WARM TRIBUTE TO GOOD MANAGEMENT

AUDITOR REPORTS ON RECENT EXHIBITION

Deficit This Year is Comparatively Insignificant, Showing the Results of a System.

No more forcible tribute to the efficient and economical management of the recent agricultural and industrial exhibition could be desired than the appended report of the auditor, C. S. Baxter...

Victoria, Nov. 9th, 1903. His Worship the Mayor City of Victoria: Sir.—I beg to hand you herewith balance sheet showing the receipts and expenditures in connection with the B. C. Agricultural Exhibition of 1903.

In addition to these extra expenditures it was found necessary to build horse stalls and re-floor some of the pig pens. These amounts properly belong to permanent improvements, but as the expenditure was made on the driving park, which is outside the property of the association, they could not be classed as such, although of a permanent nature.

It will be noticed on comparison with last year's accounts that the expenditure for 1903 was \$2,819.00 less than for the previous year, due to a large extent to careful and economic management, although the expenditure for repairs and maintenance for 1902 was about \$3,000 more than for 1901.

I have much pleasure in stating that the secretary has adopted a most admirable system of keeping the accounts, and his book shows in a full and yet concise manner a complete record of the whole of the transactions in connection with the exhibition, and the records so established will furnish a valuable data for guidance and comparison in the future.

The detailed financial statement follows: Receipts: Membership fees \$ 513 00 Subscriptions—Provincial government, \$3,000 00 Citizens, 1,585 30

Expenditures: Repairs and Maintenance \$ 138 34 Salaries 855 00 Miscellaneous Expenses 272 05 Wages 405 75 Sundries 678 70

Balance \$12,324 00 Total \$12,988 22

Sports and Attractions Department—

Table with 2 columns: Item and Amount. Includes Wages, Meats, Judges, Total running expenses, Improvements, District exhibit, New horse stalls, Chattels and effects, Medals on hand, 1902 accounts, Electric light, 1903 accounts.

VANCOUVER BYE-ELECTION Will Be Held One Week From Wednesday.

The government has decided upon the date of the bye-election in Vancouver city. The writ was issued on Friday, though different members of the government...

Under ordinary circumstances the new Attorney-General will have no difficulty in carrying the seat. With conditions as they exist and the parties so evenly balanced in the House, there is little doubt that a Liberal will easily be returned from Vancouver instead of Hon. Charles Wilson, K. C.

Work has commenced on the erection of the Hunter V. tramway, which will run from the property of the Standard Development Syndicate to the Nelson & Port Sheppard tracks below the town.

PROVINCIAL NEWS.

GRAND FORKS.

Two new furnaces at the Granby smelter were blown in on Wednesday. This makes a total of six now working, and increases the treatment capacity of the plant to 2,100 daily, thus making the Granby the largest copper smelter in Canada.

In reply to a communication asking for a station on the C. P. R. line below the town a letter has been received saying that no steps will be taken in the matter this fall.

A large force of carpenters are busy on the erection of the twenty-five cottages for the coal company. Some of the houses are already well under way, and an effort will be made to complete them all before winter.

The mining industry of the Boundary never looked so well as at the present moment. General activity prevails everywhere and the call for more good miners continues.

At the Emma and Oro Denora a large force of men is employed. About 100 men are at work on these properties with the prospect of the number being doubled by New Year.

Across the valley from hillside to hillside and skirting the city limits on the north lie three properties, side by side, destined to make Greenwood better known to the Province, the Elkhorn, the Gold Bug.

Work has commenced on the erection of the Hunter V. tramway, which will run from the property of the Standard Development Syndicate to the Nelson & Port Sheppard tracks below the town.

KAMLOOPS.

The death occurred on Wednesday at the Provincial Home of Joseph Schmidt, at the age of 78. Deceased was admitted into the Home in 1888, and had been 47 years British Columbia. He was well known by old Cariboo men, having worked as a tailor in that district. He was a native of France.

The series of fall meetings which were held by the Kamloops District Farmers' Institute, reported to have been exceedingly successful in point of attendance, and highly instructive in their nature.

The executive of the Provincial Mining Association of British Columbia will meet in Kamloops on Friday, November 13th. The local committee is making arrangements to entertain the visitors during their stay here.

A man named Kelly was drowned in the North Thompson river on Wednesday while engaged in stretching a cable across the river with the assistance of two Indians. They were on a raft or iron mask at the time of the accident.

The result of the inspection of the Ashanti Lands, is such that the citizens of Kamloops have every reason to look forward with confidence to the developments of the new months.

A correspondent writes to the Herald from Cranborne as follows: "In addition to the recent discoveries on the Gold Coast a new strike has been made in the vicinity of Mohawk creek, on the Silver Dollar. The new strike was made while assessment work was being done, and consists of a 9-foot ledge of massive white quartz carrying according to assays just made, a value of \$350 in gold to the ton.

The shifting of her deck-load to a terrific gale carried away the stanchions and opened seams in the deck. Heavy seas swept into the hold. After four hours of incessant labor, the thirty-six persons on board, who had suffered from constant drenching, were taken safely aboard the Titanian for San Francisco.

The timber suit brought by the United States against Senator W. A. Clark, involving timber lands in the Bitter Creek valley, Western Montana, to the value of \$2,000,000, has been settled by Judge Knowles, of the United States District court, in favor of the defendant. Judge Knowles finds that the defendant was guilty of irregular purchases of lands, and innocent of the illegal registration of the same, if such irregularity existed.

A German missionary from Damara-land reports that Lieut. Joubert, commandant at Warmbad, ordered the Bondelzwart to deliver up their rifles for registration. A deputation of the natives met the commandant to discuss the matter, and an altercation arose. The commandant, becoming incensed, shot the Bondelzwart chief, killing him. This led to a general attack by the natives, in which it is believed that 15 of the soldiers in the garrison were killed and that few escaped.

At the annual meeting of the Royal Agricultural and Industrial Society of British Columbia, the financial statement was presented by the manager as follows: Receipts—Subscriptions to prize list, \$525; subscriptions for special prizes, \$285; provincial grant, \$3,000; admissions, \$1,200; gate receipts, \$1,000; sundries, \$1,608.55; concerts, \$313.20; membership tickets, \$1,210; sundries, booths and privies, \$383.75; telephone tolls, \$5.25; membership, \$1,002.88; subscriptions for attractions, \$2,000.75; total, \$17,430.75. Expenditures—Prizes, \$7,024.63; district exhibits, \$12.71; baby show, \$10; printing and advertising, \$907.25; office expenses and maintenance, \$449.81; exhibition expenses, \$1,454.92—salaries, \$829.99; miscellaneous expenses, \$209.55; attractions, \$5,081.42; buildings, \$40.60; total, \$17,514.58.

PROVINCIAL NEWS.

ROSSLAND.

The invitation by St. Andrew's church to Rev. Jos. McNeill to assume the local pastorate has been duly approved by the synod of the district and forwarded to Mr. McNeill. His reply is not yet to hand, but should be forthcoming in a day or two.

Rossland boasts the first women's club organized in eastern British Columbia, says the Miner. "On Monday the Current Events Club of the Golden City was successfully launched, and the ladies believe it will have a most popular and successful institution. The Current Events Club will be literary in its aims and work. As its name signifies, the regular meetings will be devoted to the consideration of topics of the front literature, and this can be enlarged to include a wide range of subjects, inasmuch as current comment on affairs of every description may be properly discussed before the organization. At the organization meeting the following officers were elected: Mrs. John A. Cleland, honorary president; Mrs. Denison, president; Mrs. Thomas Burns, vice-president; Mrs. R. A. Laird, secretary; Miss Milligan, secretary-treasurer.

The sixth annual convention of the Associated Boards of Trade of Eastern British Columbia will meet at Rossland on Wednesday, December 2nd. The boards entitled to be represented at this meeting are those of Nelson, Kaslo, Rossland, Moyie, Grand Forks, Port Street, Columbia, Trail, Greenwood, Phoenix, Vernon, Cranbrook, Fernie and Kamloops, and any other boards of trade within the districts of Kootenay, Yale and Cariboo, and that has been duly registered under the Dominion Board of Trade Act, and that may make application for membership. Resolutions proposed for discussion at the convention must be in the hands of the secretary at least twenty days prior to the date of the meeting.

Some amendments to the Trades License By-Law are under way in the city council to bring the ordinance into line with the present statutory amendments. The auctioneer's license will be \$10 half-yearly instead of \$50, as formerly, and insurance corporations, other than fire, will be taxed for transacting business in the city. Trades are classified as including all who refuse to give security for the license in the trade follows.

Fire Chief Guthrie gave an account of his stewardship for the past ten months at the last meeting of the city council. Among the data given was the following: Box alarms, 28; telephone alarms, 1; still alarms, 2; total, 31. Mayor Dean sent in ten test alarms, six were answered, four were not. On Tuesday two were caused by matches, two by queen stoves, one by a lamp, one by defective pipe, one by a cigarette and in three cases the causes were unknown. The incendiary fires, placed on the same night within a couple of hours. The estimated damage at all the fires for the year was \$6,000, with \$3,500 insurance. The fire protection system has been improved by the addition of a new telegraph alarm box, making a total of twenty-three now in use.

Among the incidents of last week in the Rossland camp was the intimation that the O. K. mine would probably resume operations at an early date. The property has produced much Bonanza free gold ore in the past and possesses a stamp mill now under lease to the lessee of the O. K. mine. Work is being done on the Le Roi No. 2 mill operated continuously and successfully throughout the week, producing about 50 tons of high grade concentrates from ore that would not otherwise be available. Efforts are being made to secure a remission of the duty of five cents per gallon on the heavy petroleum used in milling. The oil is not produced in Canada, and a similar remission was granted by the federal government in the matter of oil for agricultural machinery. Excellent progress is being made with the War Eagle-Centre Star concentrator sent by Trail. Over 100 men are employed in and about the works. The shipments of ore for the week and year to date were as follows: Le Roi, 5,520; Centre Star, 1,470; War Eagle, 1,170; Le Roi No. 2, 630; Le Roi No. 2 (milled), 50; Le Roi No. 2 (milled), 50; Le Roi No. 2 (milled), 50; Le Roi No. 2 (milled), 50; total for year to date, 340,220 tons.

A painful accident occurred to W. H. Mackie, the well-known logger, a few days ago. A wire cable used for hauling logs broke suddenly and struck him on the ribs. He is progressing favorably towards recovery.

A small frame house, situated at the corner of Haro and Broughton streets, was burned to the ground on Saturday. Passers-by in the vicinity of the house were startled by a loud explosion and a moment later the roof was blown off and the whole building was in one mass of flames. A small dog, evidently locked up in the building, was killed in the explosion. Soon after the alarm had been turned in, the owner of the house appeared on the scene, but he could not enlighten anyone on the origin of the fire. The place had been unoccupied for the past six months, and of late had been used for storing tools, etc. When the owner was there on Friday he locked the dog up to keep it from straying away, and intended releasing it on Saturday afternoon.

A logger narrowly escaped death the other night, providentially only sustaining a fractured ankle. He was, it is supposed, lying asleep partly on the C. P. R. track when an approaching freight train awoke him to a sense of his danger, and he was unable, however, to escape without incurring injury above stated.

C. B. Sword, Dominion fisheries inspector, was in the city on Friday on business connected with the shipment of salmon ova to the hatchery at Sechart. The shipment was in charge of D. S. Mitchell. Mr. Sword stated that while there had not been many fish at the interior spawning grounds last season, they had been plentiful. However, it is expected to be selected to let free at 10,000,000 fry next season. This number is greatly
