FIFTEEN HUNDRED VOTERS,

Liberal and Conservative, Want a Man to Represent St. John— Requisition to Hon. Mr. Blair.

TO THE HONORABLE ANDREW G. BLAIR, MINISTER OF RAILWAYS AND CANALS.

We, the undersigned electors of the City of St. John, being deeply interested in the future prosperity and progress of the city, and recognizing the important work which the present government, largely through your efforts and under your advice, has already done in the building of public works and for the advancement of the business of the port, feel that it would be but a just recognition of your important services in this direction if you were tendered the nomination for this city in the approaching election, and hereby respectfully request that you will allow yourself to be put in nomination. While your past services to the city have been such as to warrant us in feeling sure, that whatever constituency in the province you represent, our city will be able to regard you as its warm friend and advocate in the future, as you have proved yourself to be in the past, yet we feel it is very desirable that the chief commercial city of New Brunswick, in whose prosperity the whole province is so deeply interested, should be represented in the cabinet of the country by a minister animated not alone by a desire for the general prosperity of the Dominion, but determined as well to do everything within his power for the particular advancement of the city's interests.

Should you consent to stand for this city, we beg to assure you that it will afford us great pleasure to give you our heartiest support.
