## Another **Improvement**

Ald. Cameron Moves to Have Old Sidewalk on Government Street Removed.

Residence to Be Built For the work at present. Caretaker at the Pumping Station.

Ald. Cameron has taken the initiative walk situated between Courtney and ed the payment of accounts totalling Humboldt on Government street, which \$1,395. The sum included an item of has been long an eye-sore, and particularly so since that portion of the city on Horseshoe Bay. The requisition for cil last evening that a committee be delehas been improved. He moved in coungated to wait on the property owners along the street with a view to having the old walk replaced if possible with a quest, and he had not been able to see all his fellow park committeemen prior commendable, especially now, in view to the meeting. A great number were and since then has only seen civilization of the approaching visit of their Royal now going into the bay, and complaints Highnesses. The motion was supported by Ald. Williams and met with the ap-proval of all his fellow aldermen. The mayor named as a committee the mover, seconder and Ald. Brydon. When the struck from the a subject was brought up Ald. Beckwith for consideration. again drew the attention of the council to the shacks on Johnston street and a number of the other aldermen had something uncomplimentary to say about the old buildings facing the property which

it is now proposed to improve.

G. H. Barnard complained of the bad condition of a drain on Belcher street, and asked that some steps be taken to abate the nuisance. The communication, on motion of Ald. Williams, was received and referred to the city engineer and sanitary inspector for report, the city Ross Bay cemetery, where they engineer explaining that the evil could spend out an hour's time decorating the readily removed, as the work the graves of their departed brethren. not be readily removed, as the work

would involve considerable blasting. E. P. Johnston, of the committee of victoria on a more or less extensive management of the James Bay Athletic scale for many years, and is held by the Association, asked for permission to societies for the purpose of showing erect a large arch in front of the club their respect and doing honor to the Duke and Duchess of York to this city. a better way than by turning out in request was granted, providing that body as a lodge and decorating the the arch be erected according to the sup- graves. ervision of the city engineer.

## First From **Omineca**

Mining Operations in That District Retarded on Account of Snow and Frest.

E. C. Harrington, Who Wintered In the Lonely North, Arrives in City.

The first arrival from the Omineca country this season was E. C. Harrington who came down on the Princes Louise on Sunday last, after a hard and

tedious trip from the interior. Mr. Harrington has now spent nearly three years in that country, and his opinion of it is of a very roseate nature He left Victoria, having come from California on the 15th of February, 1898,

He was one of about four people who wintered it in that district this year, and W. G. Stevenson and others regarding at \$8,500. The land stands as as all were separated by so great a distance that it was very seldom they saw each other. Mr. Harrington says in fact that the only person he conversed with the whole winter was a Chinaman whom he visited occasionally. To make these visits he had to walk a long distance over snow 8 feet deep with heavy third. \$5. snowshoes. In spite of this, however he often made the trip simply for the sake of a short talk with the Chinaman, the country was something very de-

On first going into the district he went to Tom creek over which at that time there was quite an excitement. He then visited Manson creek, where the hydraulic properties are. He worked Mining Co, This company, he says, have very good prospects. On account of the frost and snow the company had not started work this year when he left.

The gambling microbe has intruded its insidious presence at the Mt. Sicker mining camp.
