Word was received by the Robert Reford Company here yesterday to the effect that the steamer Cairnagar had been wrecked near Canso, N. S.

H. S. Schofield of the Robert Reford Company left immediately for Canso to look after the steamer for the owners.

The following dispatch was received by The Sun from Canso last night:

After feeling her way from Boston through fog which has enveloped the coast for a week past, the fine steel steamer Cairnagar of Newcastle, England, struck on Scoring Rocks, Dover Island, eight miles west of Canso, today.

With all possible dispatch boats were launched and provisioned, as the ship began to fill forward at once, and when daylight broke boats were able to land in sheltered places on Dover Island, where they still are awaiting the effect of another tide upon their ship.

At the break of day the wrecked steamer and crew were discovered by fishermen, who lent every assistance in their power. As soon as the news of the disaster reached Canso the gov-

ernment steamer thirty-three was despatched to the scene of the wreck. She was unable to get near the wreck, but was able to land on the sheltered side of the island and convey offers of assistance to Capt. Hyslop and crew.

Capt. Hyslop refused to leave the scene of the wreck, and hopes that the sea may moderate with the prevailing west wind to enable them to get on board again and perhaps save some more of their effects. That no lives were lost is fortunate.

The rock where the Cairnagar struck is one of the most exposed on the coast and breakers were today thirty feet or more over the ship's bow. Should the steamer survive the pounding of the seas throughout tonight, it is possible she may remain unbroken for some days as the sea is now moderating fast.

The forward holds and engine room are full of water, but the stern seems to be afloat.

The Cairnagar was bound to Bathurst, N. B., to load. She is a fine steel steamer of 2022 tons, built at Newcastle in 1892 and owned by Messrs. Cairns, Noble & Young, of that place.
