Under the training of Robinson, who was a famous backstop in his day, Otto Miller has developed into a finished catcher for the Brooklyn Nationals.

In Fischer, McCarthy and Miller the Dodgers have as even a receiving staff as any team in the league. They are all equally good in the fielding and batting end of the game and there is little to choose between them, except that Miller has had a little more experience.

THIS DATE IN RING ANNALS

1894—Peter Maher knocked out Frank Craig in 2nd round at Boston. Craig, known as "the Harlem Coffee Cooler," began his ring career in 1891 and stayed in the game for over 20 years. In his prime he was a star among the middleweights, but he wasn't quite good enough in those days to cop the title. After his defeat by the big Irishman, Craig went over to England and knocked out all comers until he went up against Frank Slavin, the Australian, who sent Craig down for the count in the first round. He was then defeated in 20 rounds by another Australian, Dan Creedon, and in 1897 Dick O'Brien knocked him out. Craig returned to America in 1899 and was matched with Tommy Ryan, but the Syracuse man defeated him. After that Craig began to decline, and he lost successively to Jack Root, Tommy West, George Gardiner, Philadelphia Jack O'Brien, Denver Ed Martin and Jack Palmer.

1898—Gus Ruhlin knocked out Jack McCormick in 8th round at Brooklyn.

1900—Terry McGovern knocked out Frank Erne in 3rd round at New York.

CHAMPIONSHIP FLAG RAISED

Philadelphia, July 15—While thunder endeavored to drown out the music of two bands the world championship flag which the Philadelphia Americans won last fall was raised at Shibe Park this afternoon. Through miniature lakes and ankle deep mud the visiting St. Louis Americans and the champion Athletics paraded the field and during a momentary let up in the almost continuous thunderstorms which fell all day the pennant was hoisted to the top of the pole.

Both games of the double header scheduled for today were postponed.

FREDERICTON HORSE SETS NEW RECORD

Caribou, Me., July 15—James K Newbro, the Fredericton entry from Tommy Raymond's stable, set a track record here yesterday afternoon when he paced the first heat of the 2.13 trot and pace in 2.14.

The first heat of this race started what proved the greatest afternoon's racing ever seen on a half mile track in Maine, if not on any half mile ring in the country. James K Newbro won his race in three straight heats, with Dimple K second and Lady Wilkes third. The grey gelding went a great race for Raymond and by his fast heat reduced the track record from 2.15 1-4 to 2.14.

Another Fredricton horse copped first money here yesterday. Hard Luck, the pacer recently purchased from Ira Carpenter by H. J. Morgan of Fredericton, winning the 2.22 trot and pace. The fastest heat in this race was 2.16 1-4, reducing Hard Luck's record of 2.24 1-4.

In the 2.30 trot and pace Wedgerite, owned by Percy Smith of Brighton, was the winner with the best time 2.15 1-4. This was a great race and like the other two provided some excitement in every heat. Charlie Again won second money and Leila Burns, the Fredericton entry from Bill Sharen's stable, was third, with Dean Patch fourth. The form shown by Leila Burns was one of the features of the day from a Fredericton standpoint, the Fredericton grey mare being right up with the winner every heat.

JUNIOR BALL.

The Every Day Club team defeated the Clipers in the old ship yard last evening by a score of 14 to 2.

This evening the Every Day Club will play the Young Victorias.

SENT TO DRESSING ROOM.

Boston, July 15.—Eight local American players were sent from the dugout to the dressing room today by Umpire Connolly for uncomplimentary remarks about the Cleveland players who were their opponents in today's game.

ARBITRATION

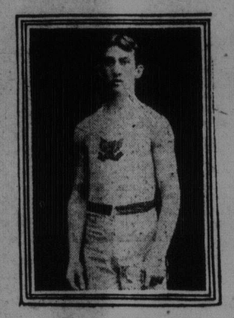
Ottawa, July 14—A board of arbitration has been appointed in the dispute between the Dominion Iron and Steel Company and its electrical workers. Rev. Dr. McMillan of Halifax is chairman of the board; Mr. A. W. Chase of Wolfville, N. S., represents the company, and Dr. A. S. Kendall of Sydney, the men.

CANAL TONNAGE.

Ottawa, July 14.—Canadian canal tonnage up to July 1 of this year amounts to 11,997,891 which is a comparative decline of nearly four million tons. The figures for the same period of last year having been 15,783,093 tons. Most of the decline was at the Soo on account of less iron ore carriage.

Harry Coveleskie has put himself on the big league map for the second time, and this time very decidedly. His good work is doing much to help Detroit along in the American League.

AMERICAN ATHLETE WHO IS TO TRAIN HUNGARIANS FOR THE OLYMPIC GAMES



Lawson Robertson.

Lawson Robertson, well known athletic trainer, of America, has been selected to train Hungarian athletes for the World's Olympic Games which are to be held in 1920.

SMITH AND CARPENTIER FIGHT TONIGHT

London, July 15—Boxing experts here tonight display a remarkable even division of opinion as to the chances of Gunboat Smith, the American heavyweight, and Georges Carpentier, the French heavyweight champion, in their twenty-round match to be fought at Olympia tomorrow night. The betting odds today were perhaps a shade in favor of the Frenchman, but this probably is due to the enthusiasm of his countrymen of whom a huge contingent have crossed the English channel to support their hero. They brought with them a great deal of money to back their compatriot whom they describe as a "fighting boxer," while they call Smith a "boxing fighter," and they contend that science is bound to defeat the trans-Atlantic punch.

Interest in the contest is enormous and the attendance promises to create a record for this country. Fired by the example of the Rev. John Boudier, who acted as master of ceremonies at the Welsh-Ritchie match, and by that of Rev. Everard Digby, who occupied a similar position at the Wells-Bell match, many clergymen have secured seats at the arena and are said to intend to bring their wives with them.

SHAMROCK READY TO SAIL FROM ENGLAND

Gosport, Eng., July 15.—Everything is ready for the departure on July 18 for the United States, of Shamrock IV., Sir Thomas Lipton's challenger for the America's cup. Her compasses have been adjusted, her ketch rig fitted and the steam yacht Erin, also belonging to Sir Thomas Lipton, is waiting to convoy her across the Atlantic.

"Shamrock IV. has done all that has been asked of her," is the final word of Charles E. Nicholson, the designer. He admits, however, that the trial boat was in no way satisfactory as the type of opponent which would enable yachtsmen accurately to gauge Shamrock IV.'s chances of lifting the America's cup.

Underwriters at Lloyds are not so optimistic as Mr. Nicholson concerning Shamrock IV.'s chances. Their estimate today was roughly 3 to 1 against the challenger. In other words, they are issuing policies at a premium of 35 per cent. to pay the total loss if Shamrock IV. should prove successful. A similar risk in connection with an aeroplane flight across the Atlantic during the present year, is being covered at 8 per cent.

The crew of Shamrock IV., numbering more than 30 men, is to be divided during the voyage across, half of the sailors' luxuriating on board the Erin, as far as the Azores, and then relieving their shipmates for the remainder of the journey.

ABANDONED ATTEMPT TO SWIM CHANNEL

Boulogne, July 15—Jabez Wolffe, English amateur long distance swimmer, was forced by a rising wind and sea to abandon his attempt to swim across the English channel today. It was his tenth attempt to swim across. He entered the water at four o'clock in the morning at Cape Grisnez and had reached mid-channel at five minutes past ten. A carrier pigeon sent up by his companions brought the information here that Wolffe was then swimming strongly. The only two swimmers who have ever crossed the channel, were Capt. Matthew Webb, in 1875, and William T. Burgess in 1911.

RACE FOR MOONEY CUP YESTERDAY

Three motor boats, the Feeama, Senator II., and Skidoo raced last evening, and the trio went over the course in the above order. There was a large crowd of spectators at Indiantown to witness the race, which proved interesting. The handicaps had not been made out by the officials last night and the corrected time was not given. The race was for the Mooney cup. The start, finish and elapsed time follows:

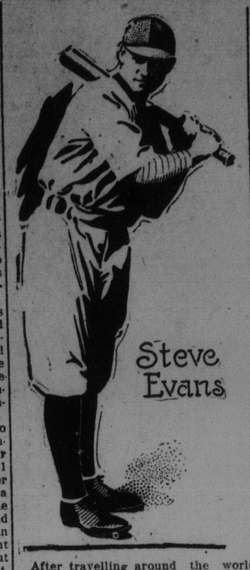
Anniversary of Longest Ring Battle in England.

In the early days of boxing in England, the birthplace of the manly art, the fight fans were disgruntled and peevish and considered that they hadn't received a good run for their money at any bout that lasted less than two or three hours. Many contests went much longer than that, but the champion long-distance event of the British ring was that between Mike Madden and Bill Hayes, which was pulled off at Edenbridge sixty-five years ago, come tomorrow, July 17, 1849. The contest ended with a victory for Madden after six hours and three minutes of earnest scrapping. Madden was also the hero of the second longest battle in English ring annals, at Waking in 1848. His opponent was Jack Grant, and they fought five hours and forty-five minutes, quitting only when it was too dark to see. Mike also had the best of this encounter.

Both of these contests have been exceeded in duration by two glove fights on this side of the Atlantic. Andy Bowen and J. Burke beat all records in 1893 when they fought a draw in seven hours and nineteen minutes at New Orleans. In 1890 Danny Needham and Patsy Kerigan scrapped for six hours and thirty-nine minutes at San Francisco. In 1892, at Nameski, Ill., Harry Sharpe put away Frank Crosby in five hours and eight minutes. "Prussian" Sheriff and J. Welch fought five hours and four minutes at Philadelphia in 1884.

Australia was the scene of the longest battle with the raw 'uns, back in 1885, when Jim Kelly triumphed over Jonathan Smith in six hours and fifteen minutes—twelve minutes longer than the Madden-Hayes contest. Kelly died in Red Bank, N. J., only last month. He was in his ninety-second year, and was the oldest living pugilist. Kelly learned the boxing game in England, where he was born, and then went to Australia, where he won the heavyweight title in 1847. He quit the ring soon after his memorable bout with Smith, and came to America, settling in New Jersey. While America holds the long-distance record for glove contests, the longest of the bare-knuckle bouts on this continent lasted only four hours and twenty minutes. J. Fitzpatrick and Jim O'Neil were the combatants, and the fight was held at Berwick, Me. The largest number of rounds ever fought in England was 276, between Jack Jones and Patsy Tunney in 1825, while the American record is 152 rounds, hung up at Port Abino, Canada, in 1857 by Dominick Bradley and S. Rankin.



After travelling around the world Steve Evans hastened to sign up with the Federals in Brooklyn. His decision may have been hastened by the report that Miller Huggins, of the St. Louis Cards, was going to send him back to the minors.

Records for the first month of the Federal League show Evans with a batting average over .400. Even though the Feds may not be as fast as the other two big leagues this is a remarkable average.

NELSON TO FORE AGAIN.

Battle Creek, Mich., July 15.—Battling Nelson has practically decided to challenge Freddie Welsh for his newly earned lightweight title. He starts training tomorrow in this city to reduce his weight, and the challenge is likely to follow this week, despite Bat's previous "retirement."

"I know Welsh's style," he said today. "I could tire him out in a long fight, and lick him without knocking him out if I choose. He is not at all aggressive and his blows wouldn't knock out any fighter of experience. He is a nice boxer, that's all."

WOLCOTT FIGHTS TONIGHT.

It looks like the old days to hear that Joe Walcott is going to be in the ring. He is booked for a bout in New York tonight. While the sports would like to see Walcott get along, they figure it is a shame to put him in the ring again unless against such fellows as Bob Lee or Battling McAdams.

PENN CREW GOING TO CANADA.

St. Catherines, Ont., July 15.—Word was received today that the University of Pennsylvania will this year have an entry in the senior eights at the Canadian Association of Oarsmen regretta, which will open here July 31 and continue till August 1.

MONTICELLO DEFEATED WOODSTOCK

Special to The Standard

Woodstock, July 15—After a lively pitching duel between Ralph Good, formerly of the Boston Nationals and Trixy Clark, the Monticello team won a fast game of ball on Connell Park here this afternoon by a score of four to two.

There were but few hits made off each pitcher and the game was by far the best from all standpoints played here this season. As the Monticello team with Ralph Good in the box and three other brothers in the line-up, is considered the fastest team in Maine, the local players are well pleased with the showing.

The error column while not clean, was nearly so. The fact that the score was two to nothing at the end of the fourth inning shows that the stuff was there with the locals, but through lack of practice it could not be delivered. Hare did good backstopping for the visitors, and the short stop work of Nason of the same team was above reproach. A one-handed catch of a fly in deep left by Dow of Woodstock, was the star feature of the game.

The score by innings:

Monticello	000020200—4
Woodstock	011000000—3

Batteries—Monticello, Ralph Good and B. Hare; Woodstock, Clark and Mersereau.

Umpire, D. Martell.

O'HARA SUSPENDED.

Rochester, N. Y., July 15.—Left fielder O'Hara of Toronto was not in the line up at today's game having been suspended for insulting the manager of the team. He will be sold or traded.
