Get a Set of ERECTOR The Toy Like Structural Steel For Your Boy This Christmas

With Erector he can build sky-scrapers, cranes, bridges, ships—no end of things—that are just like the genuine things, and while he plays with Erector throughout the entire year you will have the satisfaction of knowing that the constructive side of this nature is being developed by the call that Erector makes on his imagination, ingenuity, ambition and skill.

ERECTOR SETS

No. 1—Makes 111 Models	\$ 1.50
No. 2—Makes 152 Models	3.00
No. 3—Makes 197 Models	4.50
No. 4—Makes 278 Models	7.50
No. 6—Makes 382 Models	15.00
No. 7—Makes 410 Models	22.50
No. 8—Makes 454 Models	37.50

Erector Accessory Sets

Sets from No. 1 to No. 7 may be made equal to the next larger sets with these "A" Outfits, which do not duplicate the parts already contained in the regular Sets.

No. 1-A Makes No. 1 equal to No. 2 Set	\$1.50
No. 2-A Makes No. 2 equal to No. 3 Set	1.50
No. 3-A Makes No. 3 equal to No. 4 Set	3.75

Gilbert Electrical Sets

This is the set that will take you into all the mysteries of electricity—it is a regular little electric laboratory, and the wonderfully interesting manual that goes with it shows you how to make magnets, wire door bells, put in electric lights, make your own electric motor, do electroplating, wire up telephone and do 100 mystifying electrical stunts.

Price of Sets	\$1.50, \$3.75, \$11.25 and \$15.00
---------------	-------------------------------------

Gilbert Chemistry Sets

The chemistry manual and laboratory apparatus in this set tells you how to do things that sound marvelous, such as how to make disappearing ink, how to make fire without a match, how to pour milk from a bottle full of water, and other most amazing things. Yet the manual and apparatus make them all simple, and dozens more too!

Price of Sets	\$3.75, \$5.50 and \$9.00
---------------	---------------------------

Gilbert Wireless Telegraph Sets

Teaches you real wireless. The outfit contains complete apparatus together with illustrated Manual of Instructions and brings the intensely interesting science of Wireless within the reach of every boy.

Price of Sets	\$7.50
---------------	--------

Gilbert Phono-Set

You can string up a Gilbert Phono-Set from cellar to garret, or even from house to barn or garage, and talk over it just like over a big phone.

The Set consists of two complete stations, wire, battery, etc.	
Price of Sets	\$7.50

Gilbert Tele-Sets

This is a complete telegraph outfit with two miniature telegraph stations, telegraph blanks, wire, and two instruments. The manual makes the whole art of telegraphy clear.

Price of Sets	\$2.50 and \$3.50
---------------	-------------------

Gilbert Mysto Magic

You can not only do tricks with this outfit that will set your schoolmates wild, but you can give real exhibitions and be a boy magician. The disappearing billiard ball, trick card sets, the mystic beads, the vanishing handkerchief, are only a few of the marvelous conjuring feats you can perform with this set. Complete equipment and full detailed instructions with each set.

Price of Sets	\$2.25, \$3.00, \$4.50, \$7.50 and \$15.00
---------------	--

Gilbert Machine Gun

Nothing "faky" about this gun, boys—it's real stuff! It fires four cracking shots per second. The manual shows you how to organize a machine gun company in true military style, how to assign the men, how to manoeuvre, how to charge, how to defend a position or retreat in good order. Loads of fun.

Price	\$5.50
-------	--------

Gilbert's Puzzle Sets

Containing an unusually fine assortment of the most interesting and difficult puzzles ever devised. Manual includes full instructions by illustrations and descriptions of each puzzle, also telling how to give Puzzle Parties in the home.

Puzzle Sets (6 Puzzles)	40c.
Puzzle Sets (9 Puzzles)	75c.
Puzzle Sets (15 Puzzles)	\$1.50

Gilbert Brik-tor

For building houses, churches, factories and every kind of architectural work. Educational, instructive, fascinating. The architectural and building set that completes your Erector or any other Steel Construction Toy.

Price of Sets	\$7.50
---------------	--------

Gilbert's Nurse's Outfit for Girls

Sets of scissors, absorbent cotton, plaster, and Red Cross sleeve bands, etc.

Price of Sets	\$3.00

SAYS KANSAS COAL PLAN IS SUCCESS

Governor Expects to Double Normal Output Under State Plan — Praises Patriotic Spirit of Volunteers

(By Henry J. Allen, Governor of Kansas.)
Topeka, Kan., December 2. Managing Editor, Evening Post, New York, N. Y.

In reply to your telegram, mining operations were started in Kansas yesterday by volunteers under the protection of soldiers of the Kansas National Guard. Upon call for volunteers to man the mines, more than 7,000 young men have already responded, and the list is increasing hourly.

We are using from these volunteers whatever men are necessary to man the mines. Most of them are men who have recently been in the service of the army; are strong and are entering upon this service in the spirit of patriots. They did not reach the field until 2 o'clock yesterday morning, having ridden all night in day coaches, but upon arrival proceeded at once to the mines, and the receivers are now calling upon me for cars to haul the coal.

It is believed that with the splendid spirit manifested and the increased force which will be used to operate the strip mines of the state we will double the normal production in these mines. We are also receiving many volunteers for operation in the deep mines of the state in case it becomes necessary to work the deeper mines where operation is more difficult.

There is no question as to the success of the effort to produce coal in Kansas under the direction of the state. By the end of this week, if we can secure the proper co-operation of the railroad, we expect to be distributing enough coal to relieve the shortage in Kansas, after which a reserve will be produced for general use.

There has been very little disorder on the part of the striking miners, who are watching the situation with keen interest and some astonishment. They did not believe the response to the call for volunteer workers would be so tremendous. The operators, whose mines are taken over under the order of the supreme court, also doubted the practicability of the plan, but both the miners and the operators now realize that the success of the operation is assured. They were so deeply involved in the controversy that they did not realize the tremendous possibilities of independent operation which exist in a righteous, indignant and determined people.

HENRY J. ALLEN, Governor.

Girl To Wed Officer Asks Bigger Income

Tells Court Both Will Need 160,000 Francs a Year

New York, Dec. 8.—Miss Frances Alice Willing Lawrence, 19, who lives with her mother at 28 Rue Octave, Paris, wants to marry Andre Poniatowski, a French army officer, but does not think her husband's income of 20,000 francs a year is sufficient to maintain them in the style to which she is accustomed.

This information is contained in a petition filed in the Surrogate's Court by Miss Lawrence through her attorneys, Stewart and Shearer, 45 Wall street, in which she asked the Surrogate to increase her allowance from the estate left her by her father in this country, valued at about \$200,000 and held in trust for her by the United States Trust Company.

An affidavit submitted by Williamson Pell, assistant secretary of the trust company, states that the income from her estate amounts to about \$10,000 a year, also they receive annually for her from a trust created by her grandfather, Francis Cooper Lawrence, from \$8,000 to \$10,000, which is accumulating. Miss Lawrence asks the court to direct the trust company to pay to her annually all the income it receives from her estate.

Miss Lawrence makes a detailed statement of the money she needs. Miss Lawrence's budget calls for an annual appropriation of 30,000 francs for rent, 7,500 francs for servants, 42,000 francs for food and household supplies, 8,000 francs for doctor and dentist bills, 28,000 francs for clothing, including the luxury tax, 22,000 francs for an automobile, with chauffeur, 12,000 francs for summer vacation and travel, 5,000 francs for recreation and 10,000 francs for incidentals, making an annual total of 160,000 francs. (The rate of exchange quotes the franc at a little over 16 cents.)

Mrs. Lawrence in her affidavit states she has supported her daughter from her income, but that owing to the increased cost of living in Paris will not be able to do so after her daughter marries.

PLAN BIG CHURCH DRIVE

A campaign for 1,000,000 converts will be waged by Methodist Episcopal churches throughout the world between January and June, it was announced at the opening session of the annual meeting of the board of foreign missions in New York.

Dr. Edgar Blake, executive secretary of the Centenary conservation committee, reported that Methodism lost 60,000 members in 1918. He declared it was largely due to the fact that the church entered so wholeheartedly into the prosecution of the war that it had no time to give to keeping up its membership.

More than \$2,000,000 additional has come into the church coffers since the close of the centenary campaign, Dr. Blake reported. The centenary campaign raised \$11,000,000 for a five-year programme of church expansion. The foreign board, at its present meeting, will appropriate \$10,000,000 for centenary projects and war construction work abroad during 1920. The drop in foreign exchange in Europe, Asia and South America cost the foreign board approximately \$215,000 during 1919, said Dr. George Fowner, treasurer.

Miss Elizabeth Bender reported that the same condition had cost the Women's Foreign Missionary Society approximately \$250,000. She said the women's organization pledged \$1,837,873 for foreign missionary work.

Bishop Luther B. Wilson, resident bishop of New York and chairman of the foreign board, is presiding. A dozen bishops of the Methodist Episcopal church, including Bishop Campbell, the negro bishop of Liberia, Africa, as well as many prominent laymen from all parts of the country, are in attendance.

THE REAL TEST

of home baked food comes when the second helping is offered. The appearance, texture and taste of food raised with

MAGIC BAKING POWDER

is bound to be pleasing and satisfactory in every sense. Magic is an economical and healthful leavener, and because of its uniformity in strength and results, has justly earned its reputation of being Canada's Perfect Baking Powder.

Send name and address for free copy of "The Magic Way" containing selected recipes, many of which are illustrated in colors.

Polarine

MAKES A GOOD CAR BETTER

When you give your friends, whose cars are laid up for the winter, a lift, be sure to explain that Imperial Polarine solves the cold weather lubrication problem.

GOOD MOTORING WEATHER

Any day in winter is good motoring weather to the driver who lubricates exclusively with Imperial Polarine—the clean motor oil. His engine is always spry, because Imperial Polarine does not congeal in cold temperatures—nor run thin under highest engine heat.

By using Imperial Polarine exclusively effective lubrication under any temperature is assured—friction is reduced to a minimum, wear retarded and quick pick-up made possible. Cylinder walls are protected, full power is concentrated behind the piston—carbon is expelled with the exhaust.

Three grades for cylinder lubrication, Imperial Polarine, Imperial Polarine Heavy and Imperial Polarine A. Ask the Imperial Oil Man which to use.

For transmission and differential lubrication there are special Imperial Polarine oils and greases which are specially formulated for this work. Imperial Polarine is sold everywhere by garages, hardware and general stores. In six sizes—half gallon, gallon and four gallon sealed cans, 12½ gallon steel drums, half-barrels and barrels.

Imperial Premier Gasoline is the ideal fuel—no better gasoline at any price.
