TO CHANGE LIGHT ON BOSTON LIGHT VESSEL.

Boston, Mass., Feb. 11.—The proposition to change the lights on Boston light vessel with the idea of making their range of visibility, materially greater, as mentioned in the Chamber of Commerce News of Dec. 30, is still under consideration by the committee on maritime affairs. From the suggestions as to the best types of lights to be used on this vessel that have reached the committee to date, the consensus of opinion seems to be that a powerful white light, with a quick flash on one mast and a powerful fixed red light on the other mast would prove the most efficient. The committee is still desirous of receiving the opinion of any who are interested in this matter.

Stmr Romford reports Jan 18, lat 37 ing in co 50 N; lon 74 50 W, saw a heavy low of a cond er mast painted yellow.

Stmr Lake Erie reports Jan 25, lat
47 57 N; lon 40 42 W, saw a spar or
log about 21 feet long.

SCHR. ASHORE ON BUSH LEDGE.
