ADMIRAL PUTS END TO SINISTER RUMOR

No Warship of Nippon Nearer to American Coast Than Yokosuka.

Tokio, Jan. 18.-Reports attributing sinister designs to the Japanese naval administration in connection with the Pacific squadron are absolutely un-

founded Admiral Saito, minister of the navy, in an interview with the correspond ent of the Associated Press to-day ent of the Associated Fless to-day said: "We have no secrets from Amer-ica concerning the distribution of our fleet. Daily reports are handed the naval attaches showing the where-abouts of every vessel which can eas-ily be ascertained. In view of the sen-sctioned reports emanating from varsational reports emanating from va ious quarters, we desire emphatically to say that no vessel of the Japanese fleet is any nearer the Pacific coast America than Yokosuka. Every one of the battleships is now on the home station, either at Yokosuka, Kura, or Sas-ebo, and the entire flotillas of torped ocats and submarines are at the sam stations.

"The only Japanese warships now outside of home waters are one cruiser at each of the following Chinese ports Hankow, Fuchow, Amoy and Yin Chow. A training ship squadron consisting of three old cruisers will sail on Jan. 18th. One of these vessels is going in the direction of Colombo in Ceylon via Manila, where she will cail on a friendly visit. Any statement liffering from this is absolutely with.

Oriental Question Has Been Solved

Japanese Premier Makes Statement-Satisfaction in London-Westminster Gazette Comments on Natal Act in British Columbia.

Tokio, Jan. 18.-The Constitutionalists at a general meeting to-day passed resolutions supporting the government measure to be submitted to the diet. Marquis Saionji, the premier, in a speech emphasized the amicable relations between Japan and the powers. He said that the immigration problems were practically settled with Canada, and that he

confidently expected a satisfactory understanding with the United States. The Progressionists will hold a general meeting to-morrow at which Marquis Okuma, leader of the opposition, is expected to make an address. It is reported that the meeting will probably adopt a lengthy manifesto severely criticizing the government on its financial and diplomatic policy and its home politics generally.

SATISFACTION IN LONDON. Montreal, Jan. 18 .- A London cable says the news that Japan and Canada have come to a friendly agreement over the immigration question gives general satisfaction here. The Globe says: "Canada's quite satisfactory settlement cannot but be welcomed by the whole Empire.

There is, however, some uneasiness to which the ministerial Westminster Gazette gives expression at the news from Victoria that the first act of the British Columbia legislature is to be a measure restricting Asiatic immigration under drastic provisions similar to those of the Natal Act.

"The last thing Canada's friends and British statesmen here wish to see is a constitutional deadlock in Canada on so inflammable a question as the racial problem. Compulsory registration and the thumb-marking of Orientals is creating trouble enough in South Africa, and seeing that the British ministry has now refused to veto the Natal Act, it is difficult to see how the Dominion ministry can veto it in British Columbia.'
