The remedy is just what it purports to be, a remedy  
for Dyspepsia. Though containing no alcohol, yet it will  
relieve the system in any climate. It is highly commended  
— a trustworthy in half a tumbler of water constituting a  
dose. Among all the remedies ever discovered for these  
prevailing and obstinate complaints, there is none which  
ever wrought such great and permanent cures, or which  
can produce so many and exceptionally beneficial results from  
the smallest dose of its strength. A single dose often mitigates  
the disease, and a permanent cure speedily follows.

From a highly respected Physician in Maine  
ROTHSCHILD, N. H., Dec. 18, 1855.

Mostly, R. W. FOWLE & Co.,—Gentlemen: For  
many years, a great sufferer from DYSPEPSIA or  
Waterbrash, and tried almost everything within my  
reach, but to no benefit, until I was induced by the re-  
commendation of my physician, Dr. Hamilton, to make  
use of the OXYGENATED BITTERS. The first bottle  
produced a slight alteration in the disease, and had  
not been for the longest period of my life, I should  
have been disappointed in my expectations, thinking that  
to be of no avail; but his confidence inspired me to  
persevere, and after using to the extent of half a dozen  
bottles, I had entirely regained my health. I hope all  
dyspeptic persons will be induced to give them a fair  
trial, being confident that this remedy is the most ef-  
fective for the various forms of DYSPEPSIA, that has been  
produced. Yours,  
WILLIAM A. RUST, M. D.
