LOCAL NEWS

ORPHANS WILL SEE PICTURES.
De Mont's Chapter, I. O. O. F., has asked the children of the Protestant Orphans Home to view the war pictures this afternoon as guests of the chapter.

PUBLIC UTILITIES.
The Moncton natural gas question is to be considered by the Public Utilities Commission this afternoon. Mayor Hanford Price, A. Allen, city solicitor, and J. S. Magee, city clerk, will appear before the commission in the interests of the city of Moncton.

NOVELTY SHOWER.
A novelty shower was held at the home of Miss Annie Williamson, Main street, last evening in honor of Miss Mabel A. Macdonald, who is to be principal in a nuptial event in the near future. The guest of honor was the recipient of many useful presents. During the evening games and music were enjoyed and refreshments served.

WHAT HAPPENED TO HIM?
A hatless and coatless young man, whose identity could not be learned, was seen sitting comfortably against a telegraph pole on the side of the railway track near Torriburn as the suburban train passed this morning. The train was stopped and the dazed wayfarer taken aboard. He was brought to the city and taken home by some who recognized him.

ANNIVERSARY MASS.
A solemn high mass of requiem was celebrated in the Cathedral this morning at ten o'clock for the repose of the soul of Bishop Sweeney of St. John. The mass was celebrated by His Lordship Bishop LeBlanc with Rev. William A. J. Duke as high priest, Rev. W. L. Moore, deacon, Rev. R. B. Fraser as sub-deacon, and Rev. A. P. Allen master of ceremonies. There was a large congregation in attendance. Bishop Sweeney, kindly beloved and ever revered by the people of his diocese, died on March 25, 1901.

WELCOMED HOME.
Gunner Walter R. Furze, son of Mrs. K. Furze of 232 Duke street, has arrived home after ten months' sojourn overseas. Gunner Furze was a member of the 9th Siege Battery and went overseas in June 1918. At the time the fighting was brought to a close he was in France, having gone across in a draft. Gunner Furze was on duty during the recent rioting at Rhyll Camp but escaped injury. There are many friends who will hear with pleasure of his safe return from "over there." He is receiving a hearty welcome.

CHARGES AGAINST PRINCIPAL.
A school board committee appointed to investigate charges of two severe corporal punishment made some time ago against the principal of the Winter street school, held a very long session one evening last week. No reporters were present. Eleven parents, representing eight families, were present and gave evidence. Some others were unable to attend that evening. The evidence was taken down in full. The citizen who preferred the charge leading to the investigation informed the Times today that he would welcome a sworn enquiry and the publication of the evidence.

THE EASTPORT BOWLERS.
The members of the Eastport bowling team, who were in the city playing against teams from Black's alley, left the Y. M. C. I. left for their homes on the Boston train this morning. They expressed themselves as well pleased with the trip, despite the fact that they were defeated in all three matches. The visitors were all good sports and the quite popular with the local bowling fraternity during their brief stay. After the matches on Monday and Tuesday evening the players entertained them and assured them of a more elaborate spread when they came to participate in the bowling tournament for the championship of the maritime provinces and Eastern Maine, which is to be held in the Y.M.C.I. late in April.

CITY PUBLIC WORKS

Question of New Location For Fountain at Foot of King Street

Commissioner Fisher head of the public works department said this morning that all equipment and material would be ready in his department by May 1, the date on which the spring and summer activities usually start. Two new asphalt mixers have arrived and will complete equipment in that line. The new ones are built by the Barber Asphalt Company and are regarded as very serviceable machines.

The Indianapolis crusher is to be tested this afternoon and the Carleton one some day this week.

Preparations are now under way for the removal of the water fountain at the foot of King street. It has long been admitted that this was most inconveniently placed and altogether too near the car tracks for such a busy corner. Last January it was decided to remove the fountain to a more suitable location in Market Square, and appropriation was made for the cost of the work. Yesterday afternoon the members of the common council visited the square with the view of selecting a new location. The majority were in favor of the centre of the southern section, about east of the line of Water street and in line with South Wharf.

Commissioner Fisher, while not personally favoring the location, said that he would stake off the proposed site around which would be hung lights at night so as to give the public the opportunity of saying whether or not they liked the new location of the water fountain. Any objections, he added, would be considered but not necessarily adhered to. The transfer of the fountain will be made as soon as the frost is sufficiently out of the ground.

GETTING READY FOR LOCAL BALL LEAGUE

Preliminary arrangements for a local baseball league will be started very soon when representatives of North End and West St. John will meet in No. 7 Engine House, West End, and discuss plans for the formation of a league. As there are no grounds available in the city proper, the players anticipate that the games will be played on Queen square diamond, West St. John, the same as last year. These grounds would be put in good condition and arrangements made to accommodate the fans. The meeting has been called by John White, energetic president of the league last year.

GAUMONT LIKED ST. JOHN AS PLACE FOR MOVIE STUDIO

Magnate Impressed by Our Surroundings When on Visit Here—A Company in Alberta

A recent common council discussion of the possibility of a motion picture concern locating in this city because of New Brunswick's natural advantages, recent mail matter tells of the organization of a similar company in Calgary, Alberta, with a capitalization of a quarter million. This company has its headquarters in Calgary with branches in San Francisco, Los Angeles and New York. James Oliver Curwood, well-known magazine writer and picture author, Neil Shipman, star actress, and others, are interested. Mr. Curwood's stories of Alaskan and northern Canadian life are being made into a recent production being founded upon "Wapi the Walrus," as appeared in Good Housekeeping Magazine. The scenes for the story are all western and northwestern Canadian, depicting Canada in the garb of four seasons and depicting intimately with the people and places of the more distant sections.

Some ten years ago Leon Gaumont, an eminent moving picture magnate and inventor, of Paris, while seeing the sights around St. John, expressed the opinion that the natural beauty of the scenery here, the mixed geography and varied topography, industrial activity, inland and coastwise waters, etc., lent much attractiveness to moving picture producers, especially in summer.

About five years ago a moving picture project was launched in Halifax and "Evangeline" was filmed in the actual locale of the poem-story, but the venture did not proceed much farther, largely due to lack of capital.

The Maine state shores, lumber camps and hunting haunts have grown quite popular with movie companies of late years ever since Edmund Breece, Harold Lockwood and May Allison were starred in some hale and hearty outdoor actions in that region even as close to St. John as Bangor city.

ISN'T IT NEAR TIME FOR REPLY TO COME?

Free Kindergarten and Rotary Awaiting Answers From School Board

About five weeks ago the president of the Free Kindergarten Association sent a letter to the school board asking the use of the assembly hall of the King Edward school every other Saturday-morning from eleven to twelve o'clock for a story-telling hour for the children. It would be open to all the young children of the south end who cared to go. These story-tellings are a great success in the public library and also in the kindergarten in other parts of the city. More than 100 attended the last one in the March Road kindergarten. There is no hall in the south end, the Free Kindergarten being in the same condition in that respect as the South End Improvement League.

Mrs. Vincent has not yet received the courtesy of a reply to her request of five weeks ago. At the last meeting of the Rotary Club the president reported that two communications to the board were still unanswered.

PYTHIANS GIVEN ROYAL TIME IN MONCTON

St. John Knights of Pythias, who were formally granted the freedom of the city of Moncton yesterday, on the occasion of their fraternal visit to Westmorland Lodge, returned to town on the early morning Halifax express today leaving at 7:30 a.m. and entertained with a special programme from 7:30 p.m. to almost 3 a.m.—giving some of the brethren time to catch the train that would land them back to town for work.

Upon their arrival in the railway town they and supper in the various hotels, mostly as guests of the Moncton Knights. At about 1:30 o'clock the ritualistic ceremony commenced and a class of eight Monctonians were raised from the rank of esquire to full knighthood. A thoroughly trained team of St. John Pythians worked this rank with their own paraphernalia. The ceremonies were conducted in the large ballroom of Windsor Hotel—a floor space of 100 ft. by 35 ft. and ideal for the pageantry of the rank. More than 250 knights were present.

After the eight esquires had worthily won their way to knighthood, a banquet was served in the refectory of the First Baptist church by the Sunshine Class of that body. It was a most delightful repast, calling back memories of the plentiful days when food controllers were a myth. At this function, Chancellor Commander Wadman of Westmorland Lodge presided. Speeches of welcome and welfare were made by the Grand Chancellor of the Maritime Provincial domain, S. J. Foley of Fox River, N. S., Knights Aid, Reed and Aid, Sherard of the Moncton city council, Past Chancellor E. Hamilton of St. John, chairman of the joint committee of visiting knights and Past Supreme Representative P. H. Fryers of Moncton.

Repairing to Pythian Castle Hall, the banqueters held high carnival in song and speech until the train whistle blew.

PLACARD FRENCH WALLS WITH LABOR PROTEST

Paris, March 26.—The national committee of the general federation of labor has decided to placard the walls of France with an appeal to workers and to public opinion generally. It is said that a protest will be made against armed intervention in Russia, the incomplete character of the international labor charter and the absence of guarantees in the league of nations covenant, which does not fulfill the conditions set forth by President Wilson's fourteen points.

Cedar Chests

Keep Moths Away
But Not Your Friends!

At this time of year when Winter Clothes, Furs, etc., are being put away for the summer, the need of a Moth-protecting agency is apparent. The careful housewife no longer depends upon the ill-smelling method of Moth Balls, Camphor, etc., but she has a neat cedar chest to deposit valued apparel in. We have anticipated the demand for this modern article of furniture, and all intending purchasers will be pleased with the line. Sizes are varied and designs wide—some with the brass finishings, and others plain. Natural wood with a mahogany finish, making a neat addition to the home.

Prices Range From \$20.50 to \$36.00
