THE DISH THAT SATISFIES

Foods that please the palate are not always nourishing or satisfying. Shredded Wheat Biscuit with berries or other fruits is deliciously satisfying and nourishing. The crisp and tasty baked wheat holds the juices of fruit in their natural flavor—a dish for the Summer days when the appetite is fussy and the digestive powers are weak. Ready-cooked, ready-to-eat.

MADE IN CANADA

William Kitching, Special to The Standard.
East Florenceville, August 11.—The funeral of the late William Kitching, who died at his home on Maple street, on Saturday August 9, was held this afternoon. Rev. F. A. Wightman conducted the funeral service after which the Masonic brothers held a short service and then proceeded with the

remains to the C. P. R. station. The body was taken by the afternoon express to his old home at Rolling Dam where interment was made. Mr. Albert Moore and Mrs. Lorne Boyer accompanied the remains. Mr. Kitching was well known at West Junction and St. Stephen, where he was for many years in the employ of the C. P. R. Deceased was 78 years of age.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY

Mrs. H. Hornbeam Heard From Again

Admires Mr. Veniot Making a Speech—Reminds Her of Hiram Making Stump Speech With Same Old Line of Talk.

"I do admire to watch Hon. Mr. Veniot making a speech," said Mrs. Hornbeam. "He beats the air with such stances; he draws water with such enthusiasm. Such a manner of earnestness, anybody would believe he was saying what he meant and knew what he thought he meant. Watching and listening to Mr. Veniot carries me back to the days of my youth when Hiram was universally admitted to be the best stump speaker in the settlement. Same old arguments, same old stories—same old stale jokes—same old Don Quixote, windmill style."

"Mr. Veniot made a speech at the convention, and by the way the delegates applauded I should judge the Liberals don't learn much in this world, though I suppose there is hope for them in the next. 'Tis a pity it was not better reported in the Times—it would have tickled Hiram. But the press men there looked intelligent. They sat in front of the platform and Mr. Veniot stood over them and belittled. I am afraid he thought they were political skeptics and thought to convert them to the true faith. In his earnestness he tried to baptize them; he knocked the water jug off the speaker's table on to the press men. I reckon the press men don't like water. Anyway their reports did not do justice to the lofty eloquence and righteous indignation of Mr. Veniot's tremendous oration on the tariff."

"Never did the tariff get such a drubbing. Never were the inequities of its horrid career more terribly exposed. His wickedness was painted in such dreadful colors that sometimes I almost felt sorry for the poor thing, though generally I haven't any sympathy with the hussle."

"Ain't it great," said a lady delegate who weighed 300 pounds from Ontario. "But don't Mr. Fielding look sad?"

"I don't wonder," said St. John delegate. "It's the Fielding tariff that Mr. Veniot is giving 'em."

Common Council Met In Committee

Better Water and Sewerage Service for the Residents of Lancaster Was Discussed—Other Business Transacted.

Better water and sewerage service for the residents of the Parish of Lancaster was the main theme before the city council at the committee meeting yesterday morning. A delegation composed of J. M. Queen, Councilor John O'Brien, H. Mont Jones, Fred Henderson, George Armstrong, Thomas Armstrong, Dr. J. H. Barton, Dr. J. V. Anglin and James McMurray was present. After the delegation had placed their views on the matter before the council, Commissioner Jones expressed himself as favorable to the extension of the 36-inch main to Spruce Lake at an estimated cost of \$300,000 but no definite action was taken.

Commissioner Thornton suggested the offering of a reward of \$100 for the conviction of persons turning in false alarms but no action was taken. Tenders for new heating system for city hall were opened. They were as follows:

J. H. Duddy, \$7,100, or for the alternate plan, \$5,978.
R. A. Fitzgerald, \$6,925 and \$5,900.
J. W. Carter, \$6,600.

The tenders were referred to the commissioner of safety and city engineer to report.

Tenders for a new chimney for city hall, to supply adequate draft, were as follows:
James Sprout, \$530.
B. Mooney and Sons, \$711.
John Flood and Son, \$1,175.
F. H. Burley, \$80.
F. K. Mulliday, \$1,070.
H. O. Clark, \$57.

These tenders also were referred to the commissioner of safety.

Tenders for 1,200 feet of nine-inch and 800 feet of twelve-inch terra cotta sewer pipe for Hawthorne avenue were opened. They were as follows:

Jas. Robertson Co., Ltd., \$33.75 \$52.10
T. McAvity & Sons, Ltd., \$33.00 \$52.50
Gandy and Allison, \$35.00 \$55.00

On motion of Mr. Jones, the tender of Jas. Robertson Co., Ltd., for twelve-inch and T. McAvity and Sons, Ltd., for nine-inch pipe were accepted.

ANNUAL PICNIC HELD ON SATURDAY

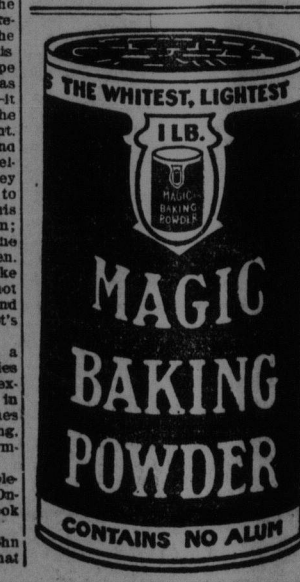

Staff of Townshend Piano Company Had Enjoyable Time at Log Cabin Fishing Club—Programme and Supper.

The staff of the C. H. Townshend Piano Co., Limited, held their annual picnic on the grounds of the Log Cabin Fishing Club, Loch Lomond. The picnicers, numbering twenty-two, assembled at the store of the above firm, shortly after one o'clock Saturday, where three touring cars and one large truck were in readiness to convey the party to the grounds. Upon arrival a series of sports were conducted, including racing, high jumping, hurdle races, ring toss, bean boards, ball boards, etc., for which suitable prizes were rewarded. The winners being: Ladies' race, Miss McQuinn, Miss Thompson, with Miss Bowes and Miss Speight as ties for second; the fat men's race, in which Mr. C. H. Townshend and Mr. W. A. Johnson were the competitors, was won by Mr. Johnson; large ring toss, Mrs. Johnson; small ring toss, Mrs. Burdell; the baseball board, Mr. Ross; bean board, Miss Bowes; high jumping, Lee Saunders; young men's race, Lee Saunders and Sydney Townshend.

The most interesting feature of the evening's entertainment was the award of the prizes, for which very appropriate rewards were offered, particularly the trophy prizes, which we would like to publish, but feeling that the winners would be embarrassed we shall have to refrain from doing so. However, we may mention that these prizes were won by Mrs. Harper, Mr. Harper and Miss Speight. After a bounteous supper was served in the evening, followed by ice cream, fruit and soft drinks, a large number of the party took to the boats on the lake for a row. Returning from same a programme of old fashioned dances were carried out, the programme being brought to a close by the singing of old songs, Miss Sinclair acting as artist for the evening.

The entire staff are of one accord in proclaiming the picnic one of the finest ever attended, and are ever already looking forward to the next one.

The success of the sporting feat was due to the efforts of Mr. P. E. Townshend and Mr. T. E. Burdell.

Mrs. George Pierce Says Her Efforts Failed Completely

St. John Woman Tried for Two Years to Find Relief—Praises Tanlac.

"By the time my third bottle of Tanlac was gone, all my troubles were gone, too," said Mrs. George A. Pierce, who lives at 2 Moore street, St. John, while talking to a Tanlac representative the other day.

"I suffered terribly from rheumatism," continued Mrs. Pierce, "and ever since I had my first attack of it two years ago, I have been trying to find something to overcome it, but my efforts failed completely until I got Tanlac. Sometimes my arm and fingers would be swollen to almost twice natural size. All my joints would swell so bad and get so stiff and sore that when I tried to walk the pain would be so severe that I would almost faint. After lying down for a while, I would have to have something to pull up by. I was certainly in a bad fix, and nobody will ever know how much I suffered."

"My son had heard so many people talking about Tanlac, and the good it had done them, that he persuaded me to give it a trial. Well, I must say that it is the best medicine I ever saw in my life, and since taking three bottles of it, I am rid of those awful pains from rheumatism, and am so well and strong in every way that I can do all my household work with perfect ease. All the swelling has gone from my joints, and I can walk around as well as I ever could. I am glad to recommend Tanlac to everybody, and as long as I live I will praise the wonder medicine for the great good it has done me."

Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

F. W. Walker Joins Contracting Firm

McGill Graduate of Wide Experience Will Be Associated With E. R. Reid and E. M. Archibald of This City.

Engineers and Contractors, Limited, announce that F. W. Walker is joining their organization. Mr. Walker has had large experience in Building Construction. He is a graduate of McGill in Mechanical and Electrical Engineering, and has been in charge of numerous large Power and Engineering Construction Work. For four years he was Chief Engineer in Canada for Babcock & Wilcox, Ltd., in designing and installation of Power Plants. He designed and supervised construction of the National Transcontinental Railway Five Million Dollar Shops at Winnipeg, and since then has been actively engaged in general contracting and construction work in all parts of Canada. Engineers and Contractors, Limited, have been located in this city for the past four or five years. They have made a specialty of Bridge and General Foundation Work, their equipment including a complete Pneumatic Plant for the securing of Foundations under Air Pressure.

The members of the firm are E. R. Reid and E. M. Archibald. Mr. Reid has been well known in general contracting work in the Maritime Provinces for the past fifteen years, and some six years took in Mr. Archibald, who is a graduate of McGill in Mechanical and Electrical Engineering. For some years he was Engineer in charge of work for the Canada Iron Corporation, and has had large experience in general contracting work throughout Canada.

This firm believe that the next few years is going to witness a large expansion in building lines and are preparing to handle their share of work offering.

Beloved Priest Died Yesterday

Rev. Francis Joseph McMurray, Pastor of St. John the Baptist Church, Succumbed—Was Taken Ill on Tuesday Last.

The death of Rev. Francis Joseph McMurray, which took place early yesterday morning at the infirmary, removed from active life one of the best known and well beloved priests in the city and province. Father McMurray was stricken with paralysis at the Bishop's picnic on Tuesday last and failed to rally from the effects of the stroke.

He was a son of the late Lawrence and Catherine McMurray of North End and received his early education in this city. Later he attended St. Joseph's College and the Grand Seminary, Montreal.

He was ordained priest at the Cathedral by Bishop Sweeney on January 25, 1895, and for fourteen years served there, for seven years as rector of the Cathedral parish. In September, 1905, he was transferred to St. Gertrude's church, Woodstock, where he served for twelve years. In 1915 he was appointed to St. John the Baptist church in this city in succession to Rev. W. F. Chapman, who was also his predecessor in Woodstock.

On January 25, 1914, he celebrated his silver jubilee as priest and on that occasion was presented with a purse of \$500 in twelve by six parishioners. He is survived by two brothers, John and Thomas, both of this city.

The funeral will take place on Wednesday morning following the Pontifical Mass of Requiem, starting at 9.30 o'clock, old time, at which His Lordship Bishop LeBlanc will pontificate. Rev. F. L. Carney, M. A., of Fredericton, will deliver the funeral oration, and a large attendance of priests is expected.

On Tuesday evening at 7.30 o'clock, old time, the body will be taken from the house to St. John the Baptist church, where a guard of honor will be in attendance throughout the night.

Fr. McMurray was in his 57th year.

INVITATION---

Visitors coming to St. John for the eventful Returned Soldiers' Day and the following day to welcome heartily

His Royal Highness The Prince of Wales

are cordially invited to visit any of our Three Stores and see what Canada is making in Fine Footwear.

For tired aching feet we have the Shoes or the Remedy to relieve. Our managers will welcome you.
