PACIFIC-BURT CO., Limited.

The Pacific-Burt Co., Limited, is acquir-ing the whole of the business of the Pacific Manifolding Book Company, of San Francisco, as of March 31st, 1910, subject to a 6% dividend from that date until September 26th, 1910, upon the capital stock of the latter com-pany; also, the exclusive rights under all patents owned and to be owned by F. N. Burt Company, Limited, for the States of California, Oregon, Washington, Idaho, Mostana, Utah, Nevada, Arizona, New Mexico, Wyoming and Colorado. after. The opportunity for establishing a large and profitable business in the specialties manu-factured by F. N. Burt Co., Limited, is un-usually attractive, a growing demand is as-sured, and the special machinery and methods used by the company, which will always be at the command of the Pacific-Burt Co., in-sure a satisfactory and profitable business in the Pacific coast territory. Colorado

The Pacific-Burt Co., Limited, is also ac-quiring the factory site and buildings of the Champion Investment Co. at Emeryville, Cal., a growing manufacturing suburb of San Fran-cisco, where the factory of the Pacific Mani-folding Co. has been operating, and where it is proposed to instal the special machinery for manufacture of small paper boxes, and to conduct such a business as is the aparated by the F. N. Burt Co., Limited, in their boolo factories. the Pacific coast territory. F. N. Burt Co., Limited, have found it necessary, by reason of the large amount of business being offered them in the eastern States, to enlarge extensively two of their orincipal factories in Buffalo. In view of this, and of the prospects of their Canadian bunch, the Directors of that company have confluded, in establishing a business on the Pacific coast, to avail themselves of the op-portunity furnished by the exceptionally good organization and management of the Pacific Multiolding Book Company. An agreement bas, therefore, been entered into by which all present and future patonts, inventions and improvements of F. N. Burt Co., Limited, become the property of the Pacific-Burt Co., Limited, for the Pacific coast territory, sub-ject to payment of certain percentages upon the gross income of that department. factories.

the office of the **A** vincial Secreta The business has prospered for many years, the year ending March 31 last having been the most prosperous of any theretofore, though net profits for the year now current will appreciably exceed that record. The business has con-sisted chiefly of the manufacture of mer-chants' counter-check books and cash sales books for stores, together with kindred lines necessary for use in connection with the highly systematized business of department stores. It is excellently organized and strongly en-trenched, being largely protected from exces-sive competition by heavy freight charges from the east, caused by distance and the Rocky Mountains. The sales for the year ending March 31st last showed an increase over those of the previous year of 25%, and this rate of increase has been maintained for the months of the current year over the same months of the year preceding. ACCOUNTANTS' STATEMENT

S. J. MOORE, President.

Regarding the operations for the five years ending March 31st last of the Pacific Manifold-ing Book Company, of Emeryville, California, after adjusting the net profits as to rent and royalty with the basis which has come into operation through the formation of the Pacific-Burt Co., Limited, and after deducting ample charges for interest, bad debts, depreciation and main-tenance and repairs of the property, we hereby certify that the net profits for the period named were as follows :--

Profits of the two years ending in 1908 and 1909 were injuriously affected (to an unequal extent, however) by the results of the financial panic in the United States in the latter part of 1907. The lessened profits during these two years were out of the ordinary, and do not indi-cate the Company's normal earning power. We are advised that it is the intention of the Directors to close the Company's fiscal year at the end of the present calendar year. From the evidence now in our possession the net pro-fits of Pacific-Burt Co., Limited, for the last nine months of this year should not be less than \$50,000, or at the rate of \$66,666 per annum. We have not considered the question of future profits from the Burt portion of the business. Toronto. October 12th, 1910.

CLARKSON & CROSS. Toronto, October 12th, 1910.

SOLICITORS' OPINION

We have had charge of the formation, under the laws of the Province of Ontario, of the Pacific-Burt Company, Limited, and certify that both the Preference and Common shares have been validly issued as full paid shares, the Preference shares being preferred as to both assets and cumulative dividend of 7% per annum, and carrying the right to the holder to exchange the same at any time, share for share, for Common Stock.

It will, of course, require a number of months to instal the plant and organize the business of the Burt bepartment, but I believe that the current rate of earnings on the present business will warrant the declaration of dividends upon the Common Stock at the rate of 2% per annum from January 1st next, while increases in Common Stock dividends may reasonably be expected from time to time after the Burt Department has come into full operation. S. J. MOORE, President, of the year preceding. The expectation is that both business and profits will continue to show steady and satisfactory increases. Toronto, October 12, 1910.
