has wrestling, tennis and track aggregations.

Many of Gallaudet's graduates have become teachers of the deaf throughout the country.

## CUTICURA HEALS SKIN TROUBLE

Eruptions On Shoulders, Neck and Face. Itched and Burned.

"My trouble began with red spots breaking out on my shoulders, neck and face. They itched and burned causing me to scratch and irritate the affected parts. The eruptions scaled over and my clothing aggravated them. My face was disfigured, and the trouble kept getting worse."

"I began using Cuticura Soap and Ointment, and after using three cakes of Cuticura Soap and one cake of Cuticura Ointment I was completely healed."

(Signed) Miss Pauline Mills, R. F. D. 4, Quaker City, Ohio, June 15, 1923.

Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursery purposes.

Sample sent free by Mail. Address: Cuticura Remedies, P. O. Box 5413, Station, Boston, Mass. Ointment 25c and 50c. Soap 25c. Try our new Shaving Stick.

## TEACHES LESSON OF CARE OF WOODS

Forestry Car is Now on a  
Tour of New Brunswick.

With weather conditions very favorable to forest fires—weather warm, wind high, rains local and rapidly dried—the visit of the Exhibition Car of the Canadian Forestry Association comes at a time which it should make a deep impression in all sections visited. The car as usual has attracted marked attention and has had thousands of visitors who have taken in not only the interesting exhibits but the motion pictures also. The lesson everywhere was the value of the forests in themselves, to agriculture and to industry.

New Brunswick in 1924 has not had the scourge from forest fires which she has had in former years but there is no reason for any relaxation of caution on that account. There is no doubt that much of the credit for reduced fire loss lies in increased caution on the part of the people and that is a direct result of education in all its various forms, given to both child and adult.

In the Forestry Association's Exhibition Car was one panoramic layout which could not fail to make an impression upon the beholder. It showed the steady running stream, well kept bridges, prosperous farms and other evidence of well-being in a country dry with spots where floods have gulled away its banks, the bridge broken down, the farms gone except for a few crumbling ruins, the hillsides bare save for blackened stumps and ramplines.

That the children of New Brunswick are learning the lesson of forest conservation is apparent in the remarks heard at the various places visited by the car, from the lips of children who saw the exhibit. The same opinions were expressed in the essays which the recent prize contests produced.

The rising generation is realizing that growing forests mean prosperity to everyone especially in the Province of New Brunswick where the forest is the first among its resources.

## BAND CONCERT TONIGHT

St. Mary's Band will give the following programme this evening on Alexandra square, Indianapolis:

## TENDERS CALLED FOR

Fredericton, July 31.—The Provincial Department of Public Works is calling for tenders for Gillaspys Concrete Arch Culvert and Roadway Embankment, Parish of Pennfield, Charlotte County.

## SIFTO It flows freely

## SEEKS JOB 110 TIMES IN VAIN

Stranger in New York Falls  
From Hunger; Police Help.

Frank McCue of Prescott, Arizona, was recuperating on spoon food at Long Island Hospital yesterday and probably will do justice some of these days to a first cousin of the plate of steak and potatoes the kind-hearted policeman bought for him but that the doctor would not let him eat, says the New York Herald-Tribune.

McCue left Prescott because life was too easy there and he was dissatisfied. Apparently he did the right thing if he was seeking hardship. He started by looking for a job. He looked in 110 places and didn't find any. He walked most of the way to New York because he detested charity and only occasionally did he get a lift. Then he looked for work again and didn't find any. His last dime was invested in coffee and rolls Wednesday night and by Friday night he was so weak from hunger he fell off a seat in a subway train.

It was then, after the subway train had been held while an ambulance was called, that the police found he was hungry and did his best to relieve him. But at that moment Dr. Vance arrived from the hospital and warned him that if McCue ate the steak and potatoes in his condition he would die. So Policemen O'Leary and Smith of the Poplar street station, took away the viands they had provided.

McCue says that all he wants is a job.

## JUDGMENT RESERVED

Argument of counsel was concluded yesterday afternoon in the case of Hill vs. McHenry in the Circuit Court before Mr. Justice Barry. Judgment was reserved. C. F. Inches appeared for the plaintiff and Dr. W. B. Wallace, K. C., for the defendant.

JUDGMENT RESERVED.

Argument of counsel was concluded yesterday afternoon in the case of Hill vs. McHenry in the Circuit Court before Mr. Justice Barry. Judgment was reserved. C. F. Inches appeared for the plaintiff and Dr. W. B. Wallace, K. C., for the defendant.

### BISCUITS

Acts of vandalism at the Allison Playgrounds were reported to the members of the Association when they visited that ground yesterday and much indignation was expressed. Much of the equipment has been broken by large boys and the supervisor stated that it had been found necessary to take the handicraft work home at nights to save it from destruction. The matter will be taken up at the next meeting of the Association.

LADY BREAKS WRIST.

Mrs. Mary Whiepley, of 42 Murray street, slipped and fell on the pavement in Canterbury street yesterday afternoon, her wrist coming in contact with the edge of the curbing. Policeman Harry Young rendered first aid and the ambulance was summoned and the injured woman taken to the hospital where it was found her wrist was broken. Her injuries, while painful, are not considered serious.

HORSE RUNS AWAY.

A horse driven by Harry Hayes became frightened yesterday morning in Thorne avenue and ran away, finally landing on the fender of a street car. The fender of the car was badly twisted and the horse and driver escaped injury.

## A Different Piano

The Heintzman & Co. Grand, made by Ye Olde Firme, is a very different piano to any other piano made. One looking for the best in a piano as a personal purchase will, like Tetrazzini and Melba, choose a Heintzman & Co.

Caruso, Melba, Tetrazzini, Scotti and many other great world-artists have made a Heintzman & Co. piano their choice when visiting Canada.

You are cordially invited to call and examine this beautiful instrument.

The C. H. Townshend Piano Co., Ltd.  
Sole Distributors for New Brunswick.

Kraft Cheese. There is no guesswork about quality or flavor when you ask for Kraft. This name stands between you and disappointment in cheese buying.

3 varieties: Canadian, Pimento, Swiss, sold by the slice, pound or loaf.

5 VARIETIES IN TINS

## KRAFT LOAF CHEESE

You can pick out good salad vegetables by looking at them.

But the only way to get a good vinegar is to know the name of a good vinegar.

Heinz Vinegar is made from the choicest materials in the most careful way, then aged in wood to mellow it and give it just the delicious flavor and aroma that a salad requires.

And the cost of enough Heinz Vinegar for a salad is a small fraction of a cent!

## HEINZ PURE Vinegars
